The Hikers Return.
Secretary McAbee and his boy hikers returned Saturday evening from their cross-country trip to Hastings. At Elm Creek the horse pulling their equipment wagon, played out, and the boys were compelled to return from Elm Creek on the train. That they were compelled to do this was regretted by them, as they were anxious to march in to town with the same steady stride that marked their departure three weeks ago. The hikers spent the Fourth at Hastings, and the following day covered thirty miles which was the greatest distance covered in any one day, and was certainly a good record. The boys thoroughly enjoyed their tramp and took all inconveniences philosophically. During the trip they walked two hundred and fifty miles.

District Sabbath School Association.
The Sabbath school association of the North Platte district met at the Presbyterian church last Sunday afternoon. The attendance was not as large as was expected but the session was full of interest throughout.
Each department of the organized Sabbath school work was considered by its superintendent and a general discussion followed. Considerable interest and enthusiasm was developed and the convention marks a long step toward the complete grading of the district schools.
On motion each school in the North Platte district was requested to appoint two delegates to the county convention to be held at Sutherland, Nebr., on Saturday and Sunday, July 30th and 31st. Each school is also requested to send as many of its members as possible to the convention.

On motion the matter of raising the quota for the state work of the district was referred to each with the information that said quota was 5 cents per member. It is requested that said quota be given to the district treasurer before the county convention.
On report of the nominating committee, the following officers were elected for the coming year: Pres. R. B. Favoright; Vice-Pres., M. C. Johnson; Sec'y & Treas., Frank Elliott; Supt. Elementary Dept., Mrs. C. B. Harmon; Supt. Intermediate Dept., Miss Arna Kramph; Supt. Adult Dept., W. S. Porter; Home Dept., Mrs. B. L. Robinson; Temperance Dept., J. H. Success.
The flower of true success may be gathered only by discerning persons who want it more than they want any other thing and who seek it through all the days of all the years. It has no limitation, is of but one variety and may not be pressed and dried between the leaves of any book, even the Bible. Its name is character. It is not a rare flower, accessible to only the few, but it is modest, of quiet mien and hue and is often hidden by the foliage and gorgeous blossoms of more spectacular plants, so that the merely casual eyes of those who hurry along the life path seem to miss it altogether. It grows indoors and out, in all seasons and weathers, and may be plucked by the black hands of the miser as well as by the hands of those whose time is given to less rugged and daintier tasks. The man who gathers character gathers success, no matter how he may be rated by the commercial agencies.—Richard Wightman in Metropolitan Magazine.

Locked In With a Maniac.
The writer was once closeted with a patient whom he had no suspicion of being mad until the latter got out of bed, turned the key of the door and preferred a mild request to the writer to have his throat cut, handing him at the same time an open pocketknife, which he produced from underneath his pillow. I objected to the knife as being too small for the purpose and begged to be allowed to go for my case of amputating knives, with which, I explained, the operation could be performed with greater neatness and dispatch. He unlocked the door at once, binding me over to secrecy and urging me to lose no time in returning. I drove home, reported the case to the authorities and came back with assistance. He was secured with great difficulty and sent to the asylum.—London Tit-Bits.
