## ATTENTION, FARMERS!

We wish to call the attention of the Farmers and Grain Growers to the fact that we are at all times in the market for Wheat, Rye, Corn, Oats and Barley at the highest market price. Our facilities for handling grain are unsurpassed. We have two dumps and the most accurate, type registering beam Fairbanks scale made. This scale is under roof and thus not exposed to snow and ice to hinder its free working. Before selling your grain come and see us and get our prices. You need not stand in the cold to find a buyer and then sell for less than we pay and have to scoop it and carry it into a bin. Remember us when you have any grain to sell.

Respectfully,

## NORTH PLATTE MILL & GRAIN COMPANY.
