### Shall the State Capitol be Moved?

THE TRIBUNE has at different times suggested the removal of the state capitol from Lincoln to some point in the central part of the state, and though the matter was at first mentioned as a joke, it is now taken seriously, not only by the people west of the Merriam county line, but by people in the extreme eastern part of the state.

Senator Bartos, of Saline county, has prepared a resolution which will be presented to the legislature today which provides for the appointment of a committee of six members to investigate the condition of the capitol building at Lincoln and the necessity of removing the seat of state government to Kearney because of the demands of western Nebraska for a location more nearly in the central part of the state.

The resolution states that the present capitol was located at Lincoln when the population of the state was within a hundred miles of the Missouri river, but that since then central and western parts have so increased in population that Kearney is the hub of the state as well as of the United States; that the outer walls of the capitol are dangerous, the roof is rotten, the walls sunken and that the building is inadequate to the needs of the state. The resolution further recites that the location of the capitol is so far distant that it works a hardship to two-thirds of the state. It is recommended that this special committee to investigate shall consist of Bartos, Buck, Ramsom, Meyers, Bodison and Raymond, the latter being the state senator from this district.

To remove the seat of government takes a majority vote of the electors of the state at a general or special election called for that purpose. The capitol was located at Lincoln in 1867 and the amendment providing that its removal must be by a vote of the electors was incorporated in the constitution of 1875.

The Tribune believes that the newspapers and the citizens of western Nebraska should awaken to the importance of this move and push the matter along. While we believe Grand Island is the best located town for a state capitol, yet we are not adverse to pulling for Kearney if the majority favor that town.

### Nothing Expected From Legislature.

And now the World-Herald admits that the republicans have given the people of Nebraska all the reform legislation that is necessary. It says freight and passenger rates are low enough and the assessment of railway property is eminently satisfactory. That erudite journal has also discovered since election that no reforms have been overlooked by the republicans, and that there is therefore nothing for the democratic legislature to do but make the appropriations and conjure up some kind of a bank deposit guarantee bill that will not be dangerous, but will look good to the unopinionated. If the World-Herald and the democrats in general had made these admissions during the campaign, the result at the polls might have been different, but even that is very doubtful. The people turned the republicans down right where reform was most conspicuous and the fact really is, the democrats were elected to do nothing, and their promises were not taken seriously. In fact, the people never take the promises of the democrats seriously. They elect them to office when they want a rest. Nothing need be expected from this legislature except a bunch of lemons.—York Times.

### Can't Deny It.

If This Had Happened in San Francisco Instead of North Platte More Than One Reader Might Doubt It.  
The average man is a doubter. This is not surprising—the public have been humbugged so frequently that they are skeptical. Proof like the following will stand investigation. It can not be disputed.  
J. P. Seare, living on Ninth street, North Platte, Neb., says: "I do not hesitate to tell of the benefit that Doan's Kidney Pills have afforded for me. About six months ago I was suffering night and day from the most terrible pains through my back and kidneys. These pains would always be more severe when I attempted to stoop over or straighten up from a sitting position. The kidney secretions were annoying by their frequent action, and doctor's medicine or the remedies I tried gave me no relief. A friend hearing of my suffering, advised me to give Doan's Kidney Pills a trial as he had been cured of the same complaint by their use. I immediately procured a box at A. F. Streitz's Drug Store and began using them. The relief I felt from the very first was very great, and in a few weeks my back was strong and well and my kidneys were restored to their normal and natural condition. Doan's Kidney Pills cured me thoroughly and I am glad to recommend them." For Sale by all Dealers. Price 50 cents. Foster-Milburn Co., New York. Sole Agents for the United States. Remember the name—Doan's—and take no other.
