Eighth Grade Field Events.

The field events, held Friday afternoon in connection with the commencement exercises of the Eighth grade of the county schools, resulted as follows: Relay race, east eighth grade of North Platte first, picked team second; standing jump, Robt. McWilliams first, Dave Ryan second, Geo. Cartwright third; running broad jump, Ryan first, McWilliams second, Cartwright third; shot put McWilliams first; 100-yard dash Palmer of Hershey first, Ryan second. In the ball game Miss Smith's eighth grade won from a picked team from the county schools by a score six to three.

DIXON, The Jeweler.

Denver 8, North Platte 4.

Before an enthusiastic audience of 600 or 700, the Denver league team defeated the local team Friday by a score of eight to four. Denver had three earned runs and North Platte three, the latter making six errors that resulted in having five of the grizzlies reach first base. With the exception of the error plays, the local team gave a good exhibition of ball. Lowell occupied the box and kept the visitors down to seven hits, while the Denver pitcher was touched up for ten. Features of the game were Paul's two-baggers, and three double plays by the locals.

The score by inning:
Denver.....2 2 0 1 1 2 0 0—8
North Platte.....0 2 0 2 0 0 0 0—4

Fred Westenfelt Married.

The Evanston (Wyo.) Press of May 22d contained this notice of the wedding of a former North Platte young man: Married at the home of the bride's parents, Mr. and Mrs. W. H. Blanchard, on Sunday evening May 16, their daughter, Florence, and Mr. Fred Westenfelt, the ceremony being performed by the Rev. Hiram Bullis of St. Paul's church, in the presence only of the immediate relatives of the family.

The attendants were: The bride's brother, Charles Blanchard, and wife. During the evening a sumptuous wedding supper was served and a delightful time enjoyed by the relatives and a few invited friends.

The bride is well and favorably known here, having been born and reared in this city, while the groom is a popular and progressive young man, and a violinist of ability. He has become quite popular during his short residence in Evanston.

The young couple will make their home in this city, and the Press takes pleasure in joining their many friends in hearty congratulations and best wishes.

Wireless Telephone System.

A wireless telephone system is to be installed along the Harriman line between San Francisco and Omaha, Neb. D. Milliner, the electrical expert of the Union Pacific railroad, is now working on the preliminary scheme of installation and will try to perfect a system whereby all trains may be kept in communication constantly. The machinery will be installed in the baggage cars, and a system of flash signals will call the attention of the operator to the wireless apparatus, and it is expected that telephoning between stations and trains will become as easy as the ordinary method of telephoning.

Memorial Day.

Sunday was a very disagreeable day on account of the high wind, but this did not to any extent interfere with the popular observance of Memorial Day. During the forenoon the G. A. R. post and the W. R. C. went to the two cemeteries and strewed flowers upon the graves of the departed soldiers, and held the customary ritualistic service. The attendance at the North Platte cemetery was unusually large.

In the afternoon a service was held at the Keith theatre, the G. A. R. service being read and music furnished by school children and others. The attendance was fairly large.

In the evening a large audience assembled at the theatre and were entertained by addresses by Rev. Gilman and Rev. Porter, and selections by a male quartette. Rev. Gilman, who has been stationed as a missionary in China for seven years, told of the respect a citizen of the United States receives in China, a card bearing the inscription "I am a citizen of the United States" insuring the bearer courteous treatment. Rev. Gilman's remarks were along the line of gratitude to our forefathers for the benefit we enjoy today.

The principal address of the evening was made by Rev. Porter, and it proved a most able and interesting one, in which high tribute was paid to the departed brave as well as to the veterans still living.

Skins North Platte.

The Gothenburg high school ball team came up Saturday morning and in the afternoon defeated the local high school team by a score of eleven to three. All but three of the runs made by the visitors were through errors made by the North Platte boys. Corbin Jones occupied the box for the locals and did good work, but his support was poor.

John Guloso, an Italian laborer employed at the ash pit in Cheyenne, started one of the big engines off the pit and could not stop it and it piled into the turn table pit. Guloso was pinned between the tank and boiler head and scalded to death.

Another nice rain fell Sunday night and yesterday, thus keeping the ground in fine shape for the growing crops.

The opposition of white engineers to work on equal terms with negroes is the cause of a strike which has tied up 500 miles of the Georgia railroad. Negroes have long since been barred from the right window of the cab. The position of fireman they are allowed to hold, but they have not the white fireman's prospect of promotion to the throttle. Only enough white men work as firemen to form feeders for the ranks of the engineers. The negro firemen have, when competent, been given passenger runs; white firemen object to this and demand that they be given the preference.

AN ARRAY OF SPLENDOR.

A Pageant of Spectacular Glory Shown by the Hagenbeck-Wallace Shows.

The circus parade having become an honored institution with the public, and the event looked forward to with keen interest, the great Hagenbeck-Wallace Shows, which exhibit here Saturday, June 12th have not abandoned a feature so essential to complete realization of all circus day calls for and promises. Rather, there has been greater effort than ever before to make the pageant of the present season more inspiringly beautiful and novel than those that have gone before. With complete reconstruction and enlargement of the Hagenbeck-Wallace Shows the task became comparatively easy, merely calling for a financial outlay in proportion to that in other departments. The thousand people and four hundred horses were sufficient in number, but the demands of the parade designers were for new floats, dens, cages, lairs, tableaux cars, band vehicles, chariots and new costumes and trappings throughout. An appropriation amounting to a small fortune was called for and made. Artists who have made a specialty of festival decoration designed the many new wagons, directed their construction and personally worked out the splendid color schemes. Expert costumers designed and constructed the variegated uniforms and regalia, using the richest clothes and finest materials. The clothes of gold and silver and the howdahs with which the elephants are covered and bedecked are of Oriental design and architecture and rich in coloring beyond description, filigreed trappings of the horses and their bejeweled bridles and head-dresses are triumphs of the art of the harness maker and silversmith. Banners an heraldic devices are of embroidered silks and satins. The Oriental section lends a picturesqueness beyond compare. Animal cages containing rare and wonderful wild beasts, trained to obey the master-will of man, are disclosed to the astonished gaze, while the marvelous zoological exhibits are shown in all their savage beauty. Such is the veritable fairyland of pageantry outshining the Arabian nights and feasts of India, gathered together in a pride that has never before been equaled by a circus aggregation.

DECIDE YOURSELF.

The Opportunity is Here, Backed By North Platte Testimony.

Don't take our word for it. Don't depend on a stranger's statement. Read North Platte endorsement. Read the statements of North Platte citizens. And decide for yourself. Here is one case of it: Mrs. G. Smith, North Platte, Neb., says: "After recovering from an attack of typhoid fever, our little boy suffered for about a year from pains through his back and a badly disordered condition of his kidneys. He had a constant feeling of weakness and at times was so languid that he could hardly drag himself around. The kidney secretions were too frequent in passage and part of the time he had no control over them. There was a dull

heavy ache through his back and sides that annoyed him terribly and though we consulted doctors about his case, the medicine they prescribed did not bring any permanent benefit. A few months ago we learned of Doan's Kidney Pills and procured a box at A. F. Streitz's drug store. The prompt relief our son received from the use of this remedy was very gratifying and I am glad to say that he was finally restored to good health." For Sale by all Dealers. Price 50 cent. Foster-Milburn Co., New York. Sole Agents for the United States. Remember the name—Doan's—and take no other.

NOTICE TO CONTRACTORS.

Bids will be received until four o'clock p. m. on Monday June 14, 1909, at the office of Superintendent W. P. Snyder, on the Experimental Sub-station farm, at North Platte, for the construction of a two-story frame dwelling house upon said farm, according to plans and specifications on file in the office of the said Superintendent Snyder. Bidders must examine carefully this notice and the specifications. Bids must conform strictly to the plans and specifications and to the requirements of this notice. Each bid must be accompanied by a certified check on some North Platte or Lincoln bank payable to the University of Nebraska, unconditionally for the sum of Fifty Dollars (\$50.00). The check of the successful bidder, in case of an award, will be held as a guarantee for furnishing to the superintendent of construction schedules of materials with quantities and prices, signing the building contract in form as proposed and furnishing security company or other satisfactory bond in a sum equal to one-third of the contract price of the building. Both the security offered and the form of the bond must be satisfactory to the Board of Regents or its building committee. In case the successful bidder fails within two weeks from the date of the award to file said schedule, marked on the outside with the bidder's name and the words "Building bid," the bid will be opened and inspected as soon after the date above set for filing the same as the Board of Regents or its building committee can be conveniently assembled. The right is reserved to reject any or all bids. J. S. WALES, Secretary.
