The snowfall of last week and Tuesday of this week totaled seventeen and four-tenths inches as recorded by Weather Observer McDowell. This is the heaviest fall of snow we have had in several years, and is certainly a great thing for the country.

Prior to the recent snow storm seven bushels of walnuts, fifteen pounds of wild cherry seed, fifteen pounds of coffee tree seed and a half bushel of butternuts were planted on a Union Pacific tree plantation east of the city. As soon as possible a quantity of hickory nuts and other tree seeds will be planted, and next spring 125 acres will be set out to young trees.

Thanksgiving Linen Sale—Twenty per cent discount on all Table Linens, Lunch Cloths and Towels at The Leader.

The season for turning cattle in corn stalks is at hand, and our friend and subscriber, R. S. Collier, has a remedy which he has tested and says will seldom fail to save animals affected with the stalk disease. He says to give as soon as possible a quart of hot water, and after this is down to throw a handful of salt in the animal's mouth. In fifteen minutes repeat this treatment. He has never had to give the third dose, and says it is a sure remedy. It is surely worth trying.—Bertrand Herald.

The High School Lecture Course opens at The Keith Saturday evening with the Houstons. The course is a broad one covering six numbers and no one is to make any money out of it. The seats are a dollar and a half reserved. If you buy a season ticket from some school pupil you help that person get a seat free. We have the names of every one who buys a season ticket. These people will be given a free ticket to any extra numbers that may be given and will have their seats reserved now for the whole course. If you buy a season ticket you become one of the people who stand back of this great Lyceum movement. You put a dollar and a half into this movement to give the people of this city a chance to get the same culture that is to be had in the more closely settled parts of the country.

Odd Fellows' Celebrate Anniversary.

The local lodge of Odd Fellows celebrated the thirty-fourth anniversary of the institution of the lodge last evening. The occasion brought out a large attendance of local members and there were also a number of visitors, eight or ten of the latter being from Big Springs, the total attendance being a few less than 100. D. C. Cline, of Lincoln, who was the grand secretary of the order when the lodge was instituted, was present, and though eighty years of age made an interesting address of a half hour's duration. The first degree was conferred on two candidates, and at the close refreshments were served by Caterer Weil.

Pleads Guilty to Burglary.

Joseph Martin, who claims to be sixteen years of age and gives Asland, Pa., as his home, was brought over from Ingham yesterday charged with burglarizing the store of F. H. Woodgate and taking therefrom a pair of shoes, a hat, duck coat, two sweaters and other articles of clothing; also taking from the till of the post-office, which is located in the store, 240 pennies. He was arraigned in the county court this morning and pleaded guilty to the charge. While he claims to be but sixteen, he looks older, and pending investigation as to his age he was sent to jail. If he is but sixteen he will be sent to the reform school. Whether the government will begin action against him for burglary of the pennies is not known.

We are after your trade harder than ever this year and if good goods and low prices will get it we will have the pleasure of many sales to you. Our holiday goods are fast arriving and we can promise some genuine surprises as to values. Seeing is convincing call and be convinced.

Johnson Cashes Forged Check.

Late yesterday afternoon it developed that the fellow who attempted to pass a forged check on W. J. Landgraf, was more successful at the Johnson cash store. He entered that store Wednesday evening and purchasing a couple of dollars worth of goods, tendering a fifteen dollar check drawn on McDonald's Bank, made payable to Arthur Gill and purporting to be signed by A. E. Huntington. He told Mr. Johnson such an apparently straight story and seemed so innocent that the check was accepted and the change given him. When the check was taken to the bank yesterday afternoon to be deposited it was pronounced a forgery. The officers were notified of the forgery and a search is being made for the forger, but it is probable that he got out of town Wednesday night.

It's a Real Thanksgiving
For the family with a **Monarch Range**
MALLEABLE

With a Monarch Range in the kitchen there will be true Thanksgiving in the hearts of cook and guests alike. A woman's pleasure in using this perfect range quite equals her pride in serving the family and guests with the delicious food it prepares. Why not make this a Genuine Thanksgiving in your home? Whatever your cooking arrangements may be, you can improve them—and you ought to do it. It's not as though it were an extravagance to buy the "best range possible"—as a matter of fact you can't afford to use anything else! The Monarch actually does its work with so little fuel that it soon pays back its cost in real money.

The things that a man with a Monarch Range in his kitchen has to be thankful for—

Some features of the Monarch Range that makes the Woman who uses one truly thankful—

It Pleases His Wife Thoroughly

A woman who uses a Monarch Range is more than merely satisfied. She is pleased—enthusiastic about it. She appreciates that she has a range far superior in every respect to the so-called "steel ranges" that her friends are using.

It Cooks his Meals Promptly and Perfectly

No unexpected delays because "the oven wouldn't heat." No spoiled meals that are usually blamed on the cook when the range is really at fault.

Uses so Little Fuel it Pays for Itself

Here's the important thing. This makes the Monarch range for rich and poor alike. It saves its own cost in a short time and continues to save year after year. It's an investment that yields big returns regularly, long after the principal has been paid back.

The Polished Top

Never requires any stove blackening—yet is always in perfect condition—clean and shiny.

Wellville Steel Body

Always retains its splendid finish without the use of stove blacking or paint. Most lasting material known for range bodies.

The Duplex Draft

A device found on the Monarch alone which does away with the sifting ashes and keeps the oven uniformly heated

An Air-Tight Oven

With patent non-warping bottom. Seams can never open up to admit drafts, ashes and dust as in a so-called steel range. Assures perfect baking which can be done only in an air-tight oven.

Lower Warming Closet

A convenient storage compartment underneath the oven. With the door open it heats the kitchen like a base burner and can't interfere at all with the baking oven.
