The Parker Shows.

The Fireman's Tournament, which will formally open tomorrow, was in a way opened last night, when the doors of the Parker shows were thrown

Following a successful week in Sidney, where the highest of praises has been bestowed on them, the Parker shows arrived in North Platte Sunday turned Statistics at the shows were afternoon. As soon as the shows were unloaded from the trains the employes unloaded from the trains the employes were given a holiday until Monday morning, when the work of erecting the many shows was begun with a vim. One of the principal and the most important facts upon which The Parker Shows base their claim of being the finest and best carnival organization on the road, is its seal of cleanliness. The three promises made by the management is that the shows are good and first class, that there is nothing in any matter or form which would shock sense of morality of the most

Simon Fishman, chairman of the committee on arrangements of carnival, which was held in Sidney last week, in a personal letter to the management of the shows says: "Never in the history of Sidney has the people been satisfied and more pleased. The Parker Shows bear the distinguishing feature of being pure and wholesome all bearing a sear of cleanliness. They are all worth the money and the time required to witness their performance.
"As chairman of the committee having charge of the carnival I personally re-commend the shows to any city, should they desire a carnival company that lives up to its agreements, and one that carrys nothing but the best and clean-

est of shows. The shows have all been placed on Dewey and Front streets. "Tyrolean Alps", "Electric Theater" and "Hale's Tours' are situated at Fifth and Dewey streets. The "Pleasure Wheel" in which one is carried over fifty feet in the air, is located on Dewey street between Fifth and Sixth street. "Parker's Jumping Horse, Carry-us-all, the largest and finest in the country, and its \$10,000 military band organ is oppo-"Pharaoh's Daughter" at Sixth

and Dewey streets. and Dewey streets.

"Pharaoh's Daughter," is a beautiful electrical illusion. The famous serpentine and glass dances are also given in Platte in the earlier days, leaving here

tine and glass dances are also given in this, the feature show of the company. "The Natural Museum," is near Sixth street. Five of the largest snakes in captivity of the Ananconda specie of South America are exhibited. "How Old Is Ann" and the "Ocean Wave" is located at Front and Dewey streets.

Mr. Guilliaume, secretary of the tournament, is very optimistic in regard to the tournament and predicts one of the largest crowds ever seen in North Platte this week.

"Hip. Hip, Hooray!"

The above head line is the title of a musical comedy that comes to the new Lloyd opera house Friday evening, September 11th, with Rice and Cady as the chief dialect manglers, supported by a strong chorus of pretty girls who can sing and dance to perfection. Rice and Cady are German comedians of the front end variety, while Harry Shunk does the colored role. The play satirizes college life.

For Sale, lot 4, block 79, good five room house, electric lights and tele-phone, lawn, shade trees, cement side-walks. A nice home. Terms very reasonable. Price \$1,700.

Those who were ot whited upon by the committee and wish to contribute, can hand their do-nation to Mr. Weingand.

Will Extend Road Twenty Miles.

Foreman of construction Johnson, who has charge of the work on the North River branch, spent yesterday in town, and to The Tribune man stated that orders had been issued to lay the track twenty miles west of Oshkosh. This steel will be laid as soon as the necessary material arrives, and it is daily expected.

While orders have not yet been issued to extend the track to Northport, which is forty-five miles west of Osh-kosh, it is considered almost certain that the road will reach that point before snow flies. Graders are placing the roadbed in shape through to North port, and this is assurance that the line will be constructed to that point.

Western Outlet for Third Ward

A petition is now being circulated for signatures asking the county commis-sioners to open a road from the west end of Twelfth street, in the Third ward, through to the public road runof the Cody ranch land. This road will give the people of the Third ward a much needed outlet to the west. At present they are compelled to cross the tracks at the Willow street crossing and thence west on the south side Some time ago an effort was made to extend a road west from the end of Eighth street, but the damage allowed land owners by the commissioners

Former North Platter Wounded.

James S. Smith, a former North Platte resident, and a step-son of William Coleman, of this city, was badly wounded at Cheyenne last Friday night while attempting to flee from officers who sought his arrest on the charge of burglary.

For some time past stores in Cheyenne, as well as box cars in the railroad yards of that city, have been burglarized, and finalty suspicion fastened on Smith, and a search of his premises revealed about three thousand dollars worth of merchandise of every description. When confronted by the officers Smith tried to escape, and was shot twice, one bullet entering his arm, the other lodging in his groin.

For three years Smith had been em-ployed by the gas and electric light came familiar with houses and stores, which he would later enter and plunder.

County Supt. Ebright says that two-thirds of the rural schools of the county are scheduled to open next Monday. A few of these are still short of teachers, due in some measure to the nonacceptance by teachers after arrange-ments satisfactory to them and the board had been made. The schools are, however, more fully supplied with teachers this year than last, and as a result the work will open in a more satisfactory condition. Week after next Supt. Ebright will start out on a tour of inspection and will aim to visit each school in the county. He will start out Monday morning of each week and return Friday evening, thus giving him a chance to devote each Saturday to office work.

New French Cleaner.

H. R. Reese, of the North Platte Pantatorium, clothes cleaner and presser, has bought a French dry cleaner and extractor for cleaning clothes, overcoats, silk, satin and wool skirts, ladies' furs, rugs, fur rugs and laprobes and in fact anything in the clothes cleaning line. It is not to be construed that this French dry cleaner and extractor is a man or a woman, for it is not; it is a new machine that he has bought which cleans clothes by a dry process, and is something new in the clothes cleaning line. This machine not only cleans clothes thoroughly but does it quickly. It makes old clothes new and the specimens Mr. Reese will dis-play shows what the machine will do, This device has been purchased by Mr. Reese at an expense that is not warranted, but he hopes so be sufficiently compensated by increased business for the additional expense.

The corps of teachers in the Brady schools the coming year will be as follows: J. A. True, principal, Miss Bertha Banks of North Platte assistant principal and Misses Beth Cunningham, Kate Greenleaf and Lucy Brown in the grades. School will open next Monday.
