So well pleased is State Supt. McBrien with the work of the junior schools, that he announces he will ask the coming legislature to appropriate \$30,000 for that purpose.

Dr. O. C. Amundson and his brother John were brought up in Emmet county, Iowa, and this strange fact was noted by their parents and friends that the boys were so temperamentally alike that when one became ill the other was similarly afflicted.

of material removed during the year includes 12,065,138 cubic yards in the Culebra division, 7,774,124 in the Chagres division, 4,087,623 in the Colon dredging division and 5,273,369 in the La Boca dredging division.

The division of materials and supplies received during the year material valued at \$11,607,094 and disbursed material to the value of \$11,685,158.

Apparently there is nothing needed now but time and money for the completion of the great project. The millions that were spent by this government in improving the sanitary conditions on the zone are bearing fruit, which proves that the investment was most wise.
