TWENTY-FIFTH YEAR.

NORTH PLATTE, NEBRASKA, SEPTEMBER 3, 1909.

NO 64.

Announcement by North Platte Mill & Grain Company.

The North Platte Mill & Grain Co. are now completing improvements to their mill and elevator costing five thousand dollars. With these improvements they will be in first class condition to handle all kinds of grain with the minimum amount of labor and their milling department will be one of the most complete in the state for turning out an absolute high grade flour. Every sack of this flour will be guaranteed to give entire satisfaction or money refunded.

In order to introduce this flour into every household in North Platte and Lincoln county we have decided, commencing Saturday morning, August 28th, to offer as an inducement a special low price on same retail at less than wholesale price, so that every family rich or poor, big or little can afford to try a sack of this flour and be one of our many satisfied customers.

Until further notice we quote the following prices for cash only, delivered to any part of the city in any quantity ranging from one sack to a carload as follows:

Best XXXX High Patent per sack.....	\$1.25	Graham Flour per 24 lb. sack.....	.65	Bran per 100 lbs.....	.90
Gold Crown Patent per sack.....	1.15	Rye Flour per 24 lb. sack.....	.65	Corn Chop per 100 lbs.....	1.15

Our phone number, until we can get our new office built, is 7, The Iddings Co. If you have no phone drop us a card or call at office. We solicit the patronage of all the citizens who believe in encouraging home enterprise and thereby building up a larger and more enterprising city to give our goods at least a fair and impartial trial. Do not let your grocery dealer persuade you that they have something as good or better made elsewhere but insist and take nothing else excepting that made by North Platte Mill & Grain Co. In this way you will convert the local dealer to patronize home industries and in turn he will help build up a larger and more enterprising city.

Thanking you in advance for any favors you may give us we beg to remain

A Mammoth Stock.

A Tribune representative had an opportunity of inspecting the fall stock of goods at The Leader yesterday, and to say that he was amazed at the quantity and quality of goods carried is drawing it mild. All available space on the two floors is occupied, in fact there is scarcely half enough room in the big building to properly display the stock and wagon loads of goods are stored under counters, and display tables because of insufficient shelving to display them.

Not only is there quantity, but there is quality; it is not cheap trash merchandise, but the best of everything that the market affords, and such will be found in every department. Mr. Pizer knows that a large percentage of the North Platte and Lincoln county buyers demand good goods and it is this class of trade that he desires to have and to which he caters, for there is more pleasure in selling reliable merchandise—goods that can be recommended—than that class which is flimsy and unserviceable.

While Mr. Pizer is not altogether ready for his mammoth fall opening, all the new goods are on display and he will be pleased to have the public call and see the new fall styles.
