It is to be regretted that the attendance was not larger.

From railroad men running into Cheyenne, it is learned that the condition of brakeman Will Johnson who was badly injured at Sidney Thursday, is not as serious as were supposed. Many cases come to us that should have gone to some optometrist years ago. Then considerable trouble could have been averted, and in many cases the sight of the eyes could have been saved. This is true in cases where one eye is so different from the other that it is thrown out of use, or where the vision is low in both eyes from extreme troubles of any description. Why did these patients not come to the optometrist before? Because the public are not educated as to what eye troubles are, and are simply ignorant of their own or their children's conditions. Many cases are kept away by fear of glasses or some venerable and much respected friend or relation has advised the patient never to wear glasses until after they are blind or sure they will be. We have all had these cases come to us and have labored with them, sometimes successfully and sometimes not, to get their eyes in shape to do work properly. I have had cases where people would be simply useless, a burden to themselves and their relatives, if it were not for glasses, and still they spoke of the glasses as a nuisance. Clinton, Jeweler and Optician.

Stagers Skeptics.

That a clean, nice, fragrant compound like Bucklan's Arnica Salve will instantly relieve a bad burn, scald, wound or ples, staggers skeptics. Boys Having Fine Time.

A card received at this office from Thoelecke, Rebhausen and McGovern, date at Encampment, Wyo., last Friday says: "We are having a fine time. Had uneventful trip from North Platte to Encampment, other than being caught in a little rain and hail storm near Laramie. We are killing plenty of small game and enjoying the finest of fishing. Have caught several rainbow trout weighing two pounds each. We go to Spratoga Monday thence to the mountains after big game."

The Religious Census.

The religious census taken in the city on Friday, as shown by the return cards of the enumerators, gave a total of 2959 church adherents. About five years ago the Langdon family moved to Paoni, Colo., where Mr. Langdon was interested in a fruit farm but later moved to Omaha where they have since made their home. Mrs. Langdon's illness had extended over several months and for several days her death had been hourly expected. Donahewer, of this city.

GOOD NEWS.

Many North Platte Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in North Platte are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more. Thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

August Ackerman, North Platte, Nebr., says: "For at least four or five years I suffered from sharp twinges and dull, heavy pains through the small of my back, directly above my kidneys. My kidneys were also disordered, the secretions from these organs being far too frequent in passage, obliging me to get up several times during the night. I was also subject to headaches and dizzy spells and about a year ago was much run down in health. When I heard Doan's Kidney Pills so highly recommended, I procured a box at McDonell & Graves' Drug Store, and I noticed an improvement after the first few doses. Thus encouraged, I continued using this remedy until I was restored to good health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co. Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no others.
