The following communication was received from City Att'y Halligan in regard to the interpretation of the water franchise:

North Platte, Neb., July 16, 1909. To the Honorable Mayor and Council, of the City North Platte.

Gentlemen:

In accordance with your request, I have examined the ordiance of the city of North Platte, granting to the waterworks company, its franchise, and also the proceedings in which appraisers were appointed to appraise the plant in this city, and I have the honor to report that in my opinion said ordinance and proceedings under which said appraisers were appointed, does not constitute a contract, under which the city of North Platte can be compelled to take the waterworks, at the appraisement fixed by said appraisers.

The contention that such proceedings constituted a contract, obligatory upon the city to purchase the waterworks, is without doubt, based upon the case of the Omaha Water Company vs. the the City of Omaha, 162 Federal Reporter, Page 225, and I have examined the the City of Omaha, 162 Federal Reporter, Page 225, and I have examined the city to purchase the waterworks, is without doubt, based upon the case of the Omaha water Company vs. the the City of Omaha, 162 Federal Reporter, Page 225, and I have examined the city to purchase the waterworks, is without doubt, based upon the case of the Omaha case is not authority in the metter in controversy, between the City of North Platte and the North Platte Waterworks Company Respectfully submitted, (Sgd) John J. Halligan.

The same was received and upon motion was place file.

Gustavus A. Hesse was born in the state of Pennsylvania on June 30, 1832. Here he worked as a farmer, until the early fiftys when he came to Bellevue, Sarpy county, Nebraska, where he farmed until June 30, 1861, when he heard the call of Father Abraham and enlisted as a private in Co. G First Nebraska Cavalry. He served his country faithfully and well and was discharged on Dec 31, 1863. On Jan I, 1864, he re-inlisted and served juntil the end of the war of rebellion, and was honorably discharged on July 1, 1866, at the age of thirty-three. Immediately after the close of the war, he settled in Omaha and remained there until March 1867, when he again moved to Sarpy Co., remaining there until May 18, 1873. In Aug, 1873, he removed to Lincola Co. and has lived at 420 East 2d St., ever since.

2d St., ever since.

After he removed here he worked for

Schatz and Claubaugh of this city.

The contract for building an addition to the Third ward hose house and repairing the other hose houses was awarded to A. E. Huntington.

The following estimate of the city engineer for a new waterworks was read and upon motion the same was received and placed on file:

North Platte, Neb., July 20, 1909.

To the Honorable Mayor and City Council, North Platte, Neb.

I herewith submit the following estimate for a new waterworks system.

The proposed water supply system is to consist of wells approximately 200 feet deep, striking the same strata of water as that tapped by the Peniston well. This strata of water to be tested by pumping from a test well to determine whether the supply will be ample.

The plant is designed to he leasted in the contract for painting the contract for a new waterworks was read and upon motion the same was received and placed on file:
