## To every woman in our city

Not every night, but often, you feel tired, worn out, as though you didn't have strength to do another thing.

Have you ever stopped to think "What is the cause?"

You feel this way most when you have been on your feet most, the days when you have stood or walked a good deal.

In nine cases out of ten, SHOES are responsible.

Let us fit you in the Red Cross Shoe. It entirely prevents the burning, drawing and aching that stiff soles cause. It is wonderful how it saves your strength.

Tanned by the special Red Cross process, the sole is flexible, it bends with your foot, relieves all the pressure on the delicate nerves and tendons, giving a feeling of freedom, ease and comfort found in no other shoe.

Let us fit you.

Oxfords, \$3.50 and \$4.00

Democratic candidate for sheriff Joe Tridle, spent Saturday in town "making," as he said, democratic votes. Joe is making a strenuous campaign, and expects to keep on the go until election day. We are sorry for Joe, but he is on the wrong ticket to secure an election.

John E. Ware, who was down from Hershey Saturday, says that the returns from sugar beets are very satisfactory, the greater part of those so far shipped testing a percentage that gives the grower over five dollars per ton. The tonnage per acre varies, ten tons being about the average the section over.

Geo. M. Young, of Medicine precinct transacted business in town Saturday. In reply to an interrogation Mr. Young said that corn fields in his section would yield from five to forty bushels per acre, owing largely to the cultivation the crop had received. With such a variance as this it would seem that farmers ought to soon learn that it pays well to give the corn crop the proper attention.

Sheriff Miltonberger left today for a campaign trip through the north part of the county.

The second game of foot ball of the present season will be played on the local grounds Friday afternoon of this week. The opposing team will be the Kearney high school.

Bert Waite, of Kearney, has been in town for a few days for the purpose of buying a carload of horses. From the prices offered it would seem that horses are worth more here than they are in the south and east.

The woman's auxiliary of the Episcopal church will be held in the chapel Friday evening. Mrs. Cunningham, who was a delegate to the missionary meeting at Sioux Falls, will make a report of that gathering and the missionary work of the church.

About twenty persons, mostly ladies and among them some of the most prominent in town, were present at the initial christian science meeting held at the J. A. Jones residence Sunday afternoon. The services were conducted by Mr. and Mrs. Alden. Services will be held next Sunday afternoon at the Halligan residence.

Judge Grimes expected to leave yesterday for Grant to hold a term of court but received a telegram just before train time stating that one prisoner had not been captured and another had broken jail. As these were the two leading cases to be tried the Judge adjourned court until a later date. The prisoner who broke jail was charged with the illegal sale of liquor.

Manager Lemmer, of the North Platte mills, after expending five thousand dollars or more on new machinery thinks the mill is now one of the best equipped in the state for turning out first class flour, and patrons of the mill are willing to vouch that the product is second to none. Now that we have a mill that produces such good flour, isn't it the duty of every resident of this city and surrounding section to patronize this home industry?

George Ruzza came down from Sidney Saturday and sold to Jerry Bower the business building in the Third ward occupied by Lamb, the grocer. The consideration was \$1,800 cash.

A resident of the Banks' addition suggests that the name be changed to Roosevelt Place. This suggestion comes from the fact that in four blocks in that addition there are seventy children.

The report is now current that a new brick business building will be erected on north Locust street next spring and a general store opened there. As now proposed the building will have a frontage of forty-four feet.

The fall season finds fully two dozen houses in different stages of construction in North Platte. In several instances the foundations are just being laid, which would indicate that carpenters will be busy late in the building season.

For Sale—300 Loads of good dirt and a wind mill. E. A. CARY.

J. M. Fristo and Mr. Padgett, of Dickens, were business visitors in town yesterday. Mr. Fristo, who is in business at Dickens, says trade is very good. Shipments of cattle from Dickens this fall has been several times greater than the average fall, twelve or fifteen cars being shipped weekly.

Stroup. The cruise included a visit to Ireland, represented at the Cary home, where baked potatoes and sandwiches were served, to the gypsy camp at the Lowe home, where fortunes were told; to Japan at the P. M. Sorenson residence, where tea was served at a prettily decorated tea house by Geisha girls; and to Holland at the M. N. Johnson home, where Dutch lassies in appropriate costumes served brown bread, cheese and coffee.

New Superintendent at Cemetery. E. T. Ingle, who has just completed his probationary term at the Jefferson, (Mo.) barracks, has been assigned to the Ft. McPherson national cemetery and will assume charge November 1st. He will relieve acting superintendent Capt. B. F. Baker, who has been in charge for the past six months.

Money Comes In Bunches to A. A. Chisholm, of Treadwell, N. Y., now. His reason is well worth reading: "For a long time I suffered from indigestion, torpid liver, constipation, nervousness and general debility. I couldn't sleep, had no appetite, grew weaker every day in spite of all medical treatment. Then I used Electric Bitters. Twelve bottles restored my old-time health and vigor. Now I can attend to business every day. It's a wonderful medicine." Indigestion, torpid liver, kidneys, blood and nerves. Get at Stone's drug store.

### Union Temperance Meeting.

Next Sunday night a union meeting of churches will be held in the interests of temperance in the Methodist church. Rev. Geo. F. Williams, pastor of the Presbyterian church, will be the speaker. All will want to hear Mr. Williams because of his being such a strong advocate in this reform. He has done a great deal of this kind of work and had a large part in making a "dry" town out of his former field of labor.
