

WATCHES.

Our stock of watches speaks eloquently of good things, and there are many people whose happy experiences confirm the reliability and worth of them.

Our success as watch sellers has not been merely fortuitous, but is the result of the unwavering integrity and knowledge gained by long years of study. Every watch we sell is a guaranteed time keeper.

Thus you have more reason to consider this store as an object worthy your seeking.

"SHOW ME"

While probably only a small percentage of prospective purchasers of mowing machines are born in the state of Missouri, there seems to be no remark that applies more perfectly to the condition of mind of mower buyers than the one that is nationally associated with the state of Missouri, "Show me." In no other way do the majority of us get so good an idea of an article or proposition as by seeing. Prospective mower buyers come in and see the old reliable Standard Mower. It was the best mower fifty years ago and it is the best today. We carry all sizes of the mower and rake.

Yours for the Mower trade,

Workman & Derryberry.
