The Concluding Races.

The final contests of the firemen's tournament were held Friday with the following results:

In the water fight in the forenoon Grand Island won in a fierce contest.

In the championship 250-yard hose race North Bend won first place in 33 7-10 seconds, Alliance second in 34 1-5 seconds while Fullerton came in a distanced third.

Grand Island won the 250-yard state championship hook and ladder race in 42 1-5 seconds, North Platte second in 42 4-5 seconds.

In the B class 250-yard hose race North Platte won first place in 40 2-5 seconds, Friend failing to make coupling.

The ladder climbing contest went to Grand Island, that team's time being 42 1-5 seconds, North Platte losing by three-fifths of a second.

North Bend won the state championship coupling contest and the free for all race resulted in a tie between North Bend, Alliance and Friend, the prize being evenly divided between the three teams.

C. A. Redmond Promoted.

A Riverside, Cal., paper has this to say of a former North Platte boy: A deserved promotion has come to C. A. Redmond, who for the last three months has been assistant to Commercial Agent Kenneth Kerr. Mr. Redmond left last night for Los Angeles, where he will become Pullman ticket agent at the city office of the Salt Lake at the corner of Sixth and Spring streets. Than Mr. Redmond the local Salt Lake office has never had a more accommodating and gentlemanly official, and the promotion which he has received is a well-deserved one. His successor will not be known for a few days.

Ed Ogier has let the contract to Picard Bros. for the erection of a new residence on south Dewey street, the contract price of which is three thousand five hundred dollars. Work on the building will commence in the immediate future.

Save Your Home and Farm.

It is singular and strange how vitally interested certain non-taxpayers are in their efforts to saddle on the "other fellow", already over-burdened taxpayer, a \$180,000 court house debt. We are told the present court house is unsafe, inadequate, unsanitary and that some of the county records are without fire protection; that a new court house would prevent county division and that the small additional tax to build this modern structure would not be noticed, and other unbusiness-like arguments in support of this scheme, many of which are not worth the paper they are written on. There are some very good county officials who are not afraid of risking their health, even their lives, and many other good, capable men always ready and willing to take their places about election time to discharge these official duties in the old court house which could not be duplicated today for \$45,000, yet we are asked to demolish this, provide \$100,000 for a new one, together with \$80,000 interest figured at four per cent or a total of \$225,000, which would amount to over \$35.00 each for every man in Lincoln county over 21 years old.

They tell us a large amount of these taxes will be paid by the railroads and non-resident land owners. Increasing high taxes are keeping settlers out of our towns and county, also preventing railroads from making further investments and tend to make the farmer dissatisfied with his lot. If we have any money to give away, let us first reduce taxes, next put into good roads, good schools, Y. M. C. A. and good churches. Let the farmer see that we have his interest at heart and that we don't wear silk while he and his family dress in overalls and calico; that the county seat is his city and that the glad hand is extended to him at all times; that his interests are ours and vice versa, when there will be a better feeling and no danger of county division. A very competent architect examined our court house the other day. He said that with an expenditure of not to exceed \$10,000.00 for vaults and other rooms, etc., the building would answer our purposes for many years to come. Many taxpayers, like myself, believe him and that a new court house is not necessary at this time.
JOHN BRATT.

James Wilson, the well known farmer living west of town, returned Saturday from Lincoln, where he attended the state fair. He has attended these fairs for a number of years and pronounces the one of this year to have been the biggest and best of any previous year. In his opinion the best looking agricultural products came from western Nebraska.

THE LEADER,

JULIUS PIZER, Proprietor.

"Hip! Hip! Hooray!"

In a play with this peculiar and familiar title, Rice and Cady, the young successors to Weber and Fields come to Lloyd's opera house Friday, Sept. 11th, with a big cast and the original production which was seen all last season at the Weber Music Hall on Broadway. The book is by Edgar Smith, the author of all the Weber-Field pieces and the music and lyrics by Gus Edwards. It is not necessary to say that it is not a problem play. Charles O. Rice as Julian Grienbacher, a retired capitalist, has the best role of his career. Fred M. Cady, as a promoter of a new breakfast food called "Excited Oats" is equally laughable. In "Hip! Hip! Hooray!" Rice and Cady have made their tremendous Pacific Coast reputation national. There are sixty people in the company, including the prettiest lot of girls ever gotten together for the road.

Big preparations have been made for the third annual picnic which will be held at the Max Beer grove south of Hershey next Thursday by the Modern Woodmen, the Royal Neighbors and the Royal Mystic Legion. A long list of sports will be given, including two ball games, and in the evening a dance will take place at the Hershey hall.

Brady is becoming quite a cream station, the business showing an increase each month. For July the agent paid out \$1,157.48.

New French Cleaner.

H. R. Reese, of the North Platte Pantatorium, clothes cleaner and presser, has bought a French dry cleaner and extractor for cleaning clothes, overcoats, silk, satin and wool skirts, ladies' furs, rugs, fur rugs and lap-ropes and in fact anything in the clothes cleaning line. It is not to be construed that this French dry cleaner and extractor is a man or a woman, for it is not; it is a new machine that he has bought which cleans clothes by a dry process, and is something new in the clothes cleaning line. This machine not only cleans clothes thoroughly but does it quickly. It makes old clothes new and the specimens Mr. Reese will display shows what the machine will do. This device has been purchased by Mr. Reese at an expense that is not warranted, but he hopes to be sufficiently compensated by increased business for the additional expense.

How to get Strong.

P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong: He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters, that I feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver, stomach and kidney complaints. Under guarantee at Stone's drug store. 50c.

The carnival closed Saturday and there were but few who were not glad; the older and more sedate people because to them it had become a veritable nuisance, while the younger folks had such a strenuous time each evening that when Saturday night came they were worn out.

Perlick over the head with a club and the latter died two days later from the effects of the blow. The two quarreled over a section line which divided their land.
