FRIDAY, JANUARY 22, 1909.

It is figured that the time congress spent in "spanking" President Roosevelt cost the country seventy-five thousand dollars. It don't seem to us that congress got the worth of the money expended, and certainly the President doesn't need to take his meals from a shelf as the result of this spanking.

The plea of the railroads that the freight rates must be increased on account of decreased earnings is not justified by figures issued by the interstate commerce commission, which show that for the year ending June 30, 1908, the earning per mile was \$10.649 which, with the exception of 1907, is the highest since 1903.

Up to yesterday about 125 bills had been introduced in the state senate and an equal number in the house. Many of these will of course be thrown in the waste basket by the sifting committee, as they should be, while others will become laws. There are already so many laws on the statute book that the average man hardly knows when he is violating them.

THE Bartos resolution appointing a committee of six to take steps toward having the state capitol removed to Kearney, was tabled by a vote of twenty-four to nine when introduced in the senate Tuesday. This was, of course, expected, and yet the proposition to remove the capitol is by no means a dead one.

ANNOUNCEMENT is made that John D. Rockefeller has donated another million to the Chicago university, making the total sum he has given the school \$24,800,000. Every man who uses coal oil and gasoline probably feels that indirectly he has contributed part of that sum to the great university in the way of excessive oil prices.

REPRESENTATIVE BUSHEE, of this district, has introduced a bill appropriating \$125,000 to aid the weak school districts in the west part of the state. This measure is a meritorious one and should pass without a dissenting vote; and of course some of the legislators will unseat their hammers and proceed to "knock" on its passage.

TEMPERANCE advocates among the legislature at Lincoln are keeping reasonably active. In addition to the introduction of county option bills, an anti-treating bill has been introduced by a Lancaster county member. This measure makes it a misdemeanor to treat with drinks of liquor and the one treating is subject to a fine of \$15, while the saloon keeper who furnishes the drink will be hit for \$25.

If the First ward needs a new school building as badly as the Second and Third wards, as Mr. Belton contends in his communication published elsewhere, the people of that ward should have it. But as we understand it, the school accommodations in that ward are ample at present. When greater accommodations are needed the new school building will be forthcoming. The people of North Platte realize the importance of good schools and good buildings, and they will vote bonds to construct buildings just as fast as they are needed. In reading between the lines of Mr. Belton's communication there crops out an apparent opposition to the bonds; a desire to arouse an opposition. We trust, however, that Mr. Belton did not intend that his remarks should be so construed.

The card party at Chas. Trembly's Saturday night was greatly enjoyed by all who attended.

Sam Warnock will try farming one more year—baking his own pan cakes as before. It has been very unsuccessful in the past for Sam.

Oscar Johnson will farm the August Carlson place again next year.

Charley Trembly went over to Farnham this week on business.

A number of young people gathered at Maurice Rielly's Sunday and enjoyed themselves by playing games.

Warren Warnock was the guest of Fred F. Drake Saturday night.

Mr. Anderson's children are quite sick with the measles. Dr. Kennon of Maxwell was summoned Monday.

Mrs. Lantz, of Kearney, has been the guest of her sister Mrs. Al Feather the past week.

Governor Haskell appears in the center of the stage again by having an alleged spy arrested and searched. He thinks Hearst's agents are after him, and proposes to call a halt. This action was not needed at this time on account of any dearth of excitement in distinguished public circles, but it just simply couldn't be held back for a dull season.

"Too Late, Too Late!"

You remember, I'm sure, the story of the seven wise and seven foolish virgins who were waiting for the bridegroom, intending to accompany it to the wedding feast. You remember how the wise virgins kept their lamps filled and burning, and were prepared when the time came, while the foolish ones, letting their lamps burn out, were met with the cry "too late, too late!"

There's a somewhat similar note of despair in life insurance. Forty-four hundred and fifty-one persons applied to the New York Life in 1908 for over thirteen millions of life insurance, forty-four hundred and fifty-one people whom, for one reason or another, the Company could not accept.

These applicants were declined, and met with the metaphorical cry "too late, too late, ye cannot enter here."

These 4,451 people had frittered away their chances, wasted their opportunities, and found at last when they did apply for life insurance that, alas, they couldn't get it.

Most people think they can get life insurance any time they want it. All they have to do is to ask for it. They will explain the many good features of the New York Life Policies, and they couldn't get it.

Don't you be like one of the foolish virgins, drop us a card that you are interested or call at our office, and we will explain the many good features of the New York Life Policies, TEMPLE REAL ESTATE AND INSURANCE 1 and 2 McDonald block. AGENCY.

A Horrible Hold-Up.

"About ten years ago, my brother was 'held up' in his work, health and happiness by what was believed to be hopeless consumption," writes W. R. Lipscomb, of Washington, N. C. "He took all kinds of remedies and treatment from several doctors, but found no help till he used Dr. King's New Discovery and he was wholly cured by six bottles. He is a well man today. Prof. W. M. Hayes, Asst. Sec'y. of Agriculture of the United States says about Stock Food: "These balanced rations are often found by analysis to consist of the tailings of mills, elevators and breweries, mixed with molasses and salt, to make the compound palatable to the cattle, and one of the largest Stock Food Companies is said to use fine sawdust, finely ground, to cheaply bring up the weight of his product, instead of buying a superior and expensive balanced ration containing high fattening qualities and acting as a tonic, he has paid a high price for a feed containing, along with ordinary grain, finely ground alfalfa hay and other common food stuffs, \$5.00 to \$5.50 per ton, a high percentage of refuse, and non-nutritious matter, some of which may be positively dangerous to the health of his stock."

"Make your own stock foods and remedies by using Skidoo Horse and Cattle Tablets for horses, cattle, sheep, swine and fowls; proper dose in trays. Mix in feed or salt. They contain no sawdust, ashes, chopped feed or bran.
