Will Boost for Good Roads.

Twenty members of the automobile club met at the Commercial Club rooms Wednesday evening and discussed roads for two hours. The condition of the roads leading into North Platte was strongly denounced, or rather the lack of attention given roads after they have been graded. It was pointed out that the road leading from the south river bridge to the experimental farm could be put in good condition at a small cost by a blade machine; and Supt. Snyder, of the station, has offered pose. The road leading west, known as "Muldoon avenue," could also be put in good shape at a small expendition and the small expendition of the sm ture, and the road north of the north river is sadly in need of work. The automobile club announced its willingness to contribute a share of the money needed to improve these highways, A committee was appointed to boost for better roads, the membership of which is Messrs. McDonald, Weingand, Salisbury, Davis and Muldoon.
