Real Rose Hat Pins

It does not seem possible, yet it is true, that these Hat Pins are made out of live roses, and changed into metal by a secret process. This discovery is without doubt one of the lost arts of the ancient Egyptians. They are the most beautiful of all Hat Pins. No two are alike. Made in finishes to conform to the prevailing fashions in millinery. Six sizes at the following prices:

\$1.50, \$2.00, \$2.50,
\$3.00, \$3.75, \$4.50

Everybody is talking about them. Don't fail to come in and see them. These are the genuine DELAMOTHE Real Rose Hat Pins.

Arrested for Fighting.
The porters of the Rebhausen and Carson and Landgrat barber shops got badly mixed up in a melee on Dewey street this morning and as a consequence both are now domiciled with Sheriff Miltonberger. For some time crap shooting has been indulged in rather promiscuously in this city and a number of our citizens have been taken in by one of these gentlemen of color. Last night the negroes got in the game themselves. One lost twenty dollars in the deal and the winner not being willing to liquidate the loser proceeded to do him up. A pocket knife was freely used in slashing his friend about the face and neck. Blood flowed freely and had not a large crowd gathered and separated them the fight might have resulted fatally. Deputy Sheriff Lowell was called and took both participants in custody. It is to be hoped this disgraceful affair may end crap shooting in this city.

An Open Letter to Voters.
Dear Sir:—I am a candidate for the office of State Senator from this district.

I want to give you a few reasons why you should vote for me and give me your support at the primaries Sept. 1st.

I am and always have been in sympathy with the progressive element in the Republican Party. I am not in favor of radical legislation on the one hand or the "dry rot" mis-called conservatism on the other.

I do not believe in giving any special favors, legislative or otherwise, to any person, company or corporation but I do believe in a square deal for all.

I heartily endorse the policies of President Roosevelt and Governor Sheldon and believe that the rate laws that were passed at the last legislature are good and should not be interfered with.

If elected I shall work especially for the best interests of the farmers and stockmen in Western Nebraska and for the State Experimental Farm in Lincoln County which I consider of vital importance to the agricultural interests of this part of the state. The State farm increases the value per acre of every farm in the western part of the state. The state farm will increase the yield per acre on every farm in the western part of the state where the farmer will take the trouble to follow the advice of its managers.

The State farm has done a great deal of good. It will do more. I believe that a branch of the State Agricultural College should be located on this farm so that the boys from the farms of Western Nebraska could learn, close to home, the scientific handling of the conditions with which they have to deal.

Respectfully
DR. D. T. QUIGLEY.
