Subscribe \$1,194 to Y. M. C. A.

The two weeks' campaign for funds for the Y. M. C. A. ended last evening at six o'clock and when the subscriptions were totaled the amount was found to be \$1,940. Of this sum the X team secured \$652 from 136 persons and the O team \$542 from 87 subscribers.

As was planned at the beginning of the campaign, the team securing the highest sum was to be banqueted by the team securing the lesser amount, and this function was held at the Masonic hall at seven o'clock last evening. At that hour about ninety citizens, representing the clergy, professional and business men, surrounded tables and were served with an excellent menu prepared by the ladies of the Methodist church. When the inner man had been refreshed, J. G. Beeler as toastmaster, announced the result of the campaign, and the members of the X team became very enthusiastic over their victory. The O team took their defeat good naturedly and at once "cashed up" for the banquet expense. Cheers were given for the victors as well as for the vanquished.

The toastmaster then in turn introduced Rev. Williams, F. L. Mooney, Rev. G. A. White, Rev. Porter, Rev. Favoright, Chas. McDonald, W. T. Wilcox and Rev. Chapman, each of whom made interesting talks, and several were interspersed with considerable wit.

Not only has the campaign resulted in securing funds to place the association in good financial standing, but it has, best of all, awakened greater interest in the work; an interest that will unquestionably be kept alive for all future time, and continue to grow until it reaches that climax that will result in a Y. M. C. A. building commensurate with the needs of the association and in keeping with the progressiveness of the City Between the Plattes.

Returns With Witness.

Deputy Sheriff Lowell returned Sunday night from Creston, Iowa, with Lyle Hardin, who is wanted as a witness in the Wallingford and Johnson cattle stealing cases. It is said that Hardin is an important witness; that he helped drive the stolen cattle but was under the impression that they belonged to Wallingford and Johnson. When the two latter were arrested Hardin left the country, fearing that his association with the two men might lead to his arrest as a confederate. He entered no protest against returning here as a witness.
