"The Girl of the Golden West" is one of Belasco's strongest plays, a play that was written for Blanche Bates, one of the top liners on the American stage. It will be presented at the Keith tomorrow evening by a company of unusual merit, and one that has received unstinted praise from the press of larger cities. It tells a story of California in the days of the forty-niners.

M. Keith Neville positively declined to accept a nomination for councilman from the first ward, a declination that was regretted, but in his place a mighty level headed, pushing young man was selected in the person of Will Maloney. Mr. Maloney enjoys the confidence of our citizens and as a councilman his efforts will always be for the good of the city at large.

Sidney has about one-third the population of North Platte, yet the people of that town have subscribed \$550 per month for a period of five months for the support of a ball team. If the North Platte people subscribe \$550 for the entire season, they glorify themselves on their liberality. We claim to be baseball enthusiasts, but compared with Sidney we fade into insignificance.

A subscriber complains that one thing lacking at the base ball park is water, and recommends that a few dollars be expended in putting down a well. The recommendation is a good one.

Saturday was one of the busiest days North Platte merchants experienced in months. It was railroad pay day and the number of farmers in town was unusually large. The streets were crowded with people during the afternoon and until late in the evening.

The annual meeting of the Mutual building and loan association will be held at the court house next Saturday evening. It is the desire of the officers that as many as possible of the 450 shareholders attend and gain information relative to the growth and conduct of the association and take part in the election of three directors.

"Doc" Bird, of Gothenburg, transacted business in town yesterday. He is one of the early settlers of the Gothenburg section, having taken up a homestead in 1880 and has lived on it continuously. He now owns 404 acres for which he turned down an offer of \$100 per acre, and says that within the next ten years he expects offers of \$200 per acre. About half of the land is in alfalfa.

He says that land at Sedgwick similar to the "ridge" land in the valley west of town is selling for \$150 and \$200 per acre.

A merchant now in business at Buffalo, Wyo., was in town last week looking up a location for a department store. He made a proposition to lease a building 132x132 for a period of five years if a certain lot owner would erect such a structure.

The services at the Presbyterian church last Sunday were a fitting observance of Palm Sunday. The pastor's morning theme was: "The Waving Palms." The work of the choir was especially good and much enjoyed. The musical program was presented as announced in Friday's Tribune.

Candidate by Petition.

Many voters in the Third ward are not pleased because Will Yost was not renominated for councilman from that ward, and are circulating a petition nominating him by that method. This writer favored the re-election of all city officials whose terms expired by reason of their knowledge of and work in connection with the waterworks proposition, and regretted that the representatives from the Third ward in the city convention turned him down. If Mr. Yost becomes a candidate by petition, he will probably be re-elected, not that Mr. Sandall is not a good man, but rather that Mr. Yost has taken a very active interest in the waterworks proposition, is well acquainted with the question so far as it has gone, and the people of the ward will conclude that so long as he has assisted in the matter thus far he should be given an opportunity to help finish the work.

Col. Cody to Visit Town.

Colonel W. F. Cody, enroute from the west to New York City, will arrive in town next Sunday morning and will remain until Monday evening. Monday afternoon an informal reception will be tendered Col. Cody at the Commercial Club rooms to which his friends are invited.

Boy Lost and Found.

A three year old son of Dennis Breen, who lives north of the river, strayed from the residence of its grandparents, Mr. and Mrs. M. Elias on Third street about eight o'clock Saturday evening and was not found until 7:30 the following morning, although fully a hundred persons were engaged in the all night hunt. Mrs. Breen came to town with the child to remain over night with her parents. About eight o'clock the street lights went out temporarily and it was during this period of darkness that the child started on its wanderings. Its presence was soon missed and members of the family began a search. Not finding any trace, Chief of Police Lowell was notified who enlisted others in the hunt. As time passed news of the missing child spread and by midnight there were fully one hundred persons engaged in the search, some of these being apprised of the child's disappearance by the vigorous blowing of the whistle at the waterworks.

The entire section between the city and "the points" was gone over by the searchers, but it was not until 7:15 in the morning that the child was discovered on Second street at east end of the Trustee's addition by Sheriff Miltonberger, Guy Boyer and other men. He had probably passed the night in a clump of weeds near where found, and other than complaining of feeling cold was none the worse for being out all night.

City Conventions.

The republicans and democrats of the city met in separate mass conventions at the court house Friday evening and as a result of their votes but one ticket was placed in the field.

Both conventions nominated T. C. Patterson for Mayor, C. F. Temple for clerk, F. L. Mooney for treasurer, Paul G. Meyer for city engineer and J. J. Halligan and A. F. Streitz for members of the board of education.

For councilman in the First ward W. R. Maloney was nominated, C. F. Tracy in the Second ward and Chas. Sandall in the Third ward, both conventions making these nominations.

The republican convention selected the following city committee: First ward, W. E. Shuman and A. S. Coates; Second ward, O. E. Elder and Dr. A. J. Ames; Third ward, M. F. Hosler and Ed Verillion. Ira L. Bare was re-elected chairman of the committee. The attendance at each of the conventions was small.

T. J. Foley Gets a Job.

The opinion that the Illinois Central will be dominated by the Union Pacific interests is strengthened by the official announcement of the appointment of T. J. Foley to be assistant to Vice President W. L. Park. Mr. Foley formerly was assistant general superintendent of the Union Pacific at Omaha and had charge of the terminals of that road at Omaha, Council Bluffs and South Omaha.
