HUB CLOTHING DEPT.

Fred Garlow shipped eight carloads of cattle to South Omaha Sunday. Owing to the dry weather the pasturage at the ranch is very short, and on this account the herd is being decreased in number. Mr. Garlow accompanied the shipment.

Miss Marie McCabe entertained sixteen young people Friday evening in favor of Miss Margaret Jones. Cards proved the pleasant pastime of the evening at which Miss Helen Waltemath won the prize. Enjoyable refreshments were served at the close.

Miss Evelyn Daly was hostess at a delightful dinner party Sunday evening given in honor of her cousin, Miss Nell Gannon, of Victor, Iowa. The table decorations were cut flowers and the menu served in four courses was very much enjoyed. Covers were laid for ten.

Miss Irma Clinton pleasantly entertained a number of young ladies Friday afternoon in favor of Miss Matilda Garlich. Seven tables of 500 were formed and at that game Miss May Walker was most successful and was awarded the first prize, a cut glass flower basket, and the consolation was given to Miss Alice Wilcox. At five an enjoyable two course luncheon was served.

RINCKER'S BOOK STORE.

The county teachers' institute of Lincoln, Keith and Perkins counties opened yesterday morning with county superintendents, Mrs. Genevieve Richmond, of Keith county, Mrs. Stockton, of Perkins, and Superintendent Ebricht, of Lincoln in attendance, each with a large force of teachers. The sessions are being held in the forenoon at the Chautauqua and are of a purely educational nature. Besides the three counties present, there are a number of teachers from Garden and McPherson counties. In the afternoon the work is in charge of Miss Florence Norton, of the regular Chautauqua course, who gives a demonstrated lecture on The Art of Cooking. The institute will remain in session until Friday night. There will be two days of regular work next week, followed by examinations, Wednesday and Thursday and the normal will close Friday.

Boosting for North Platte.

The Tribune admires boosters and therefore extends congratulations to Mr. and Mrs. Phil Schwartz of the Third ward, who became the parents of twin boys Saturday. May the boys thrive and ever be a credit to the parents.

Re-District County.

In accordance with the announcement made in Friday's Tribune, the county commissioners have re-districted the county into commissioners districts. The lines are as published Friday, except that District No. 1 remains the same—being composed of the city and Hinman precinct.

By referring to the commissioner's proceedings published elsewhere the precincts constituting each district can be learned. We believe this re-districting will prove popular with the people.

Now Lives in Wrong District.

Wm. Diamond, of Hershey, was in town Friday and filed as a republican candidate for county commissioner for the Second district. On that day however, the county commissioners re-districted the county, which leaves Mr. Diamond in the Third instead of the Second district, and he cannot therefore be a candidate. Mr. Dymond can, if he so desires, look forward to the fall of 1911 and become a candidate to succeed Commissioner Walter.

The Hub

extends a cordial welcome to all Chautauqua visitors and all teachers. Come in and make yourselves at home. The stock of merchandise we carry will command your attention, while at this time we have many lots to close out at greatly reduced prices in dry goods, notions, shoes, millinery, ladies' wool and wash suits, children and misses' wash dresses, carpets, matting, rugs of all sizes and quality, men and boys' clothing and furnishings, trunks and valises. Remember this, that we do not mark up goods and then come down one-fourth or one-third, but we give you all reduction from regular prices.

Yours for Business, THE HUB.

IMMACULATE CONCEPTION ACADEMY.

Improvements Being Completed at this School at Hastings, Neb.

The Sisters of St. Dominic at the Immaculate Conception Academy, Hastings, Neb., are completing the building of their institution. The most modern improvements in the manner of lighting, heating, plumbing, etc., are installed. The school, in both the building itself and in the methods of educating, is patterned after the best schools in the country.

A modern and complete physical and chemical laboratory, and a new and thoroughly equipped gymnasium are among the additions to the educational departments. These will give the Academy a curriculum of Studies, that will compete with any in the State.

Miss Margaret Higgins, a graduate of Dr. Sargent's School of Physical Education at Harvard, Cambridge, Mass., is in charge of the physical department at the Academy. Besides the Swedish and German-American systems or gymnastics, indoor and outdoor basket ball captain ball, base ball, indoor and outdoor, social, aesthetic and folk dancing; fencing, club swinging, etc., will be taught.

There will also be a special corrective department for children with curvature of the spine, round shoulders drooping head, etc.

The work for boys and girls will be conducted separately and many contests and competitions in the various games will be held between the different classes.

The department is planned so that each child may get a certain per cent

of individual attention, also that the greatest benefit and enjoyment for the child may be obtained.

There will also be similar outside classes for the mothers and young ladies from surrounding towns.

No pains will be spared to make this an ideal convent boarding school for girls, and it is to be hoped that people of Nebraska will co-operate with the Sisters of St. Dominic to make this institution a success.
