Few plays have had the financial as well as artistic success as "The House of a Thousand Candles." It is said that both the dramatist, Mr. George Middleton, and Mr. Meredith Nicholson the author of the novel, have become independently wealthy from the royalties they have received in the past two years.

Save money by buying your wall paper now. Owing to the severe winter weather we have been having, we have left on hand about 6000 rolls of wall paper that we bought for the fall and winter trade. This is not old shelf worn goods but new and up-to-date wall paper, but we must dispose of it in the next 30 days regardless of cost, in order to make room for the spring stock. If you have rooms that need papering this spring, come in now and make your selection.

H. A. Chapin, a former Lincoln county resident, has sold his ten-acre fruit farm at Wenatchee, Oregon, for \$30,000. In speaking of the sale, a Wenatchee paper says: "Six years ago in March Mr. Chapin and family came here from Nebraska and purchased twenty acres, paying for the land \$225 per acre. It was all in sage brush at that time. The first year after the purchase five acres were sold for \$1500; two years ago another five acres was sold for \$7,500, and the remaining ten acres were sold yesterday for \$30,000, making a total price of \$39,000 for the twenty acres which originally costs \$4,500. Between seven hundred and one thousand bad order cars are repaired at this terminal each month, exclusive of those on which light repairs are made while standing in the yards and not set on the repair track.

The machinery used by the sheet iron workers has been moved from the back shop to the north end of the blacksmith shop, and in the future will be operated there. An electric motor has been made in order to make more room in the back shop.

Fonda Disproves Report.

The tale that has been told about Union Pacific engineers being afraid to run fast is constantly being disproved and the latest to give forcible denial to the report is Engineer Fonda. A few nights ago he made a record run between Lexington and Grand Island with train No. 12. The distance of seventy-eight miles was covered in seventy-six minutes, including a four minute stop at Kearney, and a slow down to twenty-five miles per hour for the turnout at the end of the double track at Watson's Ranch and an additional reduction of speed between Aida and Grand Island. The forty-two miles from Kearney to Grand Island was covered in thirty-eight minutes. Engine 130 pulled the train.

Maxwell Merchants Adopt Cash Plan.

We the undersigned business men and merchants of Maxwell, Lincoln county, Nebraska, covenant and agree with each other to adopt the following rule in our various lines of business, viz:

On and After February 15th, 1910, We Will Sell for Cash, Note or Produce Only . . .

We request that all persons who are indebted to us shall make arrangements to settle all old accounts on or before said date. We are willing to do this in a satisfactory manner.

We are making this change for several excellent reasons and only after carefully considering all sides of the question. We believe it will be a distinct gain for our customers even more than for ourselves. In a cash business all losses on bad accounts from whatever cause are avoided, book-keeping and collection accounts are done away with, there is no possibility of disputes and wrangles over accounts, the merchant always has ready money to buy goods at the lowest spot cash prices and profit by all discounts for cash.

To make up for these losses and various expenses we have been forced to charge enough for our goods to cover them by the profits. Every store doing a credit business must do this or quit.

The people of this community want low prices, they want us to meet outside competition, to which they must pay cash. We can do this on a cash basis, in fact, can guarantee you, at least a good saving on your purchases. This change of policy does not mean a sacrifice of quality or going back on the standard set ourselves. In every single item we shall give you better goods for the same price, or the same article for less where there has not been an advance in price. This change, too, implies no question of, or reflection on any one's ability to pay what he honestly owes or his willingness. It simply gives us the means to serve our customers better. The generous patronage you have given us we appreciate. We want you to continue it and we shall make it richly worth your while by the much closer price and cash business will enable us to quote.

We will sell for cash, note or produce only. No credit account will be run with anyone after February 10, 1910.

Signed,
