Burglary Last Night.

The McGeer grocery store was burglarized last night, but the burglar received but little recompense for his work. From the cash register and the safe, he obtained seven or eight dollars in pennies, nickels and dimes. Before retiring from the store last evening Mr. McGeer had taken practically all the money from the register and safe and in closing the door of the latter, did not turn the combination so that it locked.

Entrance was gained through a rear window, which was forced up from the bottom. After securing the cash the burglar closed the register and safe and left down the window as he made his exit.

Celebrate Golden Wedding.

On April 7, 1859, in a Wisconsin town, Major and Mrs. L. H. Dow became groom bride and, and in commemoration of that occasion they entertained seventy-five or more of their friends Wednesday of this week at the lodge at the McPherson national cemetery, of which Major Dow has been for eleven years past the efficient superintendent.

The hours designated for this pleasant occasion were from twelve noon to twelve midnight, the older folks being received during the afternoon and the young people during the evening. About forty were present during the fore part of the function, and the hours were pleasantly passed in social conversation and story-telling, in both of which the host and hostess are very entertaining.

Shortly after the arrival of the guests, they were seated around tables burdened with those things which make life worth the living, the menu including roast turkey, cold meats, oysters, several kinds of vegetables, relishes, pie cake and ice cream. To this excellent meal all did full justice and many were the compliments paid the hostess on this particular feature of the day.

A pleasant feature of the afternoon was the presentation of a purse of gold to the Major and his estimable wife by their neighbors, the presentation speech being made by Rev. Campbell of Maxwell, to which Major Dow feelingly responded. This purse, however, constituted but a part of the remembrances which came from friends far and near, and which included gold coins, a gold watch for the hostess, a gold headed cane for the host, and many other articles of gold or gold-trimmed, the whole forming a valuable and most appreciated collection.

The afternoon guests took their departure about six o'clock, each expressing to Major and Mrs. Dow the pleasure the occasion has brought and wishing them many future anniversaries.

The young people who assembled in the evening were as royally treated as were the guests of the afternoon.

It is with much regret that we learn that we are soon to lose Major and Mrs. Dow from Lincoln county, the Major having received the appointment of superintendent of a larger and more important national cemetery in Arkansas, and will depart in a week or so. They have made every acquaintance a friend, and the best wishes of all will accompany them.

Do You Want to Make Money?

The only way you can get the most profit out of raising hogs is to fence your farm and let them gather up the waste for you. In fencing the only way to spend your money is to buy the best—That is American. Eighty per cent of all the woven fence made and sold in the United States is American, that should prove the quality.
