In the fifteen round sparring contest at the opera house last evening between Malone of Denver and Bresnahan of Omaha, the latter was given the points. The boys went at each other in hammer and tong style from start to finish, displaying more cut and slash than science, and while they punched each other in face and body times without number neither received any great amount of punishment. Bresnahan proved the shiftiest fighter and possessed more science than did Malone. Less than the usual number witnessed the contest.

We desire to publicly express our grateful thanks to those who furnished automobiles and thus added greatly to the enjoyment of the delegates to the Christian convention. They all greatly appreciated the treat and were impressed with the beauty of our city and country and the hospitality and kindness of its citizens.

**Cut Out Local Train.**

Word reached the trainmaster's office yesterday that the proposed local train between North Platte and Sidney had been abandoned. Why this action has been taken is not definitely known, but it is supposed that the powers that be in the Chicago office of the Harriman lines concluded that it was an accommodation to the people that would not add much to the exchequer of the company; in other words that the public had gotten along without such a train for many years past and could get along without it in the future.

Supt. McKeown is said to have recognized the need of such a train, and had made out two schedules for the approval of the passenger department, one providing for the train leaving this terminal in the morning and arriving in the evening, the other schedule the reverse.

The proposed train would have been a great accommodation for the people, and that it has been abandoned will be universally regretted.

**Tenth District Convention N. C. M. S.**

During the last three days, the Christian church of North Platte has entertained the tenth district convention representing seven counties. In this district there are fourteen congregations, three of which were organized during the past year. There were eighty-five delegates and visitors present and some splendid reports were given of the work done during the past year. The new features introduced in this convention were the street parade Tuesday evening and the street services Wednesday and Thursday evenings and the auto ride. J. W. A. Baldwin, State Secy; L. C. Oberlies, Bible school Evangelist; Mr. Swigart, representing the Christian Reporter and Mrs. C. S. Willard, C. W. B. M. Secy. and Missionary; were among the visitors of the convention.

Tuesday evening E. M. Johnson, of Kearney, delivered the address. Wednesday morning the C. E. Supt. of the Dist. Miss Vasey, presided. Papers and discussions on topics of interest to endeavor workers, and an address by Evangelist Harry Knowles of Elm Creek were given. A rousing program in the interests of Bible School work, with many helpful suggestions, was presented in the afternoon session. The evening address was given by W. A. Baldwin, of Bethany, in which he presented the importance of evangelizing Nebraska.

Thursday morning Mrs. C. S. Willard had charge of the Christian Women's Board of Missions and also gave an interesting talk. The afternoon was devoted to business interests and an education address by Mr. Adams, field agent of Cotner University. In the evening Harry Knowles, of Elm Creek, gave a splendid presentation of "Our Plea." G. W. Darner, of Overton, the new district president, gave a short address. Mr. Moore in behalf of the convention presented the congregation, through its minister, a pair of solid walnut collection plates as a memento of their appreciation of their cordial reception and the untiring efforts of the congregation to minister to their comfort and enjoyment.

Revs. Porter and Williams, Secretary McAbee and Missionary W. W. Scott were introduced into the convention. The attendance was large at all the sessions and this was declared to be the best convention ever held in the district.

is the round package in red and yellow—entirely different in appearance, and equally different in effectiveness from other insect poisons offered in powder form. It isn't difficult to make a poison for insects. What requires skill and knowledge is in making a preparation that will actually destroy vermin on an animal and with no injury to the animal itself. Herein is where Lee's product is different. Ours is thoroughly effective as a destroyer of vermin and absolutely harmless to the chick. Watch for the yellow packages. **The Day of Re-covering Old Umbrellas is Past.**

Never again will you be compelled to wait three or four days to have your old umbrella frame recovered by an inefficient workman, and then possibly have a rusted rib break, and ruin your new cover.

Hull Brothers Umbrella Co. have announced through Saturday Evening Post and Woman's Home Companion that they will convert old umbrella handles into Hull handles with the detachable feature

**FREE**

They are enabling us to supply you with a new Hull base, (rod, rib and cover)—all at the mere price of re-covering your old umbrella.

They can do this because the frame of the average umbrella only costs 12 1/2 cents, and because they figure every person who once uses the Hull Umbrella, will forever discard their old umbrella and they will be simply repaid for their time, trouble and expense.

If you have an old umbrella in your home that needs re-covering, bring it to our store and in two or three days, we hand you the new style Hull with detachable and interchangeable handles.

When you have exchanged your old umbrella for this new style, the Hull umbrella, you will begin to enjoy uses and advantages which no other umbrella has ever given you before.

In fact, the Hull is going to make you discard the old umbrella for all time, so take advantage of this offer and bring your old umbrella to our store immediately.
