The Tariff Platform.

At the republican state convention at Lincoln Tuesday, the following plank relative to the tariff was embodied in the platform:

"We approve, commend, and unqualifiedly endorse the stand taken by President Taft in the matter of tariff revision. We are counting on him to see to it that the party's platform promise of revision is redeemed by the enactment of a tariff bill acceptable to the people, and we would approve the exercise of his veto on any bill that does not conform to his construction of the platform pledge which he has said means 'revision downward within the limitations of the protective principle.' We look to our senators and representatives in congress to sustain the president in this position and we commend them for their efforts in support of the party's pledges and the president's policies.

We approve and endorse the Brown resolution adopted by congress submitting to the several states for their action a proposed constitutional amendment empowering the federal government to levy and collect taxes on incomes."
