TUESDAY MAY 11, 1909:

State Auditor Barton's office has summed up the total of appropriations made by the legislature for 1909-10, and finds it to be \$836,497 more than the total appropriations made by the republican legislature for the two years previous.

Representative Sink, of Grand Island, says the time is now rips for the removal of the state capital from Lin-coln to his city, and says "we'll have this thing started and the capital cinched before Lincoln wakes up to the fact that there is a possibility of losing it." Go shead, Mr. Sink, the people west of the one hundredth meridian will back you.

The Nebraska railroads are now ready to comme e their fight against the two cent passe yer rate in this state, the Union Pa ic, Missouri Pacific, Burlington and Rock Island combining their legal talent for the test case. It is said that Attorney General Thompson has the evidence already in hand to prove that the two cent rate is renumerative to the roads.

A dispatch from Nairobi, British East Africa, announces that the natives have named Theodore Roosevelt Bwanna Tumbo. As there are few African scholars among Tribune readers and it would be difficult to guess the meaning of the name, you shall be kept no longer in suspense. Bwanna Tumbo means "portly master." The natives have placed him high on the list of mighty hunters and constantly marvel at his marksmanship.

Deputy County Attorney Charles E. Matson severed his connection with the office of the county attorney yesterday and J. B. Strode will assume his duties as the successor of Mr. Matson Monday morning. The retiring official has been connected with the office for about five years, first as an assistant under County Attornev Caldwell and later as deputy under Frank M. Tyrreil. "I part with Mr. Matson with keen reget," said County Attorney Tyrreil. "He has been a most satisfactory deputy and I think highly of his attainments as a lawyer." Mr. Matson regional as a lawyer." signed a short time ago to accept ar advantageous business deal at North Platte.—Lincoln News.

Gee! mebbe that Record-Herald reporter didn't start something when he went west early this spring with the White Sox on their, journey to the pa-cific Coast. In off-hand, descriptive parlance he wired from Grand Island, Neb., that they were "passing through the wastes of Nebraska." This got Mr. J. T. Dunlap, advertising manager of The Twentieth Century Farmer, and all other loyal Nebasskans, all roused up, and naturally. We quote from the red-hot. right-off-the-fire little rom the red-hot, right-off-the-hre little booklet issued by The Twentieth Cen-tury Farmer: "The forlorn wastes of Nebraska," wrote the Record-Herald s correspondent. "Forlorn wastes" that paoduced 178,000,000 bushels of corn, 56,000,000 bushels of oats, 43,000,000 bushels of wheat, 8,000,000,000 bushels (Come in and let us show you of potatoes, 2,000,000 tons of alfalfa, \$50,000,000 worth of cattle and \$12,000 000 worth of hogs in 1908. Rivaling the tragedy at Lodge Pole last February when a teacher was frozen to death in the same vicinity, was that of last Monday. Frank Vosika was burning weeds on a favorable day, as he thought, when a whirlwind carried the blaze across the plowed ground and on to range near Wm. Mica's home. As usual in this country every man, woman and child turned out to save the woman and child turned out to save the property. Among them was Lillie Mica, a strong girl of fifteen who carried water to the fighters that they might wet the sacks with which they whipped the flames. When the fire was stayed the child fell down without a struggle, dead.—Sidney Telegraph.

Where Ignorance is General.

President Taft rises at 8 s. m., breakfasts at 8:30, goes to his office, answers a part of his mail, confers with the public and numerous officials till 3:45. when his lunch is served in his private office. Said lunch consists of two large apples and a glass of water.
Yet the world is half full of people

who think if they don't load their stomachs three times a day they are not living.

Most of them are dying to the tune
of "three square meals a day", and

don't know it. More people in the United States suffer from overeating than from being

underfed. And there is more ignorance among otherwise intelligent people about eating than anything else in the world. Few people know what to eat, how

o eat or when to eat, Mastication, digestion and assimilation are pretty nearly lost arts among beings by courtesy called human.— Cheyenne Tribune.

Chief of Staff of Hot Springs

At Pacific Hotel May 19th He Will Make no Charge for Consultation or for Examination.

The Chief of Staff of the Hot Springs Doctors is making his annual tour of the state, visiting the towns and cities calling on their patients in each com-munity, and consulting with new pati-ents who are desirous of the great treatment that cures all chronic and nervous diseases of men and women-the phe nomenal success of the Hot Springs treatment is due to the fact that it removes from the patient's sys-tem the cause of disease; usually doc-tors treat the symptoms of the case, in stead of making a complete diagnosi-and then removing the cause as do

Nothing uncertain about the work of Donn's Kidney Pills in North Platte.

There is plenty of positive proof of this in the testimony of citizens. Such evidence should convince the most skent puts them in the front ranks of American Specialists. After they make a painstaking examination they are in a position to state positively whether or not a cure is possible; if not they tell the patient so and refuse to undertake a cure. If they do undertake a cure the patient is cured. They do this at extremely reasonable cost, they ask no fee at all until the patient is complete-

Chronic and nervous diseases like rheumatism, authma, bronchitis, goiter, diseases of the heart, blood and lung diseases, catarrh, gall stones, epilepsy, kidney, stomach and bladder troubles, and female diseases must yield to the treatment as given by these noted Specialists. In their Lincoln offices are thousands of letters from people who have been restored to health, in many instances these people could not have been cured were it not for the Hot Springs treatment. For example take the case of Mrs. White who lives at University Place, Neb. These Specialists made a careful examination of her case and found that she was suffering from rheumatism, kidney and stomach trouble. After taking treatment, here is what she says in her own

University Place, Neb., April 18, '09.
Words almost fail me to tell how
thankful I am for renewed health and strength after suffering with stomach trouble which eventually reached a stage where I could scarcely retain food, and suffered great pair. To add to my trouble I was also afflicted with rheumatism which swelled my feet and hands so that I was helpless. I tried several local doctors but their treatment failed to give me any relief I began to take the Hot Springs Doctors treatment and commenced to improve at once, and now at the end of twelve months I am entirely recovered and feel as well as at any time of my ife. I am glad to recommend the Hot Springs treatment for what it has

done for me, to any who may be afflicted in the way I have been.

It has been just about one year since Kind Providence sent you to Smith Center and we are certainly thankful for the help you have ren-dered us. Wishing you unbounded suc-

MR. and Mrs. S. L. AMIS. to health is available to the people in this section for it is this wonderful system of treatment that the Chief of Staff of the Hot Springs Doctors bring

to us on May 19, Pacific hotel.

As the Specialists will be here only one day, it is respectfully requested that people do not call out of idle curiosity. He will be busy with patients who really need his services and it would be an imposition to take up his time idly. It is also important to announce that married women who wish to consult with the Chief of Staff must be accompanied by their hus-bands, and all minors by their parents. If you are suffering with any chronic or nervous disease and desire to be restored to health, vigor and happiness, don't fail to call May 19, 1909. The permanent offices of the Hot Springs Doctors are located at 14th and O street, Lincoln, Nebraska.
