Lee's Insect Powder

is the round package in red and yellow—entirely different in appearance, and equally different in effectiveness from other insect poisons offered in powder form.

It isn't difficult to make a poison for insects. What requires skill and knowledge is in making a preparation that will actually destroy vermin on an animal and with no injury to the animal itself.

Herein is where Lee's product is different. Ours is thoroughly effective as a destroyer of vermin and absolutely harmless to the chick.
