Population Increases.

The population of the Lamplugh lake section was increased Friday by the arrival of twins-a boy and a girl-at the home of Mr. and Mrs. Harry Lamplugh. At last reports the mother and twins were doing nicely and Harry feels more important than the average

Bob Baxter Promoted.

R. W. Baxter, formerly superintendent of the Nebraska division of the Union Pacific, has received another promotion from the Lehigh Valley road, the line with which he is now associated and which has already promoted him three times since he left the Union Pacific. His latest promotion makes him superintendent of transportation of the entire Lebigh Valley system.

Progress on North River Branch. The steel on the North River branch of the Union Pacific is now laid as far Lisco, twenty-six miles below Bridgeport, says the Gering Courier. Laying track was suspended a few days beeause of a number of bridges, but has now began again and the force is being increased. Kilpatricks, who have the work of grading, have orders to finish up eight more miles of grade, or up to about the point where it is supposed the road will cross the river. We believe there will be speedy developments now, as it is unreasonable to think such a force has been concentrated on up in your office. the work simply to grade as far as Bridgeport or Northport.

Dipping Association.

Owing to the fact that the government cattle inspector has been travel ing on the South Side and in the vicinity of Gothenburg where he demanded that all cattle be dipped, the farmers 476,00 south of the river met last week and formed a Dipping Association. C. W. Young was chosen president and general manager and Leo E. Scott secretary and manager.

Thirteen shares were sold at \$20 each 5.00 and a vat will be placed on the Young ranch five miles south of Brady where cattle can be dipped. A fee of twenty cents for cattle and ten cents for calves will be charged and it is estimated that 3,000 cattle will be dipped shortly, -Brady Vindicator.

Dr. Millener has so perfected his device that a number of locomotives on the same track may be equipped with the signals and yet only the locomotive which it is desired to reach, be signalled. This is accomplished by means of a zone device contrived by Dr. Millener.

The tests in the shops have proved so successful that the Union Pacific is preparing to install the system on locomotives in regular service.

The wireless instrument used will send a message 180 miles.

How is your Digestion.

Mrs. Mary Dowling of No. 228 8th Ave., San Francisco, recommenda a remedy for stomach trouble. She says: "Gratitude for the wonderful effect of Electric Bitters in a case of acute indigestion, prompts this testimonial. I am fully convinced that for stomach and liver troubles Electric Bitters is the best remedy on the market to-day." This great tonic and alterative medicine invigorates the system, purfies the blood and is especially helpful in all forms of female weakness, 50c, at Stone's drug store,

THE official count shows that the republicans elected all the state officers except governor and railway commissioner. While the loss of those two officers is to be regretted, it is a source of congratulation that the republicans came out as well as they did, when it is considered that the railroads, the brewers and a certain element of church people worked hand in hand for publican ticket.

GROWTH OF WEALTH PER CAPITA.

Doctrine that the Poor Are Growing Poorer Shown to Be False.

(From the Los Angeles Times.)

In 1820 the savings banks of the United States held \$1,138,576. This of 12 cents for the population of that time. That amount of average economy was very small.

Now the people of this country have \$3,690,878,945 in savings banks. This is an average for the whole population of this time of over \$42. The actua! depositors have an average of \$125 to their credit. In 1820 only 8,635 persons in the country were rich enough to have a savings bank account. Now there are 8,588,811.

When James Buchanan, the last Democratic President in a long line went into office, there was about \$100. 000,000 in the savings banks of the United States. By 1870, after fighting out the great war, the people, under Republican rule for tweety years, bad \$550,000,000 in the savings banks. When the next Democratic President took his seat in 1883, the savings of the people had passed the billion point. By 1898 the savings had doubled again.

So there it is. In 1820 there were only about 8,000 people rich enough to have a savings bank account. Now there are over 8,000,000. In 1820 the savings were 12 cents per capita; now

they are over \$42. That the poor grow poorer and the rich richer in this country is as true as any other Populistic notion.

Last September a man whose name is supposed to be J. A. Douglas was in Lexington taking orders for suits of clothing for a Chicago house, as he alleged. Payments in advance to the extent of \$30 were made by those who gave him orders. No clothing ever came. Last Saturday Chief Malcolm learned the man was at North Platte. Sunday the officer went up, found Mr. Douglas and persuaded him to dig up the defeat of at least part of the re- the \$30, which he very readily did .-Lexington Pioneer.

GOOD NEWS.

Many North Platte Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in North Platte are glad to learn that prompt relief is within their reach. Many a lame, weak, and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

Mrs. C. J. Bowen, fiving on West Sixth St., North Platte, Neb., says: 'During the past six years I have suffered terrible agonies from backache, rheumatism and a badly disturbed condition of my kidneys. At times my muscles and joints would pain me dreadfully and a constant dull aching through my back and loins caused me untold suffering and annoyance. Any sudden movement or a mistep would bring on sharp shooting pains that radiated from my kidneys to all parts of my body. I was greatly disturbed by headaches and to arise quickly from a sitting position would bring on dizzy spells.

A few months ago a friend told me of the good results she had obtained from similar symptoms by the use of Doan's Kidney Pills. I followed her advice and procured a box at A. F. Streitz's Drug Store. In a short time I began to feel better, the backaches and hereby authorized to have shelving put other symptoms soon disappeared and I was eventually restored to my former For Sale by all Dealers. LEGAL NOTICE.

To Nathaniel E. Martin, defendant: You are hereby notified that on the lefth day of October, 1908, John C. Dewey, plaintiff, filed bis petition in the district of Lincoin county. Nebraska, against Nathaniel E. Martin, as defendant, to quiet title in the plaintiff in the Northeast quarter (NE M) of Section Fourteen (Mark Downship Nine (6) North, Range Thirty-four (3) west of the 6th Principal Meridian in Lincoin county, Nebraska; that during the month of December, 1986, one Nicholas Scullen, who was then owner of said premises, with his wife Mary Scullen, made, executed and delivered to one Nathaniel E. Martin a mortgage upon said premises to secure an indebtedness of \$409.00, that said mortgage was recorded in the county clerk's office of Lincoin county, Nebraska, in Book 6 of Mortgages at Page 136; that said mortgage has long since been paid, but through mistake or neglect still remains of record and unsatisfied and casts a cloud upon the title of said premises; that said mortgage became due on the 5th day of December, 1891, and more than ten years have elapsed since it became due and if unpaid is barred by the statutes of limitation.

The plaintiff is the owner and in possession of Said premises and the object and prayer of said prettion is to have said mortgage cancelled and discharged from the records of the county clerk's office of Lincoin county, Nebraska, and that said title to said premises be quieted in the plaintiff, and for such Other and further relief as equity may require.

You are required to answer said petition on or before the 7th day of December, 1908.
