B. R. Fletcher has sold to Warren Kelly the house he recently completed in the Banks' addition. This quieta the report that "Shorty" would soon become a benedict, but looks as though Warren contemplated such a step.

You will need "Never-Slip" shoes for this ice. Get them at Van Cleave's.

Fred Payne, the milk man, came to town yesterday wearing a dandelion as a boutonniere. "Dandelions are in bloom and bees are at work; and tomorrow is Thanksgiving," said Fred. And still County Clerk Elliott denies that this is a banana belt.

Hogs continue to be the financial solace of the farmer, and the prices at South Omaha remain reasonably firm at \$7.85 and better. A drop of ten cents occurred during the past week, but this fluctuation is no evidence that they will not reach \$8.00 or more by January 1st.

Christmas is only a little over thirty days off and now is the time for early shoppers to take advantage of our complete stock. Just drop in and look around and you will get some new and good ideas for Christmas shopping.

DIXON, The Jeweler.

About forty members of the 500 Club were entertained Tuesday evening at the Grimes residence by Mrs. Grimes and Mrs. Rincker, and the function proved one of the most delightful of the season. The members were in a most congenial mood, great interest was taken in the games, and as a result each individual had a pleasant time. The refreshments were much enjoyed.

The waterworks company has not made any overtures to the city in regard to the sale of its plant. Next Tuesday the city will receive bids for the \$100,000 water bonds, and upon the acceptance of a bid and the sale of the bonds, will at once get busy and secure plans and specifications for a new plant. It is presumed that by that time, if not sooner, the present company will offer its plant for sale or else begin proceedings seeking to restrain the city from building a new plant.

About fifty North Platte people went to Lexington yesterday to witness the football game.

Dr. D. T. Quigley will deliver his lecture on the "Hookworm" at the Y. M. C. A. rooms this evening.

"Fifty Miles from Boston" will be presented at the Keith this evening. This is one of George Cohan's plays, which is a guarantee that it will be presented by a capable company.

Country roads have been in a very bad condition this week and few farmers have been in town. The absence of the country buyer is quite noticeable in the volume of business transacted.

Sale—One hundred men's fur overcoats in all sizes and all grades, at a discount of twenty per cent, at The Leader.

Arthur Boyd returned Wednesday night from Cozad where he was called by the death of an uncle. Death was due to heart disease and occurred while the deceased was riding in a buggy out in the country.

Jack Fotch, a comedian on roller skates, will open a three night's engagement at the rink beginning next Monday. He performs many amusing stunts on the rollers; some never before seen. The admission will be fifteen cents.

An 8 day parlor clock cathedral gong full sized. Marbleized finish at \$4.00 each. DIXON, The Jeweler.

Next Monday evening the two teams that have been soliciting funds for the Y. M. C. A. will hold a banquet at Masonic hall, the team having the lesser sum to pay the banquet charges. The amount collected by each team will not be announced until that time.

C. G. Abrahamson has resigned his position with W. W. Birge and next week will accept a position as traveling salesman for Erford & Weaver, wholesale lumber dealers of Lincoln. Mr. Abrahamson has proven a popular young man and many regret to have him leave North Platte.

"Fifty Miles from Boston," one of George Cohan's best musical comedies, will be presented at the Keith this evening. The play comes so well endorsed that we feel warranted in recommending it to our readers, feeling certain that they will not be disappointed if they attend.

Buys Hershey Residence.

W. V. Hoagland purchased the J. H. Hershey residence property in the west part of town Wednesday for five thousand dollars. This is a thousand dollars less than Mr. Hershey had been holding the property, and had been offered that sum several times during the past year or so. Mr. Hoagland will occupy the property in the near future. It is one of the most pleasant comfortable homes in the city.

Sheriffs Will be Here.

Sheriff Miltonberger is in receipt of a letter from the secretary of the state sheriffs' association stating that December 29th has been selected as the date of the association meeting in North Platte. This meeting will bring to this city 450 or 500 sheriffs and other conservators of the peace and dignity of the state and we must be prepared to show them a good time—entertain them as lavishly as has other towns in the past. This is a matter the Commercial Club should take up at an early day.

Big Crowd Attend Ball.

The eighth annual ball given Wednesday night at the opera house by the local lodge of boiler makers was well attended, both the galleries and the floor being well filled. Preceding the dance Hart's orchestra, which furnished the music, gave a concert of four numbers, each of which was well rendered. The grand march was called at 9:30, led by Master of Ceremonies Fogarty and Miss Yonda, but it was not participated in largely and did not long continue, and at the close each lady present was presented with carnations.

The march was followed by a waltz and then the merry dance was on, and it was 3:30 in the morning when the last of the twenty-six numbers was completed, the customary intermission of an hour being taken at midnight.

The dancers as well as the spectators seemed to enjoy this well conducted function, especially the former, nearly all of whom returned after the midnight hour and remained until the close.

The Lamb Building.

The two-story business block erected on north Locust street by R. N. Lamb at a cost of over eleven thousand dollars, is completed, and Mr. Lamb will open his grocery store in the north room next week. The main building is 44x60, two stories, with a 22x40 one story extension to the rear of the north twenty-two feet. This north room, which will be occupied by Mr. Lamb, is furnished with very attractive hard pine shelving and counters, and supplied with twenty-one bins for fruits, etc. In the rear of the main room is the store room 22x40 which is already filled to the ceiling with surplus goods. Both rooms have cement floors. For the north room Mr. Lamb has had two applicants, one party desiring to open a drug store, the other a pool hall, but he is desirous of leasing to a party who will open a dry goods stock, and is now negotiating with such a party. The second floor has been leased to Grand Island parties for a period of three years beginning December 1st, and these parties will open a hospital. The floor is divided into sixteen rooms, each room having heat radiators, and those not having outside windows are supplied with skylights, so there are no dark rooms. A large bath and toilet room is also located on this floor and the rooms and hallways are well provided with electric lights. The heating plant is located in the southeast corner of the building, and in the rear of the storage room is a large vegetable cellar. In the rear of the building is the storage room for hay and grain, and accommodations for the delivery teams.

The building is of cement block, well constructed, nicely finished and is certainly a credit to the owner.

Mr. Lamb began business in North Platte in May, 1907, and though starting in under rather adverse conditions and doing business in a building entirely inadequate, he has built up a grocery trade, that, so he informs us, is second to none in the city in volume. To vacate the room he has occupied, and do business in the new quarters will certainly be a relief to Mr. Lamb and his assistants, and it is reasonable to presume that increased trade will follow the removal.

Mr. Lamb has demonstrated that energy backed by fair treatment and reputable methods in doing business wins.

HOWE & MALONEY.

Mr. Park Speaks in New York.

General Supt. Park was in New York last week and made an address before the New York and New England Association of Railway Surgeons. The address was reported at length in the New York Commercial, and from it this excerpt is taken: Mr. Park outlined a well organized railway, stipulating conditions which if carried out should make the management of the particular property immune from even unbiased and just criticism from the public or railroad experts. That the example he had in mind was the Harriman system would seem to be evident in that he told of the "Publicity for accidents" inaugurated by and in use on those lines by which accidents involving serious personal injuries, loss of life or heavy property loss are investigated by boards of inquiry, which, in addition to the railroad officials, are composed of United States army officers, state governors, mayors along the route, business men, farmers and other prominent citizens whose integrity is undisputed. Obviously then Mr. Park feels that the Union Pacific has adopted such methods of operation on his line as to make them feel perfectly safe in having those methods carefully scrutinized by an inquisitive and criticizing public without being accused of employing shoddy, unsafe or loose management. He further stated that "Publicity for accidents removes from the officials the taint of alleged mercenary suppression, nullifies yellow journalism and enlists the assistance of public sentiment to enforce a closer observance of rules and laws."

M. I. McCarty, of Wood-River, will open a drug store about January 15th in the building to be vacated by R. N. Lamb. The room will be remodeled and put in good shape. Mr. McCarty is a son-in-law of Jerry Bowen, the present owner of the building.
