Some Facts About Nebraska.

Not many of us realize just what great state is Nebraska nor its wealth. For the year 1909 the value of the agricultural products is placed at \$212,000. 000, the live stock at \$131,000,000, the dairy and poultry products at \$63,000,-000, and the manufactured products at \$200,000,000, a total of \$600,000,000 in round figures.

"The total of wages paid in the various industries in Nebraska is over \$30,-000,000, not including farm and domestic labor.

"The egg crop of Nebraska is worth more than the mineral output of Colorado

"The poultry, butter, and egg crop of Nebraska is worth more than the gold and silver output of the entire United States.

"Nebraska's corn crop each year is worth more than the total tobacco crop. of the nation.

"Our small grain crop each year is worth more than the copper output of the United States by over \$30,000,000.

"Our agricultural and dairy output is worth as much as Pennsylvania's coal output, anthracite and bituminous. "An average corn crop in Nebraska

would fill enough standard freight cars to make a train reaching from Denver to Chicago, 1,040 miles, with 172 miles of corn-filled cars to ornament the sid tracks.

"The 1909 wheat crop of Nebraska would fill enough Burlington cars to make a solid freight train reaching from McCook to Omaha, with a few cars left over to ornament side tracks.

"If the total grain and hay production of Nebraska should be loaded into standard freight cars, the cars would make a train long enough to reach from Omaha to San Francisco, with a few hundred miles of cars left over for good measure. When the engineer in the cab at Omaha recognized the signal from the conductor in San Francisco, it would be one day, twenty hours and thirty minutes before the conductor heard the answering whistle.

Republican voters who desire to vote the straight ticket this year by placing their "X" in the party circle near the Hublitz are the heaviest losers, the top of the ballot are warned that the latter party losing all of his hay and democratic circle comes first at the winter feed. top this year instead of the republican circle, as has been the case for several years past, and that the republican party circle appears second from the top of the ballot. The law so prvides owing to the fact that the democrats cast the largest vote last year for the head of the ticket (Shallenberger.) All republicans hope to replace the republican circle at the head of the ballot by winning this year and replacing the party circle at the head of the ticket for the important election of next year when a complete list of state officers, a United States senator and a legislature is to be chosen.

McDonell & Graves.

The McCabe Case Remanded.

The supreme court handed down a decision in the Dr. McCabe case Friday, remanding the case for retrial in the district court of Lincoln county. Dr. McCabe was convicted on four counts of selling liquar without a license and fined \$400. The defendant appealed to the supreme court on ground of errors of the lower court, one of which was the introduction of a county judge's search warrant as independent evidence when the complainant charged the defendant with having sold liquor personally and the defendant was not a witness at the trial to face his accusers. The supreme court sustained this allegation of error. The case against Dr. McCabe was strengthened through this earch warrant, as a considerable quartity of liquor was found in the store when the search was made by the

Crowds Will Witness A Reproduction

of Ketchel-Papke Mill. Big crowds will flock to the Keith heatre Wednesday, Oct 27th, to see the moving pictures of the now famous Ketchel-Papke pattle, which excited so much comment by going twenty rounds to a decision on July 5th. The pictures are among the best ever seen of a ring engagement, rivalling the Burns-Johnson pictures for clearness and perfection of detail. Every move of the two fighters is brought out in such a way that the spectator has practically the same view of the battle as was afforded to those who sat at the ringside while the event was in progress. While no opinion concerning the final verdict of Referee Billy Roche is ventured at this time, a trip to the Keith theatre will not only furnish an opportunity of drawing one's own conclusions, but offers the keenest sort of entertainment to those who enjoy events as reproduced in the kinematograph. It is almost unanimous opinion that Ketch and Papke will furnish an -xciting contest if they ever harness up again. One night only, Wednesday,

Prairie Fire at Dickens.

One of the worst praire fire of the eason raged about three hours Saturday afternoon about two miles east of Dickens destroying everything in its path. The fire was started about 1 30 p. m., by a westbound passenger train on the Burlington. A high northwest wind was blowing, which made the flames difficult to control. A strip of country about a mile wide and about four miles long was devastated. Over a hundred tons of winter feed was burned, besides the loss of the range. R. S. Fidie, Smith brothers and Charles

presided. While we regret that Omaha with Mr. Harriman when he took charge, we have good reason to expect be at work. -Pioneer. the administration of President Lovett o continue to seek co-operation with the public in general, and the patrons of the road in particular, and to avoid as far as possible all unnecessary friction and antagonism -Omaha Bee.

For Sale.

A dairy farm of 860 acres four miles north of North Platte, two frame houses and outbuildings, two windmills and wells, a few fruit bearing trees and hade trees, half mile from school; seventy acres under cultivation. Part eash, remainder in easy payments at six per cent interest, or will accept town property as part payment. For further particulars inquire or address

W. K. Coville, North Platte, Neb.

Prairie fires have been rather numrous the past ten days. One started near Tryon the latter part of last week and covered a large scope of country, destroying several buildings and much hay. Another rather disastrous one oce ired at Dickens Saturday, and George town, had a lively fight with one a few days ago. The prairie is so dry that the grass and weeds burn very rapidly.

Work will soon begin on the new Union Pacific freight depot at Grand

Scene from "The House of A Thousand Candles" to be presented at The Keith Tuesday evening, Nov. 2d.

Several work the choice made by Mr. Harriman be- trains are also employed running back fore he died, and President Lovert will and forth with rails and ties and it naturally be expected to carry forward keeps them pretty busy doing the work As Many a North Platte Reader Knows what are called the Harriman policies and getting out of the way of regular in the operation and expansion of the trains. All kinds of railroad officials properties over which Mr. Harriman from section hands to superintendents are also in and out. The distance beand Nebraska are not yet as well ac- tween North Platte and Lexington is quainted with Mr Lovett as we were nearly covered with ties and rails and the track layers and spikers will soon ills.

Maxwell Boy in Trouble.

Clyde McGuire, of Maxwell, was arrested last week on a warrant aworn out by Mabel Golden for illicit intercourse with a child, the case being tried before Judge Scott Saturday. The defendant's father and mother came down with the boy, who is about 18 years old. The complainant, aged 16, gave hirth to a child Oct. 14, and charged Clyde McGuire with being the father of the child. He pleaded guilty, and agreed to pay doctor bills and nursing expenses and \$6 a month for ten years to support the child -Gathenburg.
