The entertainment given Friday evening at the high school auditorium by pupils of the First and Second grades of the city schools, was largely attended and proved very pleasing. Especially attractive were the eighteen boys dressed as brownies, the eighteen girls representing Indians and the ten appearing in character dress in Mother Goose melodies. There were also other songs and choruses. The little folks acquitted themselves creditably throughout the program. Credit is due Prof. Garlsch in promoting the entertainment and drilling the children.

Mr. Cosper, having in charge the tuberculosis exhibit sent out by the national association for the prevention of the "white plague," is now in the city, and the exhibit will arrive in a day or two. It is expected that Mr. Cosper will be ready to open the exhibit next Saturday and remain one week.

To assist in this important work Mayor McCabe and President Evans, of the Commercial Club, has appointed a temporary local committee of fifty residents. This committee will meet at the court room this evening at which time Mr. Cosper will be present and details will be arranged for the exhibit.

## Out of Money.

The general fund of the city has been depleted, the amount of warrants issued having reached the sum raised by the seven mill levy, and this condition occurs when but one-half of the municipal year has passed. This means that the salaried officers of the city, including the marshal and policemen, must wait six months for their money, or sell the orders for their pay at a discount, or else borrow money and pay interest; and the same will apply to those who work on the streets or do hauling for the city. This is not a good condition for the city to be in; in fact it is an unfortunate condition, for no one will care to give their services to the city and wait six months for their pay or discount the amounts due them in order to get the cash. This condition has not been brought about by extravagant expenditures, but rather that the levy made by the council was too low. Instead of reducing the levy to seven mills it should have been retained at ten mills.

North Platte is a growing city, and although the valuation has increased, the needed improvements in the way of street work, crosswalks and like necessities have increased in greater proportion than the valuation, hence the exhausted general fund at the end of the first six months of the fiscal year. This condition is likely to prove embarrassing to the administration, as needed improvements will probably be deferred until next July.

## Geise and Clark Plead not Guilty.

Henry Geise, against whom there were filed two complaints for petit larceny, one complaint for burglary and three complaints for cattle stealing, and Cyrus Clark against whom three complaints for cattle stealing were filed, were arraigned in the county court yesterday forenoon and pleaded not guilty to any and all complaints.

Geise and Clark were placed under combined bonds of \$3,100 for their appearance in court on the 18th of January, when the case will come up for hearing. Not being able to furnish the required bond they were remanded to jail. With a view of securing their release from jail, the two men have been attempting for several days to secure bondsmen, but up to date have been unsuccessful. They still have hopes, however, of securing bonds.

John Grant and Hoagland & Hoagland have been employed as attorneys by the defendants.

## Y. M. C. A.

Great changes have been made in the Y. M. C. A. rooms. They have all been newly papered and painted, two new sky lights have been put in, a new room added and a general cleaning has been done. The new furniture has been shipped from Chicago and is expected to arrive here at an early date. We feel sure that the installing of this will be a great drawing feature for men. The new secretary has been so busy since his coming that he has not had the time to get out among the city and railroad men but has secured twenty-eight members by speaking to them as they came into the building. Some of these have not been members for years. They lost interest in the work because the association was not properly cared for. There are about 125 more whose tickets have expired in the past few months. The renewing of these will be greatly appreciated by the secretary and board of directors, also those who have never been members before. Every railroad man and every citizen of North Platte ought to be a member of the Young Men's Christian Association. It is a good work and must be supported by the people. Thousands of men are being benefited, made morally and intellectually more valuable as citizens through this work in other parts of the country, and it can be done in North Platte. Our association can be made the best association in the state. All that we need is the support and co-operation of the people.

A membership ticket will make a nice Christmas present.
