United States Senator Elmer J. Burkett will deliver a political address at the Keith theatre next Monday evening, and voters of all political complexion are invited to attend, as well as ladies. Senator Burkett is a forceful talker, and will discuss the issues of the day in an interesting manner.

Japanese Wedding.

The first Japanese wedding to occur in North Platte took place Wednesday when Judge Elder united N. Fukuda and Miss Hear, Yamafuji, the former being twenty-six years of age and the latter sixteen. Both were neatly attired the bride presenting an attractive appearance. The groom who has resided here for some time, is in the employ of the Union Pacific.

Saving to the People.

By reason of the acts passed by the republican legislature of 1907, it is estimated by the railway commission that the act reducing the rates on grain has saved to the people of the state on shipments beginning and terminating in Nebraska, more than \$2,500,000 in one year; on the two-cent passenger fare bill the savings to the people of the state is estimated by the railway commission to be more than \$3,000,000 a year; the twenty-five per cent reduction in express rates, it is estimated by the railway commission, has saved to the people of the state, in one year, more than \$400,000.

Prisoner Makes Break.

Joseph Wheeler, confined in jail on the charge of burglarizing the house of W. T. Elliott at Brady, and to which charge he plead guilty when arraigned in the county court, made an attempt to gain his liberty yesterday. Reposing probably more confidence in him than he deserved, Deputy Lowell sent Wheeler to the coal house for a bucket of coal, and while in the performance of that duty made a break for liberty. He was missed a couple of minutes later, and mounting a horse, Lowell began a search for him. He was found west of the ice house, whither he had gone for the purpose of jumping a west bound freight train. He was arrested and returned to jail.

Elks' Minstrel Show.

The local lodge of Elks have made arrangements with George Nunn, an old-time minstrel and who is highly recommended by Al G. Field and other well known actors, to put on a minstrel show at the Keith on the evening of November 5th. Mr. Nunn brings with him all the stage accessories and costumes and the talent will be taken from members of the lodge and others. Elk lodges throughout the country highly endorse Mr. Nunn's productions, and it is believed that with the talent at hand in North Platte he can present a program that will prove all that can be desired by attendants.

Mr. Nunn will arrive in town a couple of weeks in advance of the date of the production.

Union Pacific Gilt Edged.

Notwithstanding two cent fare laws lower freight rates and interstate commerce commission meddling with railroads in the west the Union Pacific still holds a high place on the New York stock market and is sought by investors because of its dividend earning capacity. The New York Journal of Commerce, a paper dealing with commercial news exclusively, has this to say of the Union Pacific, the comparisons being made with August one year ago: "Union Pacific's gross during August fell off only \$1,000 per diem, whereas operating expenses for the month were reduced by the huge total of \$750,000. There was of course the now customary increase in taxes, yet the net revenue showed an increase of \$681,000—a truly remarkable achievement."

Those School Bonds.

"You can say to your readers," remarked Secretary Tramp of the board of education yesterday, "that the proposition to vote bonds for new school houses in the Second and Third wards will be submitted to the voters of the district the latter part of November." One reason for the delay in submitting the proposition is that the committee has been looking up the matter of the disposition of the bonds when voted; whether a four per cent bond could be sold at par or at a premium. It was also thought best to wait until after the general election so as to know whether the amendment to the state constitution permitting the state to purchase school district bonds is adopted, in which case four per cent bonds could no doubt be easily sold to the state at par or perhaps at a premium.

By holding the election next month there will be ample time to have the bonds registered and sold, the contract let and the buildings erected before the opening of school in the fall of next year.

We believe that the people of the district concede the need of additional school accommodations and that the bonds will carry almost unanimously.

Can We Keep From Having Fires?

We think we are careful, and sometimes we are, but nevertheless a fire will break out once and awhile when we least expect it. You can't prevent fires, but you can insure against them so when you have one the insurance company stands the loss, not you.

In order to accomplish this you must insure with reliable agents and companies. Temple Real Estate & Insurance Agency represents the best. 1 and 2 McDonald Block.

LOCAL MENTION.

Hear Senator Burkett at the Keith theatre next Monday evening.

Judge Elder united in marriage yesterday forenoon Neils P. Jensen and Sarah L. Hertine, both of whom live in or near Maxwell.

J. Q. Wilcox, who went to Omaha the early part of the week to serve as a federal court juror, returned Tuesday night having been excused until Monday of next week.

A. L. Dunn, who arrived from Omaha a few days ago, has entered the employ of Ginn & White as plumber, a trade at which he is said to be an expert.

Attention is called to the advertisement of the Kuhn store at Maxwell which has lately expanded its business by securing larger quarters and increasing the stock carried.

J. R. Chittick aged twenty-one, and Miss Eleanor Anderson, aged eighteen, both giving Gothenburg as their residence, were given legal permission to wed by Judge Elder yesterday.

For Rent—Five room house on Sixth street three blocks east of Dewey. Call on Mrs. E. Guillaume or phone 498.

C. O. Weigand will place a four foot foundation under his house, put in a heating plant, add six feet to the rear of the house and build a new eight-foot porch, these improvements to cost him twelve or fourteen hundred dollars.

Harry Smith went to Beloit, Kan., last week and ran with the Marysvilles, host team at the state firemen's tournament, assisting in winning the state championship. Harry has been spending this week with his brother Oscar in Kansas city.

"The Volunteer Organist" was presented to an audience Wednesday evening that almost filled the seating capacity of the Keith theatre. The play, which is an interesting one, was well rendered, and the audience gave evidence of being well pleased.

Let me figure on those storm windows you will need. P. M. SORENSON.

Julius Pizer, who had been spending a couple of weeks in Chicago and other eastern points, returned home Wednesday. Mr. Pizer says business in the east is very quiet, much more so than here, and we do not realize how well off we are compared with the east.

A score or more lady friends of Mrs. W. A. Tanner gave her a very pleasant surprise Tuesday afternoon by calling at her home and spending several hours with her, and at the close presented her with a sterling silver meat fork. Refreshments provided by the invaders were served.

W. C. Blackmore, the Sutherland druggist, spent a day in town the early part of the week, and informed us that he will take his family to Southern California this winter. His young son is troubled more or less with nervousness and he thinks the climate of southern California will prove beneficial to him.

Lost—A watch between 4th street and round house. Finder leave at this office and receive reward.

The initial meeting of the 600 Club at the Halligan residence Tuesday evening proved a very pleasant function. Practically all of the thirty-six members were present. Departing from the custom of last year, refreshments were served at the close of the evening instead of at the beginning. In entertaining Mrs. Halligan was assisted by Mrs. Field.

I. A. Gaither, of the Willow precinct, who was defeated for the republican nomination for county commissioner, was doing business in town Tuesday. Mr. Gaither has no more spots over his defeat, and says he will support and vote for Mr. Walters, his successful opponent, and will ask his friends, who voted for him at the primary to do the same.

The county commissioners spent Wednesday in the south part of the county viewing roads. They made the trip in an auto, thus saving a day's time, as had they gone by team it would have required two days. Thus does the automobile come in as a money-saver to even a county. In this instance the expense of the trip, counting the pay of commissioners, was nineteen dollars; had the trip been made by team the total cost would have been twenty-six dollars.

Deputy Sheriff Lowell returned Wednesday night from an unsuccessful search for Harry Williams, the man who forged three checks on North Platte merchants last Saturday. Williams stopped over in Lexington, where he formerly lived, from Sunday morning until the following morning, and then went to Grand Island, where he became lost to Deputy Lowell in the big crowd that is in that town attending the frontier day festival.

RAILROAD NEWS

Dispatcher O. W. Brandt returned yesterday from his visit in the east.

Switching in the yards has been so heavy this week that an additional engine was put in temporary service yesterday.

Genl. Supt. W. L. Park passed west the early part of this week and will be out on the road for the next thirty days on a general tour of inspection.

C. A. Weir, who had been in Omaha for several weeks on business connected with the protective board of the O. R. C., returned home yesterday. He will go to Ogden on similar business in the near future.

Division Master Mechanic Likert has been spending this week in town looking after the motive power on the Nebraska division. The report that he would move to North Platte cannot be seriously considered.

The annual inspection of the track and road-bed of the Union Pacific is now being made, and it is expected that the official party, accompanied by the track foremen on sections between here and Sidney, will reach North Platte tomorrow.

Carpenters are now finishing up the work at the new stock yards. The yards were turned over by the bridge and building department several weeks ago as completed, but later orders were given for about one thousand dollars worth of extras.

Afternoon Wedding.

At the home of the bride's parents, Mr. and Mrs. Max McGrew on west Sixth street, Miss Mae Estella McGrew and James Arthur Peters were united in marriage Wednesday afternoon at three o'clock, Rev. L. C. Swan officiating in the presence of relatives and more intimate friends of the contracting parties, of whom there were about forty.

For this happy event the rooms were tastefully decorated in blue and white and as Miss Seely played "Hearts and Flowers," the couple entered the parlor and took position under a wedding bell suspended from the ceiling, where the marital vows were taken.

The bride was attended by Miss Lottie Fuller and the groom by his brother, William Peters. Following the ceremony a dinner was served. Many beautiful presents were received by the bride and groom.

Mrs. Peters is a pretty and winning young lady who has practically spent her life in Lincoln county, the family living north of the river prior to moving to North Platte several years ago. With all acquaintances she is held in very high esteem. Mr. Peters is in the service of the Union Pacific as engineer, and is a young man of excellent habits and well thought of by all who know him.

Mrs. Frank Coker and Mrs. John Sheik, of Sutherland, returned home yesterday after spending a day or two in town.

E. M. Stannard, who had been visiting friends in town, left Wednesday night for Oregon to investigate a manufacturing plant which he may conclude to purchase.

Local merchants report business picking up and all expect a heavy fall and winter trade. This expectation is based on the good prices obtained by farmers for their products and the evidence that traffic on the Union Pacific will continue brisk until well into winter, thus giving employes a chance to earn good wages.

Notice to Sellers of Cream.

Tramp, the grocer, is buying cream and paying top price with immediate returns of cash.
DAVID COLB CREAMERY, Co., Omaha, Neb.

Following the extraordinary short wheat crop of 1904 the American farmer will remember the United States suddenly changed from a wheat exporting to a wheat importing nation. Canadian wheat was wanted this side the line, and then the country became suddenly aware of a duty of 25 cents a bushel on wheat. There were instant demands for a repeal of the duty, and had the wheat shortage continued long enough the matter would have gotten into politics. Now we have another foretaste of the day when this country fails to supply its own farm products. Beef is so high here that the Canadian stockmen are finding it profitable to ship to Chicago instead of London, despite our duty of 27 1-2 per cent on beef. And down east a quick demand is made for the removal of the duty that meat may be cheap.—Lincoln Journal.
