

If your eyes are evincing the slightest kind of trouble: have this attended to at once. By doing so you might be able to remedy the defect with the wearing of glasses for but a limited period, the glasses aiding Nature materially in having the eyes assume the former good condition. Of course go to a good optician. Our reputation is our stock in trade.

If the people of this section of the state expect to secure the location of an agricultural school in connection with the North Platte state experiment station they will need to hustle. A bill has been introduced in the legislature to establish such a school in the Republican valley, which would necessarily knock out the proposed school at North Platte.

For Sale—Magic Eye Glass Cleaner, by Miss Harriet Bayer, Dressmaking. Over McCabe's drug store.

Effective next Sunday trains No. 13 and 14, known as the Omaha-North Platte locals will be equipped with Pullman buffet parlor cars. These cars will have ample smoking rooms and a well equipped buffet. The Los Angeles limited will also be equipped with the latest pattern chair cars. This added equipment to trains 13 and 14 and 7 and 8 are made in order to relieve the Overland Limited of local passengers, thus making a strictly through train.

The attendance at "The Burgomaster" last night was not as large as the merit of the play and the standing of the company deserved, this probably being due to the fact that the company opened the season here, and the town is scarcely large enough to stand a "repeater" during the season. The play was certainly well presented, and with Harry Hermens and Ruth White in the leading roles, supported by a strong chorus of good singers and dancers, the audience was enthusiastic in its appreciation.

The city council is now attempting a solution of the waterworks question, and while this is in progress we believe that the agitation of the question should be cut out until we see the result of the council's deliberations. If that body passes an ordinance that is obnoxious to a majority of the voters, it can be annulled by a referendum vote if it is desired to take such. As the water proposition has engendered more or less feeling, we trust the council will be able to arrive at a satisfactory conclusion and thus have the matter settled for at least a few years.

The Union Pacific has a greater number of local trains handling business in Nebraska than any other railroad in the state, and yet there are those who say the train service is not what it should be. This is probably true as it relates to North Platte, but perhaps North Platte is an exception.

Good Advice for Railroad Men.

Railroad Employee—Of all methods of making another person angry and disagreeable the worst is to tell him that he will "have to" do something. How often do we hear: "You will have to go to the other window." "You will have to go into the other car." "You will have to wait an hour." "You will have to write the general passenger agent or superintendent," and the like. Primarily we are all free agents and don't "have to" do a darned thing. We may find it expedient or necessary to a certain end, but we don't even "have to" eat if we don't want to.

How easily to put the direction in another manner, such as "The other window please", or "Will you kindly take the car ahead," or "The rules require," a short, very short explanation of why a certain thing is necessary will always work wonders in avoiding trouble.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It. Many women weep and wall and refuse to be comforted because their once magnificent trasses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.
