The shoe makers of the country have served notice that all classes of shoes will be advanced ten per cent between now and next Christmas.

C. O. Whedon, of Lincoln, has announced himself as a candidate for United States senator in opposition to Senator Burkett.

The fact that Congressman Hitchcock and "Little Giant" Thompson have announced themselves as democratic candidates for United States senator, it is evident that Colonel Bryan has eliminated himself from the contest.

Nor all love Uncle Joe Cannon for the manner in which he handles the congressional reins, but we all must admit that he is not a "quitter" nor a coward.

On the grounds that as a woman she is not eligible, Mr. Quibble, the county treasurer of Cherry county, refuses to turn over that office to Miss Gertrude Gordon, who was elected last fall.

President Vexed at Critics. The Washington correspondent of the Omaha Bee says:

It is no longer a secret that President Taft and his advisors have become somewhat vexed at the prevailing character of criticism that is sweeping the country.

The position taken by the president and his advisors is, it may be stated, accurately set forth in the following review of the situation:

Isn't a question of whether President Taft likes Senator Aldrich and Speaker Cannon, and their associates in congress, or whether they like him or approve his politics.

The democrats could ask for nothing better than that the president listen to the advice of many of his well-meaning but misguided friends all over the country, and bring on a breach between himself and the congress leaders.

Maxwell Merchants Adopt Cash Plan.

We the undersigned business men and merchants of Maxwell, Lincoln county, Nebraska, covenant and agree with each other to adopt the following rule in our various lines of business, viz:

On and After February 15th, 1910, We Will Sell for Cash, Note or Produce Only

We request that all persons who are indebted to us shall make arrangements to settle all old accounts on or before said date. We are willing to do this in a satisfactory manner.

We are making this change for several excellent reasons and only after carefully considering all sides of the question. We believe it will be a distinct gain for our customers even more than for ourselves.

To make up for these losses and various expenses we have been forced to charge enough for our goods to cover them by the profits. Every store doing a credit business must do this or quit.

We will sell for cash, note or produce only. No credit account will be run with anyone after February 10, 1910.

WHO ARE THE UNITED DOCTORS? Some information about these Great Specialists who will be in North Platte on January 24th and 25th. Since the announcement has been made in these columns that the Chief Consulting Physician of the United Doctors, who have one of their permanent institutes located at 232 Neville Block, corner of 16th and Harney streets, Omaha, Neb., would pay a short visit to the Pacific hotel, North Platte, on Monday, January 24th, and Tuesday, January 25th, the question has been many times asked: who are the United Doctors and what do they do? The answer is this: The United Doctors as the name implies, is an association of expert medical specialists who have united to organize a new School of Medicine; a new and more scientific and positive system of curing human ailments. For centuries the world has been full of different cults and isms of medicine. We had the old root and herb doctor with his bitter potions; the Allopath with his calomel and quinine in heroic doses; the Eclectic without his calomel and the Christian Scientist. We were doctored by heat, by electricity, by baths at the Hot Springs and by a multitude of men and methods. Some of the patients were cured, some died who should have been cured. It was impossible for the ordinary person to say which method of treating diseases was the best, and the physicians of the various schools were so biased that they could see good only in their own method; all others were necessarily bad. Evidently there is good in all of them for they cured some cases, also there is bad in all for they all failed at times and allowed misery to remain or death to come where a cure should have been effected. A tremendous stride forward was made when the association of United Doctors was formed. The founders of this association consisted of eminent specialists from the various schools of practice, Eclectics, Homeopaths, Allopaths, Regulars and Irregulars, met and agreed to drop their prejudices and form a new system of treatment which would embrace all the good points of the old system and leave out the bad. The results of the efforts of these world-famous specialists of the various schools was the wonderful system of treatment now being used by the United Doctors. All this was not accomplished in a day or a week, but has taken years of patient work by these specialists in their great institutes in the east; Homeopaths, Eclectics, Allopaths, all working side by side, each throwing away his old ideas when he was convinced there was something better, until at last out of the old chaos and confusion came the new and perfect system as it is now used by the United Doctors. The cost to these specialists was great, not only in the labor of forming the new system of treatment, but also in the effort it cost them to ignore their prejudices in favor of the various schools in which they were originally educated. But their record has been great in health and happiness restored to hundreds and thousands who were going to their graves in misery, pronounced incurable by the old methods. This wonderful new system of medicine has cured thousands of cases of chronic diseases of the liver, kidneys, nerves, skin, heart, lungs, bowels, stomach, including rheumatism, paralysis, neuralgia, appendicitis, gall stones, piles, goitre, rupture, diseases of women and diseases of men, which had been pronounced incurable by other doctors. Mrs. Tilita, of Papillion, Neb., says four years ago she had a nervous breakdown, including rheumatism, stomach and bowel trouble. She got so bad members of her family had to sit up with her night after night, each time expecting her to die before morning. She grew worse under treatment from her home doctor and finally a surgeon from another city told her if she would be operated on she would be able to do her housework the next day. She was operated on and the result of that operation confined her to her bed for eight months. When she left her bed her neighbor took her to the United Doctors office at Omaha. In six weeks from that time she says: "I feel better than I have in the past three years. I eat well, do my own work, sleep well and have not a particle of pain. I feel like a new woman." Louis Schultz, a prosperous farmer living on R. R. No. 2 Plattsmouth, Neb., says: for twelve years he had been treating with his home doctors, those in Council Bluffs, Ia., and the best ones in St. Paul, Minn. He even went clear to Hot Springs, Arkansas, and took the Hot baths at Lincoln, all of which gave him no relief. "I went to the United Doctors. They told me more about myself and disease in ten minutes than all the others put together in all the years before. Now my stomach gives me no trouble. I eat everything and digest it perfectly; my kidneys are better and my rheumatism is improving so rapidly in this short time that I am sure my recovery will be complete." N. C. Carlson, of Wausa, Neb., says: "I am now as well as I ever was in my life. When I commenced treatment with you I was barely able to walk, such was the pain I had. Now after taking your treatment for five months I enjoy perfect health." Mrs. Alice Griswold of 1619 Frederick St., Omaha, Neb., says she had appendicitis in very severe form. She did not believe she could be cured without a surgical operation but took the United Doctors treatment with little hope. After the first two or three doses she began to feel better and in less than a month was entirely cured and has had no return of the trouble since. These people were cured in their own homes without a surgical operation and they are only a few out of

the thousands who have been cured by the United Doctors at their various institutes throughout the United States. These specialists have hundreds and thousands of testimonials from cured patients on file at their offices. Any one interested in any particular diseases can secure names of patients who were cured of that disease by writing to the United Doctors at either Omaha Institute. These testimonials are from responsible people of Nebraska and were given voluntarily out of the gratitude of their hearts, so you can believe implicitly what they tell you. It is this wonderful system of all home treatment that the United Doctors are bringing to North Platte on Monday Jan 24 and Tuesday Jan 25th. If you are skeptical, write to the United Doctors for the names and addresses of patients whom they have cured and you will be furnished with as many as you may desire to investigate. Remember the United Doctors will be here but Two days and while here will receive patients at the Pacific Hotel. If you are sick and suffering and want to be made well and happy, call on the doctors when he comes to North Platte on the above dates.
