

WATCHES.

Our stock of watches speaks eloquently of good things, and there are many people whose happy experiences confirm the reliability and worth of them

Our success as watch sellers has not been merely fortuitous, but is the result of the unwavering integrity and knowledge gained by long years of study. Every watch we sell is a guaranteed time keeper.

Thus you have more reason to consider this store as an object worthy your seeking.

Early next month Geo. M. Graham will go on the road for an eastern shoe house, traveling about three months in the fall and a like period in the spring, and devoting the remainder of the time to his local business interests which he will still retain.

Last night was exceedingly lively on the streets and considerable excitement was created by the bond boosters and their opponents. Many heated arguments occurred and in one or two instances the disputants came to blows.

Three final proofs and one contest are being heard at the local U. S. land office today. This is nearly an average day's business, and is evidence that the land business has not by any means gone a-glimmering.

The missionary society of the Lutheran church tendered Mrs. John F. Seibert a pleasant surprise Friday afternoon in the way of a farewell party. There was a large attendance of members and the afternoon was pleasantly passed. The members presented Mrs. Seibert with a souvenir spoon and a badge of the society.

Many improvements are being made at the North Platte roller mill which tend to increase the output of the plant and at the same time make a superior grade of products. The flour now produced at these mills is the equal of any, and yet North Platte householders are slow to exclusively use it. Our people do not seem to catch on to the undisputed fact that the way to make a greater and better town is to patronize home industries.

"His Wife's Honor" Co., which had been rehearsing at Gothenburg for ten days, arrived here Friday morning and presented the play at The Keith in the evening. Following the performance, the manager and his wife left on one of the night trains leaving four of the company—two men and two women—stranded. Manager Stamp kindly offered to share receipts at a Saturday evening vaudeville, and thereby they were enabled to get out of town. In addition to their share of the receipts of the performance, Manager Stamp made a donation of money to each of the two ladies.

The proposition to vote one hundred thousand dollar bonds for a new water plant is up before the voters of the city today and considerable activity is shown in getting out the vote. This hustling will no doubt result in a heavy vote, much heavier than at any previous election in which the waterworks question has figured. Those favoring the bonds are confident that they will secure the necessary two-thirds vote, while those opposing the bonds seem to be equally confident that they will be defeated.

Free Lecture.
Mrs. Mary P. Edmunds, of Omaha, will give a free lecture to the ladies of North Platte, under the auspices of the aid society at the Methodist church Friday afternoon, August 27, at 3 o'clock. Subject "What Women Ought to Know." All ladies are cordially invited to attend.

"Texas" Saturday Evening.

The coming production of "Texas" which will be given a presentation in this city next Saturday evening is not, as the name might imply a melodrama, but a high class comedy. "Texas" was written by J. Maudlin Feigal a native of the One Lone Star State, and the story shows the knowledge of the subject complete in every respect. It is "Texas" the keen edge of interest is sustained without lapse; the characterization is accurate, vivid and individual; the life of the rancher is powerfully set forth in scenes and situations and incidents that smelt of the soil, and the story is told with extraordinary energy and praiseworthy directness. No person not a staid codic sit through it unmoved.

Washington's Plague Spots

In the low, marshy bottoms of the Potomac, the breeding ground of malarial germs. These germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility and bring suffering or death to thousands yearly. But Electric Bitters never fail to destroy them and cure malaria troubles. "They are the best all-round tonic and cure for malaria I ever used," writes R. M. James, of Louellen, S. C. They cure Stomach, Liver, Kidney and Blood Troubles and will prevent Typhoid. Try them, 50c. Guaranteed by Stone Drug Co.

ROACHES AND WATER BUGS

Get into the best kept houses in spite of every precaution. It seems impossible to keep them out. They are often brought into the house in the grocer's basket or some parcel delivered by a tradesman.

A remedy exists for this evil

in ELKAY'S Ant, Bug & Roach Powder

Just dust it in all damp places and you are safe for the season. It never fails. Four sizes: 15c., 25c., 45c. and 75c.

WHEN PROPERLY CARED FOR

harness made by Fink will last for years, for the simple reason that in the first instance nothing but thoroughly tanned, stout stock leather—oak tanned whenever that's the best to use—goes into it, and because the necessary cutting, sewing, riveting and adjusting are skillfully done by experts at the business. Fink's harness is always a good investment for any owner of a horse.
