TUESDAY, MARCH 15, 1910.

Congressman Hitchcock, of the Omaha district has formally announced himself as a candidate for U. S. Senator to succeed E. J. Burkett whose term expires next March. The formal announcement creates no surprise, as it was known that he would be a candidate. He will have some opposition from his democratic brethren in the state.

With the traction company insisting that there is nothing to arbitrate and the employes insisting upon a full recognition of the union, the street car strike in Philadelphia is no nearer a settlement than it was three weeks ago. Neither will yield, though many suggestions for arbitration have been made by commercial bodies and others who are suffering financial loss by reason of the strike.

An engineer says that in the press reports relating to the grievances of locomotive firemen, sufficient distinction has not been made between the two organizations. Not a great while ago the firemen changed their name to brotherhood of locomotive firemen and engineers. Some firemen, when promoted to be engineers, have retained their membership with the firemen and the firemen's organization desires to hold jurisdiction over these men. This desire is opposed by the railroad who have contracts with the engineers' organization, and also by the brotherhood of locomotive engineers, which claims jurisdiction over all engineers. Engineers hold that to grant the demands of the firemen would be to violate contracts made by the roads with engineers.

The testimony of Engineer Davis before the congressional committee, is in brief, that Secretary Ballinger ordered liberal restorations of lands to settlement, after they had been withdrawn for reclamation and power conservation purposes by his predecessor; that he instructed the officers of the reclamation service to recommend these restorations and then justified his course before the president by citing these recommendations as the cause for his action. If this testimony stands, Mr. Pinchot will have made good his promise to prove that Secretary Ballinger deceived the president. Minor matters testified to by Mr. Davis, for example, that Secretary Ballinger talked publicly in favor of conservation and privately did all in his power to make it ineffective, help to establish Mr. Ballinger's temperamental unfitness for an important place in the cabinet. His main points are much more serious, and will require decisive executive action unless his testimony can be broken down.—Journal.

Senator Burkett stated to an associated press representative at Washington the other day that he had never had the "machine" with him in his political fights in Nebraska and did not expect to have it as a candidate for re-election to the senate. "I am relying on the rank and file of the party to express their preference in this senatorial election," he said, "and am confident that I will be re-elected." It is true as Senator Burkett says that he has never been aided by a political machine in his contests in this state. This was particularly true when he made his first fight for the senate. His support six years ago came from the "rank and file," from the masses of the party, and on this element of strength he must largely rely again. As a matter of fact political machines have been pretty well shot to pieces in Nebraska, and it is well that it is so for under cover of the primary one voter is as much a political quantity as another and every citizen can express his preference directly for the candidate of his choice.—Kearney Hub.

Tuberculosis Sunday.

Approval of the movement for a national tuberculosis Sunday on April 24, recently inaugurated by the National Association for the Study and Prevention of Tuberculosis, is given in a statement by The Right Reverend Richard H. Nelson Bishop Coadjutor of Albany, N. Y., for the Protestant Episcopal Church, issued today.

Bishop Nelson says: "I think well of the proposal that all the churches should unite on April twenty-fourth in presenting the truth concerning tuberculosis and stimulating public interest in the campaign for its prevention and cure."

"The campaign has entered upon its second stage. Having labored with some success to point out the danger, we are now concerned with the cure, and this depends upon improvement in conditions of personal and social life. Whatever the churches may be able to do along this line, will be a double contribution to physical and spiritual betterment and I should think that all would wish to have a share in such an enterprise."

Reports from all parts of the country indicate that the Sunday set apart will be generally observed, by the preaching of sermons on tuberculosis and by the distribution of special literature.

The National Association for the Study and Prevention of Tuberculosis declares that the campaign against tuberculosis is a warfare against ignorance, and that as soon as the people of the United States know that tuberculosis can be prevented and cured, they will demand that the needless waste of 200,000 lives annually be stopped.

A Tribute to Park.

A. L. Bixby, the post-philosopher of the Lincoln Journal, who lived in North Platte thirty years ago, pays this tribute to W. L. Park in a recent issue of the Journal: Luck is a small factor in the successes or failures of life. Application and faithful endeavor are everything. W. L. Park, who has just been elected vice president of the Illinois Central railroad, was promoted from a brakeman to freight conductor on the Union Pacific railroad at North Platte thirty years ago about this time. He manifested then certain traits that spell victory every time. He was attentive to duty at every turn of the road. He worked. He wasn't afraid of soiling his hands. He studied railroading when others in the situation were studying pinochle and cinch and high-five when not on their respective runs. Park was never promoted because of a pull. He climbed for the reason that you can't keep a good man down. Because he was faithful over a few things he was made ruler over many.

Deer Killed at Maxwell.

Writing from Maxwell under date of March 10th, R. E. Watson says: Early this morning a man on horseback was seen along the river between Brady and Maxwell, armed with a rifle and accompanied by two hounds. Later a deer was seen running with the hounds in pursuit. While the deer and hounds circled the horseman would cut across. The report of a gun was heard and the rider was seen to dismount, throw the deer across the saddle and start eastward. It is thought the deer was trailed from Brady. The man's name is unknown; neither is the owner of the dogs known. This is the second deer that has been killed on the island near Maxwell. It is time for the game warden to investigate. The law provides a fine of from \$100 to \$500 for killing deer.

GO RIGHT AT IT.

Friends and Neighbors in North Platte Will Show You How.
Get at the root of the trouble.
Rubbing an aching back may relieve it.
But it won't cure it.
You must reach the root of it—the kidneys.

Doan's Kidney Pills go right at it; Reach the cause; relieve the pain. They cure, too, so North Platte people say.
J. P. Seacore, Ninth St., North Platte, Neb., says: "I do not hesitate to tell of the wonderful benefit that Doan's Kidney Pills have brought me. About six months ago I was suffering from pains through my back and kidneys, always more severe when I attempted to stoop or arise from a sitting position. The kidney secretions were also irregular in passage and annoyed me greatly. The doctor's medicine and other remedies I tried gave me no relief and a friend, hearing of my suffering, advised me to take Doan's Kidney Pills, as he had been cured of the same complaint by them. I immediately procured a box at McDonnell & Graves' Drug Store and promptly relief followed their use. In a few weeks my back was strong and free from pain and my kidneys were restored to their normal condition."

For sale by all dealers. Price 50 cts Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Choosing a Cigar

is largely a matter of luck or faith at first. If you choose a "Forest King" your trust will be rewarded. The first whiff you take will tell you that you have struck a prize. And you'll find yourself liking the "Forest King" better all the time. Try one to-day and you'll want two tomorrow. Every trier has the same experience.
