A very large, enthusiastic and highly pleased audience witnessed the Hanford production of "The Winter's Tale" at the Keith Friday evening. In the dual roles of Leontes and Antelycus, Mr. Hanford gave evidence of his ability, and in his more tragic parts as king received unstinted applause. Miss Dronah in her defensive plea in court gave emotional acting that has never been surpassed on the local stage. The stage settings were exceptionally good, especially the closing scene of the last act when the statue of Hermione turns to life.

C. O. Weingand returned Saturday afternoon from a trip up the North River branch. He spent several days in Lewellen, Oakkosh and Lisco. He is very enthusiastic over conditions in that section and is of the opinion that the people of North Platte should wake up to a full realization of what the development of that country means to this city. As an indication of the improvements that are being made, Mr. Weingand states that the Oakkosh Lumber Co. has received forty-two cars of lumber since January 1st in addition to lime and cement.

Farmers' Attention!

We wish to call your attention to the fact that the National Fire Insurance Company of Hartford, Conn., backed up with assets of \$8,257,350 has commenced to write HAIL INSURANCE in this state this year. This is one of the strongest fire insurance companies in the United States and they are writing HAIL INSURANCE at the lowest possible rates.

Pushing the Work.

Up to Saturday evening the track-layers on the North River branch had reached a point twenty-seven miles west of Oakkosh. Since tracklaying was resumed, seven miles have been laid, or an average of about 4,800 feet per day. One hundred and seventy laborers are engaged in track laying and 120 are surfacing. It is expected that trains will be running into Northport by July 1st, and that when that point is reached there will be a daily train service; that is a train each way.

It is not considered probable that when the road reaches Northport that work will cease; it is almost certain that before fall trains will be running into Gering, and it may be that the work will be pushed on toward Medicine Bow. Nothing has, apparently, occurred that would tend to cause the company to abandon its proposed line to Medicine Bow.

The route is so favorable as to grade and distance, as compared with the present main line, that the present day economy practiced by railroads as to time and fuel, makes the Medicine Bow short line one to be desired, as transcontinental competition grows sharper, such route becomes almost a necessity.

The County Fair a Success.

The county fair given in the high school building by the students Saturday evening proved a success as an amusement feature, and gratifying financially, the receipt being in the neighborhood of \$80.00. Different attractions were to be found in each of the eight rooms, in the arrangement of which considerable ingenuity was displayed. Several of the features were particularly good.

In Service Forty-three Years

P. J. Gilman has been notified that he has been placed on the Union Pacific pension list. His pay dates from November 1st, 1908, and he will receive his first check May 16th. Mr. Gilman came to North Platte in the spring of 1867 and for three years was in the service of the road as brakeman between North Platte and Omaha. In 1870 he became a telegrapher at the local office. He continued in that vocation until last November when he was compelled to relinquish that position by reason of ill-health. For ten years prior to his resignation he was manager of the consolidated offices, and before the consolidation he was manager of the Western Union.

It is now reported that double tracking on the Union Pacific between Watson's Ranch and North Platte will not begin until the completion of the North River branch to Northport, which will be about July 1st. The 300 laborers employed on the branch will be used on the double-track work.

ALL UNSTRUNG.

Many North Platte People Suffer From Nervous Trouble and Don't Know Why.

Thousands of cases of kidney trouble show few outward symptoms except nervousness, depression, languor, irritability and an inclination to worry over trifles. It is generally due to the poisonous action of uric acid on blood and nerves and can't be cured except by curing the kidneys. Doan's Kidney Pills cure these ills by curing the kidneys. North Platte women are learning it. Here's a local case.

Mrs. Caroline Smith, Eighth and Pine Sts., North Platte, Neb., says: "I can recommend Doan's Kidney Pills as a most effective remedy for kidney complaint. During the past six years I suffered terribly from this trouble. At times my feet and limbs swelled to twice their natural size and on this account it was impossible to wear my shoes. My back ached constantly, I was nervous, rested poorly and usually got up in the morning feeling tired and completely worn out. About a year ago my general health was greatly run down and nothing I took seemed to do me the least bit of good. When Doan's Kidney Pills were brought to my attention I procured a box at A. F. Streitz's drug store and in a short time after commencing their use, the back-ache and weakness through my joints was removed. Now since using five boxes of the remedy I am completely cured."
