TRUE watch fineness is a matter of workmanship and material—not of price, or of jewels, or of a gold case.

The fineness of the HOWARD watch is the fineness of intelligent design, of workmanship with a conscience behind it, of exquisite adjustment.

Every HOWARD is adjusted in its case, to heat, cold, vibration, change of position.

The price is fixed by the printed ticket attached at the factory—\$35.00 to \$150.00—and is never cut.

"When you buy a HOWARD you get something."

We are distributors for this distinctive watch.

RAILROAD NEWS.

Master Mechanic Niland spent Wednesday in town.

Master Mechanic Likert came up from Omaha Wednesday night and spent yesterday in town.

During the past ten days three additional crews have been placed in service west out of this terminal, making the number seventeen exclusive of the work train on the branch.

Supt. Anderson and Asst. Supt. McKeown came down from Cheyenne today and left this morning on a trip over the North River branch. They were accompanied by Frank Maryott who will open the station at Oshkosh and remain there for a time as agent.

Heavy rains last evening between here and Sidney caused two washouts on the Union Pacific, one near Ogalala, the other a few miles east of Sidney, the latter being the worst of the two. Traffic was delayed twelve hours, east bound trains running around by La Salle.

That freight traffic is heavy and is increasing is evidenced by the movements of trains out of this terminal. For the twenty-four hours ending at midnight last night twelve trains were sent west. While this is perhaps more than the average twenty-four hour record, it is not exceptional.

The transfer of the 200 class of engines to the hill districts and the substitution of the 1600 and 1900 classes has resulted in a decrease of twenty-five per cent in tonnage per train on the Third district. This to some extent accounts for the increase of train crews, although there is a noticeable increase in traffic.

Special.

The ladies auxiliary of the B. of L. F. and E. have leased the Crystal Theatre for Wednesday night, August 19th. There will be an extra reel of pictures besides the regular run of pictures and the program will be extra good on that night. The admission will be 10 cents to everybody.

Final Assessment Roll.

The state board of equalization has practically completed the assessment roll, and according to figures published in today's Bee the total assessed value in Lincoln county is \$4,607,155 as compared with \$3,607,464 last year, an increase of one million dollars. The figures are one-fifth the actual valuation, which exceeds \$23,000,000.

Don't Spend \$3.50 When Fifty Cents Will do the Work
Prof. W. M. Hayes, Asst. Secty. of Agriculture of the United States says about Stock Food: "These balanced rations are often found by analysis to consist of the tailings of mills, elevators and breweries, mixed with molasses and salt, to make the compound palatable to the cattle, and one of the largest Stock Food Companies is said to use fine sawdust, finely ground, to cheaply bring up the weight of his product, instead of buying a superior and expensive balanced ration containing high fattening qualities and acting as a tonic, he has paid a high price for a feed containing, along with ordinary grain, finely ground alfalfa hay and other common food stuffs, \$5.00 to \$25.00 per ton, a high percentage of refuse, and non-nutritious matter, some of which may be positively dangerous to the health of his stock."
Make your own stock foods and remedies by using Skidoo Horse and Cattle Tablets for horses, cattle, sheep, swine and fowls; proper dose in tablets. Mix in feed or salt. They contain no sawdust, ashes, chopped feed or bran. Ask for and try once Skidoo Condition Tablets or Skidoo Worm, Kidney, Chicken Cholera, Cathartic, Heave, Fever, Hog Cholera, Distemper, Pink Eye, Colic, White Plague Preventive, or Blister Tablets, or Louisa Killer, Spavin Remedy, or Barb Wire Lintiment.
