## TOWN AND COUNTY NEWS

The section house at Brule burned Wednesday, the foreman losing a good part of his furniture.

Mrs. Isaac Tillman spent several days with friends in town prior to leaving for her new home near Ogalala.

C. H. Powell, a well known resident of Maxwell, died the early part of the week, the funeral being held yesterday.

Gus Hamer was up from Buchanan precinct yesterday. He is feeding a bunch of cattle and fifty head of hogs.

T. J. Yonda, who has been suffering from an injured eye, hopes to be able to return to work next week. The wound has healed, but the eye is still somewhat weak.

D. Buckholtz, of Buchanan precinct, brother-in-law of August Hamer, left yesterday for a visit with friends in Grand Island. He will soon leave for a visit in Germany.

The party of hunters chaperoned by Dr. Ames returned from Onkosh Tuesday night. They had fair success in killing ducks, but geese were found to be somewhat scarce.

A boy named Riggs, who had been sent to the reform school from this city, made his escape from that institution Wednesday night. Riggs was soon to have been paroled.

At the meeting of Y. M. C. A. members Tuesday evening C. O. Weingand, J. R. White, E. W. Mann and C. W. Baskins were elected directors to fill expired terms and vacancies.

When the ground hog retired to his burrow on February 2d, he had in his mind these snow storms we are having in March. Yet we are glad to have the snow—it is seldom this country gets an over abundance of it.

N. L. Newman, a former North Platte resident, but for several years living at Rock Island, Ill., will remove to Denver next week. He is in poor health and the physician ordered a change of climate.

More than the usual number of farmers have left Lincoln county this spring, but their places have been taken by new comers. In the country south of Maxwell and Brady the changes in the ownership of farms have been many.

The Tri-County telephone company received 450 poles last week and the work of setting them began yesterday, the start being made at Loudon's farm in Myrtle precinct. From the Hall place to the central office in this city the wire will be strung on the Bell company poles.

The bill which carries with it an appropriation of \$25,000 for the North Platte experimental sub-station, passed the house Tuesday. Originally it was intended to ask for \$35,000, of which \$10,000 was to be used in establishing a dairy farm, but the legislators talked economy so strongly that it was decided to ask for but \$25,000. This amount is for two years expenses.

Mrs. Marion Carrier, of the Birdwood county, has been visiting friends in town this week.

County Judge Dano, of Ogalala, spent Wednesday in town transacting business and visiting friends.

Mrs. Al Tift was taken to an Omaha hospital Wednesday where she will submit to an operation for appendicitis.

"A Knight for a Day" company arrived from Cheyenne this morning and will present that musical production at the Keith this evening.

Picard Brothers have the contract for building a \$2,000 house for Fred Wendeborn on Ninth street on the lot adjoining his residence.

J. C. Fogg, of the Sutherland section, loaded his personal property at this station Wednesday and left for Smith county, Kan., where he has purchased a farm.

Judge Hoagland attended a meeting of the Board of Home Trustees at Fremont Tuesday. The board selected a tract of 160 acres of land near York for the proposed Odd Fellows home for which they pay \$30,000, of which \$10,000 is contributed by the people of York.

Last Tuesday Julius Pizer sold to A. E. Timmerman the property on Front street occupied by the steam laundry and the barber shop. The consideration was \$3,000 cash and land in Sarpy county worth about \$3,000, making the total consideration \$6,000. Seven years ago Mr. Pizer purchased the property for \$1,150, and during the seven years received \$2,500 in rent. That looks as though Mr. Pizer had made some "easy money."

"A Knight for a Day," the big musical show which is to be initially revealed in this city at the Keith this Friday evening is in two acts. The first of these is laid at Evanston, Ill., in the vicinity of a seminary for young ladies. The second represents a scene upon an estate in Corsica, for which an exotic pictorial background has been given to set off the sartorial display in which the famous "America Beauty Chorus" is very much in evidence. There are two clever bits of spectacular astonishment in the play in which electrical devices play an important part.

Joseph Newman died at the home of his daughter, Mrs. Shaw, in the Third ward Monday. Funeral services were conducted by Rev. Favoright Tuesday afternoon, and the same night the remains were taken to Center Point, Iowa, for burial. Joseph Newman was born in Indiana in 1842, moved to Iowa in 1864, was married to Amanda McDonald in 1865. Seven children have been born to this couple, three have died, and one daughter and three sons remain to mourn the loss of the father. He had lived in Nebraska twenty years and for more than that number of years had been a Christian and when possible identified with the Baptist work. He was a great sufferer and just on the day before his sixty-seventh birthday he passed to his reward.

## Chautauqua Attractions.

The board of directors of the North Platte Chautauqua have practically engaged all the talent for the nine-day program, and includes the following: Congressman J. Adam Beade, of Minnesota; Prof. Ott, of the Ott School of Oratory, Chicago; Father McCorry, of the Paulist Brotherhood, Dayton, O.; Dr. Fox, of Chicago, for two days; Judge Estelle and Dean Beecher, of Omaha; Senor Lala, a Filipino, who gives an illustrated lecture; Sterling Jubilee Singers for three days; Ralph Parlett, humorist; also a cartoonist, a magician and magic lantern entertainment.

Prof. Harry Maxwell, a teacher in a Chicago school of music, will be here two days in advance and remain throughout the Chautauqua. He will have charge of the chorus work at the morning sessions and will be the program manager.

Rev. Porter and Mr. Ringer are organizing a male chorus that will furnish music at the sessions.

Lowell's band has been engaged for the nine days.

## May Build Elevator.

If present plans mature, a grain elevator will be built this summer on east Front street. Trackage arrangements with the Union Pacific have practically been secured, and it is probable the contract for the construction will be let in the near future. The building of this elevator will tend to increase North Platte's importance as a grain center.

## New Block Assured.

The sale of the Pizer lot on Front street to A. E. Timmerman assures the erection of a new business building on that street. Mr. Timmerman says that just at present he cannot divulge his plans, but will do so in a few days.

Just received at Rincker's Book Store 1,000 copyrighted popular novels ranging in price from ten cents to \$1.35.

Mrs. W. S. Dolson was hostess at an afternoon party on Wednesday when she entertained twenty or more ladies in a very enjoyable manner. The affair was complimentary to Mrs. I. C. Halderman, of Chicago, who is a guest at the F. H. Thompson home, and proved a most delightful one. The afternoon was spent in social conversation and at the close a lunch was served supplemented by an "Address" by the lord and master of the house.

## Near Death in Big Pond.

It was a thrilling experience to Mrs. Ida Soper to face death. "For years a severe lung trouble gave me intense suffering," she writes, "and several times nearly caused my death. All remedies failed and doctors said I was incurable. Then Dr. King's New Discovery brought quick relief and a cure so permanent that I have not been troubled in twelve years." Mrs. Soper lives in Big Pond, Pa. It works wonders in Coughs and Colds, Sore Lungs, Hemorrhages, LaGrippe, Asthma, Croup, Whooping Cough and all Bronchial affections. 50c and \$1.00. Robert R. Grout, of Atwood, Kan., came to town Wednesday and met by appointment Miss Edna E. Lloyd of McPherson, and the two were united in marriage by Judge Elder. The couple met in Kansas a few months ago, and it seems to have been a case of love at first sight, and the acquaintance then formed resulted in a consummation of their affection. The bride is a pretty, petite girl, and the groom a successful Kansas farmer.

## Candidates Still Wanted.

Up to date neither the republicans nor the democrats have been able to find a man who will consent to be a candidate for mayor, and next week, when the mass conventions of the two parties are held it will be a case of pick up whoever you can who will accept. It is not often an office goes begging, but of late there has been so much turmoil over a satisfactory solution of the water problem that few men have the courage to jump into the fight. And then again the emoluments of the office are meagre and instead of attached honor, there seems to be attached odium.

## Transcontinental Race.

A transcontinental automobile race from New York to Seattle for the coming summer is an increasing probability, and if it is held the contesting motor cars will probably pass through this city on their long grind from ocean to ocean. It is the plan to have the contest start June 1st simultaneously with the opening of the Alaska-Yukon-Pacific exposition at Seattle with the pressing of an electric button by President Taft in Washington. A pathfinder will probably start out within a fortnight and will go over the entire trip giving special attention to the more difficult part of the run between the Mississippi and the Pacific.

The funeral of the late Mrs. C. T. Whelan at St. Patrick's church Wednesday morning was largely attended. As the remains were borne into the church members of the Sodality formed a line on both sides of the approach, each wearing a funeral badge. In his address the Rev. Father Carroll, spoke of the worth of the deceased, and appealed at length to his hearers to so live at all times that they be ready for the final summons. As the cortege receded from the church "Calvary" was sung by Gus Chamberlain, of Denver. Many beautiful floral tributes were sent to the house preceding the funeral.
