Married this Morning.

Florin Muchlinski and Miss Anna Monroe were united in marriage at St. Patrick's church at 7:30 this morning by Rev. Father Carroll in the presence of relatives and a few intimate friends. To a wedding march the bridal party ascended the aisle, the maid, Miss Alice Sullivan, and the best man, Thomas Muchlinski, of Omaha, followed by the groom, and then the bride on the arm of her father. The bride was gowned in gray nun's veiling, wore a gray picture hat to match and carried white roses and ferns; Miss Sullivan's gown was of blue, she wore a black hat and carried white roses.

Following the ceremony nuptial high mass was said, and at the conclusion the bridal party was driven to the Fred Waltemath house in the south part of town, which the groom had previously rented and nicely furnished, where a wedding breakfast was served, the rooms and table being prettily decorated.

The couple left during the forenoon for Omaha, where they will spend their honeymoon visiting Mr. Muchlinski's parents.

The bride is a most excellent young lady who, bereft of a mother in early childhood, has made her home with North Platte relatives since six years of age. With her acquaintances she is justly popular, and the man whom she has given her heart and hand is to be congratulated upon having secured one so true and good. Mr. Muchlinski is a young man in the employ of the Union Pacific as a boilermaker, and during his few years residence in North Platte has won the good will and esteem of all acquaintances. To Mr. and Mrs. Muchlinski best wishes are extended.

A Gentleman from Mississippi.

William A. Brady and Joseph R. Grismer will offer at the Keith Theatre on Monday night next "A Gentleman from Mississippi," the all season success of 1908-9 in New York City and the twenty-two weeks' hit of Chicago, in both of which cities the play was hailed as the greatest comedy of American life and character yet shown, and as a play with a lesson and a message for every man, woman and child with American blood and feeling. It is not to be surmised from this that "A Gentleman from Mississippi" is a flamboyant effort to make the eagle scream, nor yet an exhibition of flag-saving. It is so far from being either of these things that there is hardly a line of the dialogue that is not exquisite in its comic sense or its epigrammatic expressiveness.

"A Gentleman from Mississippi" is the work of Harrison Rhodes, Anthony Hope's collaborator on some brilliant works, and Thomas A. Wise, the distinguished American author. It was produced on Monday, Sept. 21, 1908, in Washington, D. C., where it won the expressed approval of Mr. Roosevelt, then President, who described it as a "perfectly corking play, Bully! Ripper!" It is an unusual play, and calls for unusual acting. The past achievements in this city of Messrs. Brady and Grismer are, perhaps, enough assurance to intelligent and appreciative playgoers that "A Gentleman from Mississippi" will be perfectly acted and perfectly put on the stage. It is in four acts, all of which are laid in the city of Washington, D. C.

Seats go on sale next Saturday morning.

It's a Real Thanksgiving for the family with a Monarch Range

With a Monarch Range in the kitchen there will be true Thanksgiving in the hearts of cook and guests alike. A woman's pleasure in using this perfect range quite equals her pride in serving the family and guests with the delicious food it prepares. Why not make this a Genuine Thanksgiving in your home? Whatever your cooking arrangements may be, you can improve them—and you ought to do it. It's not as though it were an extravagance to buy the "best range possible"—as a matter of fact you can't afford to use anything else! The Monarch actually does its work with so little fuel that it soon pays back its cost in real money.

The things that a man with a Monarch Range in his kitchen has to be thankful for—

Some features of the Monarch Range that makes the Woman who uses one truly thankful—

It Pleases His Wife Thoroughly
A woman who uses a Monarch Range is more than merely satisfied. She is pleased—enthusiastic about it. She appreciates that she has a range far superior in every respect to the so-called "steel ranges" that her friends are using.

It Cooks his Meals Promptly and Perfectly
No unexpected delays because "the oven wouldn't heat." No spoiled meals that are usually blamed on the cook when the range is really at fault.

Uses so Little Fuel it Pays for Itself
Here's the important thing. This makes the Monarch the range for rich and poor alike. It saves its own cost in a short time and continues to save year after year. It's an investment that yields big returns regularly, long after the principal has been paid back.

The Polished Top
Never requires any stove blackening—yet is always in perfect condition—clean and shiny.

Wellsville Steel Body
Always retains its splendid finish without the use of stove blacking or paint. Most lasting material known for range bodies.

The Duplex Draft
A device found on the Monarch alone which does away with the sifting ashes and keeps the oven uniformly heated.

An Air-Tight Oven
With patent non-warping bottom. Seams can never open up to admit drafts, ashes and dust as in a so-called steel range. Assures perfect baking which can be done only in an air-tight oven.

Lower Warming Closet
A convenient storage compartment underneath the oven. With the door open it heats the kitchen like a base burner and can't interfere at all with the baking oven.
