## FOR WEEK BEGINNING SEPTEMBER 13TH.

### THE GREAT AND GRAND MAJESTIC RANGE

THE RANGE WITH A REPUTATION MADE IN ALL SIZES AND STYLES.

### SOUVENIR FREE,

#### Set of Majestic Ware.

If you call at our store during our Majestic Demonstration Week and allow us to show you the many advantages and superior qualities of the Great and Grand Majestic Range, and will purchase one at the regular price, we will give you FREE the beautiful and useful Souvenir Set of Ware illustrated in this advertisement. This ware is made to match the quality of the Majestic Ranges, and we know all ladies will see the utility of this set, especially the first three pieces, which are entirely new and cannot be had alone by purchase, except at a very high price. The prices of Majestic Ranges are the same, but we give the set FREE with each Majestic Range bought during demonstration week only.

Reasons Why the Great

Majestic you Should Buy.

- 1st. It has the reputation of being the best range money can buy.
- 2d. It not only has the reputation, but is the best range made, and we will prove this to you if you'll let us.
- 3rd. It is constructed of Malleable Iron (material you can't beat) and of Charcoal Iron (material that resists rusts 300 per cent greater than steel) is riveted together air tight. No heat escapes or cold air enters range, thus uses very little fuel to do perfect work.
- 4th. The reservoir alone is worth the price of the range over any other reservoir made. It boils 15 gallons of water, is heated like a tea kettle, with pocket against left-hand lining, and is movable, and sets on a frame, hence cannot wear out. When water gets too hot it can be moved away from fire.

Majestic Ranges use less fuel; heat more water—and heat it hotter; costs practically nothing for repairs; lasts three times as long; bake better; easier to keep clean and give better satisfaction than any other range on the market. If you knew positively that the above statements were true, wouldn't you buy a Majestic at once? Come in during Demonstration Week and we will prove it to you.
