PICKARD HAND PAINTED CHINA

PICKARD China presents many interesting features. The beautiful shapes, pleasing decorations, brilliant coloring and diversified style of handling, together with the rich gold work, all combine to give it that exclusive merit so much appreciated by people of taste and refinement. Nothing tells the story so well as the china itself. It must be seen to be fully appreciated. Every piece produced in Pickard's Studio is entirely hand painted, each article representing the individual work of one person.

Number of New Residences to be Built in the East Part of the City This Spring.

As noted elsewhere in this paper during the last few days Mrs. Ida Neir Brown, Mrs. Earl Stamp and Mr. Edmund Dickey have purchased lots in the Trustee's Addition and each will build a two story house this spring. M. Keith Neville has had under contemplation the rebuilding of a modern home on the site of his present residence. Leo Tobin is also planning upon building a modern bungalow on lots just east of the Neville residence. Theodore Tottenhof who purchased two lots of the Trustee's addition at the corner of Fourth street and Eastman avenue, will build a home upon this location this spring, and A. G. Hultman, who owns two lots at the corner of Fifth street and Eastman avenue is planning to erect a cement block house on these lots. Indications are that the east part of the city will be changed a great deal during the present year by the erection of a large number of new homes.

Don't Spend \$3.50 When Fifty Cents Will do the Work

Prot. W. M. Hayes, Ass't. Secty. of Agriculture of the United States says about Stock Food: "These balanced rations are often found by analysis to consist of the tailings of mills, elevators and breweries, mixed with molasses and salt, to make the compound palatable to the cattle, and one of the largest Stock Food Companies is said to use fine sawdust, finely ground, to cheaply bring up the weight of his product, instead of buying a superior and expensive balanced ration containing high fattening qualities and acting as a tonic, he has paid a high price for a feed containing, along with ordinary grain, finely ground alfalfa hay and other common food stuffs, \$5.00 to \$25.00 per ton, a high percentage of refuse, and non-nutritious matter, some of which may be positively dangerous to the health of his stock."

Make your own stock foods and remedies by using Skidoo Horse and Cattle Tablets for horses, cattle, sheep, swine and fowls; proper dose in tablets. Mix in feed or salt. They contain no sawdust, ashes, chopped feed or bran. Ask for and try once Skidoo Condition Tablets or Skidoo Worm, Kidney, Chicken Cholera, Cathartic, Heave, Fever, Hog Cholera, Distemper, Pink Eye, Colic, White Plague Preventive, or Blister Tablets, or Louse Killer, Spavin Remedy, or Barb Wire Liment. Office over the McDonald State Bank.

We have not as yet heard a single objection to the proposition to vote \$40,000 bonds for new school buildings. Apparently everyone realizes that these new buildings are a necessity. That is the correct way to look at the matter. In the county court yesterday L. B. Munger, the Hershey druggist, was bound over to the district court on the charge of selling liquor illegally on two counts, the third count having been dismissed. Bond in the sum of \$300 was required, which he furnished. The Lutheran church is now making preliminary arrangements for the presentation of the "Story of the Reformation," which will be given under the auspices of the church the early part of February. The scenes and story were rendered at Omaha this week and received a lengthy write-up in the Bee.
