Major John M. Burke, for years associated with Colonel W. F. Cody in the Buffalo Bill Wild West show, arrived Saturday night. The major is here to pave the way for the coming of the Buffalo Bill Wild West show, which will be along during the latter part of August. "Colonel Cody made a ten-strike when he associated himself with Pawnee Bill," said the major. "The joining of the far east with the wild west has made a hit all over the country and the 'Bill' show is doing the banner business of its existence. For the last week the show has been in Chicago and every night canvas has been spread on the ground to accommodate all who wished to get into the show. The Buffalo Bill show started from Omaha over twenty-six years ago and that start was surely a mascot, as it has been and still is one of the biggest drawing cards before the public today."—Omaha Bee.

U. P.'s 400 Foot Right-of-Way.

Property valued at millions of dollars in many towns between Denver and Cheyenne on the north and along what was formerly the old Kansas Pacific to the east will ultimately be taken from its present possessors by the Union Pacific Railway company if the rights which it is asserting to a 400-foot right-of-way at Brighton are upheld by the U. S. supreme court, says the Denver News. In fact, the officials of the road declare that the supreme court has adjudicated cases in Kansas based upon precisely the same principles, and that the railway company has the authority of the highest court in the land to take possession of the 400-foot right-of-way whenever it shall see fit.

The magnitude of this move can be realized when it is stated that in most of the towns on the Union Pacific north to Cheyenne and at least as far east as Cheyenne Wells the right of way claimed by the railway is occupied by mercantile buildings and residences. Not only will city property be taken, but valuable farm lands along the lines mentioned, if the Union Pacific wins its test case.
