Few plays have had the financial as well as artistic success as "The House of a Thousand Candles." It is said that both the dramatist, Mr. George Middleton, and Mr. Meredith Nicholson the author of the novel, have become independently wealthy from the royalties they have received in the past two years. "The House of a Thousand Candles" is the offering at the Keith next Tuesday evening. The entire production as seen at The Hackett and Daly's Theatre in New York City and The Garrick Theatre in Chicago will be presented.
