

The North Platte Semi-Weekly Tribune.

TWENTY-FIFTH YEAR.

NORTH PLATTE, NEBRASKA, OCTOBER 1, 1909.

NO 72.

BRING YOUR FRIENDS

Or anybody with you when you come to our store . . .

To buy shoes, in fact we are fond of criticism. It always brings out proof of our excellent price value and of our splendid new styles, our wide range of leathers and the fit we give.

So we are not afraid when you bring somebody along. Remember in our store we DO NOT SELL you shoes—you buy them. May be this doesn't seem important at first, but it is a whole lot, and if you just think back most of the shoes you have bought elsewhere were sold to you. BUY A PAIR OF OURS AND SEE THE DIFFERENCE.

Prices range from \$2.00 to \$4.00.

SMALL, The Big Shoe Man

TOWN AND COUNTY NEWS

Mrs. Harry Walrath returned yesterday from her protracted visit with relatives in Michigan.

C. E. Matson will leave next week on an auto trip to Julesburg and other Colorado towns.

The rear end of the Whelan billiard hall will be remodeled and three additional pool tables placed therein.

The W. R. C. will hold a social at the home of Mrs. J. A. McMichael next Wednesday afternoon, October 5.

George Rendle, storekeeper at the Union Pacific shops, returned yesterday from a trip through the Yellowstone Park.

Claude Delaney and Millard Hoster went to Gothenburg last night, where they will begin the extermination of prairie chickens today.

C. T. Whelan and Evelyn Daly left this morning for Concordia, Kansas, where the young lady will attend a convent during the coming school year.

Mrs. M. H. Douglas returned the early part of the week from division terminals in Wyoming where she inspected divisions of the ladies' auxiliary to the B. of L. E.

Today is the opening day of the prairie chicken season and there is an army of hunters in the field in Lincoln county. Quite a number left town last night in order to be on the ground early this morning.

Frederick Warren, of Tampa, Florida, is expected to arrive in town Monday and will remain several weeks visiting his family and other relatives and incidentally shooting prairie chickens.

Engineer Thomas Orton returned yesterday from Missouri, and his family will be here in a few days, having stopped at Central City to visit friends. They will reside in a house recently purchased by Mr. Orton in the Banks' addition.

Fireman Charley Roache has completed building an automobile and is now entertaining his lady friends with rides in the machine. In building the car Charley gives evidence of his mechanical ability.

Judge Grimes went to Ogalalla yesterday and delivered an address at the county fair. The fair was very successful, the exhibit of agricultural products being fine, and the attendance at the races large.

The delinquent tax list, which will be published Tuesday, will contain less than a thousand descriptions. As there are in the neighborhood fifteen thousand land descriptions on the treasurer's books, it will be seen that a large percentage of land owners do not allow their taxes to become delinquent.

The message carried in the relay race was eighty-seven hours in transit between Philadelphia and North Platte, a distance by road of 1720 miles. Each car enroute therefore made an average of a fraction less than twenty miles an hour. Automobileists will admit that in so long a journey the time made was mighty swift. West of here it was not expected that the time made would be as swift, especially though the mountain section of Wyoming.

The Relay Race.

The Kearney car, a Vello, driven by Weingard, in the Philadelphia Press relay race from Philadelphia to Seattle, reached North Platte at 3:17 Wednesday morning. After Photographer Van Goetz had taken a flash light of the incoming and outgoing cars, the message was transferred to J. B. McDonald's twenty-four Stevens-Duryea, and the party composed of Mr. McDonald, J. E. Fillion, Minor Hieman and Ira L. Bare left for Sidney at 3:22. The run of 129 miles to Sidney was made in six hours and seventeen minutes, an average of about twenty miles per hour. A big crowd greeted the car at Sidney, and the message was transferred to Dr. F. Chester Beebe, driving a Ford, who made the run to Cheyenne. Dr. Beebe was accompanied by Mr. Kingston, a representative of the Press, who expected to ride the cars through to Ogden.

The trip of the North Platte car was a very enjoyable one to the occupants. The night was beautifully moonlight, the air was calm, and the breeze created by the movement of the car exhilarating. The car, both on the outgoing and home-trip, never faltered for a second, and for short distances a speed of forty-eight miles an hour was attained. About twenty-miles of the road at intervals between here and Sidney is very rough; it is necessary to cross many sandy stretches between Paxton and Ogalalla and Big Springs and Julesburg and there are twelve or fifteen sand hills to climb. These hills are not long, but they are time consumers, and in order to maintain an average speed of twenty miles an hour on the trip, it is necessary that the fastest speed possible be maintained on the stretches of road that are good.

The run made by the North Platte car is considered an exceptionally good one, and the occupants were congratulated at Sidney by the Press representative.

Korah Luth Accidentally Killed.

Korah Luth, residing in Deer Creek precinct, in the south part of this county, accidentally shot himself Sunday morning, and died the same evening. While out hunting his gun slipped through a hole in his buggy and was discharged, the charge entering his left shoulder. The team became frightened and Luth, unable to hold them, was thrown from the buggy. He then attempted to walk home, but became so faint that he was obliged to lie down in a ditch by the road side, where he lay from nine in the morning until five in the afternoon, when he was discovered by Charley Brittingham, a neighbor, and conveyed home where he soon died. Luth leaves a wife and three small children.

Wanted for False Pretenses.

C. F. Perry has filed an information against Irving Case, charging him with obtaining money under false pretenses. The information charges that on or about August 23d Perry purchased two horses, a spring wagon and set of harness of Case, paying \$240 therefore, and that later one Frank Case replevined the property, claiming that he owned the same. Irving Case, against whom the complaint is made, is said to be located at Adrian, Mich. Sheriff Miltonberger received a wire yesterday that Case had been arrested at Escanaba, Mich. Sheriff Miltonberger will leave in a day or two to bring back the prisoner.

Stock and Hay Shipments.

This has been one of the best weeks for stock and hay shipment at this station has ever known. On Monday eighteen cars of cattle were shipped and twenty-seven cars of hay, which was a record breaker. Since then there has been a daily average of four cars of stock and six or more cars of hay. Among the stock shippers yesterday were Neal Turpie two cars of cattle, E. Offi four cars of cattle, Herminhausen a car of hogs and Hansen a car of hogs.

Chautauqua Meeting Tonight.

A meeting of the stockholders of the Chautauqua Association will be held at the court house this evening at eight o'clock, and it is earnestly requested that every stockholder be present. Several weeks ago a meeting was called, but on account of the light attendance no business was transacted. Secretary Tout says that unless there is a large attendance at the meeting tonight the plan to hold a Chautauqua in 1910 will be dropped.

For Sale.

Pure bred Duroc Jersey hogs, both sexes, eligible to registry. Also our registered herd boar. All at reasonable prices. Inquiries of or address BLANKENBURG BROS., North Platte, Neb.

The Taylor Addition.

The Taylor Addition is located six blocks south of the court house and city high school on the main thoroughfare of the city.

The entire tract consists of sixteen blocks with large lots, extra wide streets and alleys at the rear of each lot.

The ground is high and almost level, with no trace of alkali in the soil.

This part of town is being built up very rapidly with the best class of residences; there being about twenty beautiful residences erected within a block and a half of this addition within the year. The buildings extend at the present time to within a half a block of this addition on the north and extend past it on both the east and the west; making it partially surrounded on three sides by permanent homes and desirable neighbors.

The entire addition has been resurveyed and permanent iron stakes with flags placed at each corner and wooden stakes at the corner of each and every lot.

There is also a slab erected in the center of each lot with the number of the lot and block printed thereon; so that there will be no mistake made in picking out the lot that a person wishes.

As the lots are sold there will be a red card placed on the lot with the word SOLD printed in large letters.

The prices of the lots have been placed so far below that asked by owners of other lots similarly located that one can easily see a large saving to the buyer. Just do your own figuring.

The price has been placed at from \$150 to \$300. Easy terms will be given or a very liberal discount for cash.

Go right over and pick out the one that you want before it is sold. They are going very rapidly.

The price, terms, location and desirability of these lots considered, there is nothing in the city that can compare with them. Remember North Platte is no longer a small town. It has awakened to the fact that it is fast becoming a city of prominence.

The natural resources and the location of North Platte, the only city in the west half of the State of Nebraska together with the efforts of a splendid council and a commercial club that is awake to the awaiting possibilities will make this a city of twenty-five thousand in 1919. In the meantime property that is bought right will double several times. Get in on the ground floor. Reserve a lot in the Taylor Addition the place where the greatest growth and development has to be.

The minute the Burlington starts to build these lots will double in value. If not for a home, buy for an investment. Now is the time.

The husband and sisters of the late Mrs. J. C. King express their sincere thanks to friends and neighbors and to members of the Rebekahs and Lady Macabees for kindness shown and assistance rendered during the illness and at the funeral of their loved one, and for the floral tributes so generously contributed.

For Sale.

We ask the consideration of the Woman that desires to dress her feet correctly.

THE SATISFYING SHOESTORE.

SOL HODES.

Y. M. C. A. Notes.

We are grateful to W. M. Cunningham for the new zinc which he has so kindly given the association to be used under the stove in the reading room. The intrinsic value of the gift is not what we appreciate so much as the spirit manifested in giving.

All men are cordially invited to the informal sing and talk next Sunday afternoon at 4 o'clock. There will be a short address by Rev. Geo. Franklin Williams, pastor of the Presbyterian church.

The Y. M. C. A. reading rooms will be open from two to six o'clock Sundays.

Lift a little. Get under the other fellow's load. This spiritual fraternity was written upon the heart before it was written in the book. Rub it out and you would wreck the world. Selfishness would shatter heaven. If a poor fellow has fallen, don't step on him, stoop and lift him. The teaching makes mother, nurse and night-watchman to the race. It includes the spiteful, disloyalty, ugly. Anybody would go sit up with one of the best fellows. Paul says go sit with the selfish, ungrateful scold. Let him fuss and let him pile it on. Blessed be the broad shouldered man. SECY.

For Sale.

H. L. Williams, of Gothenburg, who owns several tracts of lands in the east part of the county, transacted business in town yesterday.

Frank Fogg, who moved from near Hershey to Basin, Wyo., will return with his family to North Platte in a week or two. He was not very favorably impressed with Wyoming.

There has been a noticeable decrease during the past week in the west bound passenger traffic. Until recently coaches were more than filled to the seating capacity, now they are only partly filled.

A trunk full of noises is a new idea to most people, but those who visit the Keith Oct. 1-2-4-5 will hear the noises stored in the "property trunk" of the Motion Picture Co. of Washington, D. C. The clatter of hoofs, roar and whistle of the train, the clang of the street car gong and the thousand and one noises of every day life are presented with startling realism. The pictures are clear, steady and brilliant and many of them magnificently hand colored, presented in a thoroughly artistic manner, and covering a wide variety of subjects suitable to all. Remember the date Oct. 1-2-4-5. Price 10 cents to all. Reserved seats 20 cents. Matinee Saturday afternoon at 3 o'clock. 10 cents any seat.

For Sale.

We have good five room house with bath within one block of High School building. If you have \$1,000.00 you can buy it.
