The high school cadets will give an entertainment at the Keith theatre this evening for the purpose of raising funds to defray the expenses of their encampment. The program includes a play that has much merit and a number of military evolutions by the cadets, the whole forming a very interesting program.

The base ball committee held a meeting Wednesday evening and made arrangements for the construction of 600 feet of board fence, a grand stand with a seating capacity of 200 and bleachers accommodating a like number. A manager will soon be selected, the team organized and a schedule of games made.

While not much stir is being made over the Chautauqua, the officers are going ahead with the work and have all the preliminaries completed. The attractions are such as to command a large attendance, and it is up to the people of North Platte and surrounding section to patronize it and make it a success.

Cal Lowell, the new chief of police, assumed his duties Wednesday morning, but up to this morning his services had not been needed to preserve the place and dignity of the city. Last year a number of thousands of these trees were set out, and this spring about seventy per cent of them are alive. These trees do better in the canyons than on cultivated ground, probably because they are better protected.

Death of Mrs. John Sandall.
Mrs. John Sandall, of this city, died at an Omaha hospital Tuesday evening to which place she had been taken and an operation performed ten days previous. Death came suddenly and unexpectedly and was due to the clogging of the heart. Thirty minutes before death she gave no evidence that the end was so near, in fact the attending physician considered her out of danger and progressing satisfactorily toward recovery. The deceased had been an invalid for some time preceding the operation.

Mrs. Sandall, who was fifty-three years of age, had been a resident of North Platte for over thirty years, and was highly esteemed by all acquaintances and was a devoted wife and mother.

U. P. Wins Right-of-Way Case.
In the federal court at Omaha Tuesday Judges W. H. Munger and T. C. Munger handed down a decision in which the Union Pacific is entitled to a 400-foot right-of-way through Nebraska, contrary to the contention of land owners along the road that the right-of-way was but 200 feet. Under the decision all land within two hundred feet of the center of the track is restored to the company. The average amount of land restored is thirty-six acres to the section and the total amount between Omaha and the Wyoming line is in the neighborhood of 18,000 acres.
Under this decision the Union Pacific owns Front street in this city, can use it for such purposes as it may desire, and no one can have legal objection. The decision is therefore one of considerable interest to Front street property owners.

City Council Proceedings.

Tuesday evening marked the end of McCabe administration of city affairs, and the induction of Mayor Patterson.

The old council held a brief session, and granted certificates of firemen's service to Wm. Dunn, I. W. VanDoran, Eric Broeker, J. E. Grace, Maurice Guillaume, C. F. Temple and Chas. Ericsson.

The petition for a sewer down Sycamore street was rejected, for the reason that there is on file a petition for a sewer in the alley covering the same territory.

Bonds of the newly elected officials were examined and approved and the old council adjourned sine die.

The new council then convened, the oath of office administered, and on motion E. R. Goodman was elected president of the council.

Mayor Patterson announced the following appointments: City attorney J. J. Halligan; street commissioner and sewer inspector, W. B. Salisbury; chief of police, C. A. Lowell; night policeman and light inspector, Sylvester Friend; city physician, Dr. D. T. Quigley. These appointments were unanimously confirmed. Joseph Wilson and Willads Hansen were appointed special police without pay, and the election of Chas. Sandall, chief of the fire department and Norman Loudon, assistant chief, were confirmed.

A petition was signed by about fifty citizens was presented by Revs. Porter and Favoright protesting against the issuance of all saloon licenses. These petitioners had no particular charges to make against any applicant, but protested on the grounds that no saloons would better the conditions in the city.

The petitions for the six saloon licenses and three druggists' permits were examined found to be regular in all respects, and the licenses and permits were granted.

Petitions for two sewers were presented and considered. District E takes in blocks 1, 8 and 9 in Miller's addition and District G blocks 4, 5, 12 and 13 in the same addition. The petitions were accepted and June 8th set as the day of hearing.

The billiard and pool hall ordinance was read a second time, and will come up for final action at the next meeting of the council.

On motion of Goodman the city engineer was instructed to go over his last year's appraisal of the water plant, revise and bring it down to date, and present same at the next meeting of the council.
City Engineer Welch was given an appropriation of \$15 or \$20 to conduct an experiment for taking care of the storm water.

E. S. Davis was employed to audit the books of the city clerk and city treasurer, and the council then adjourned.
