THAT'S the way a watch is constructed. A workman may be a skilled mechanic but know little about a watch.

Only an expert should be allowed to work on a watch—that's why you'll find only experts at work at our benches.

All of our watch repairers could pass the examination for a watch inspector for a railroad.

If you want expert watch repairing in every sense of the word, bring your watch to us.

Assignment of Teachers.

At the meeting of the Board of Education last Friday evening the following assignment of teachers was made. A number of new teachers, it will be noticed, have been employed to fill vacancies caused by resignations.

Supt., Wilson Tout, Music Supervisor, E. A. Garlich, Principal E. R. Schutz, Latin, Barbara Burt; Science, E. H. Flowers; Mathematics, Eileen Gantt; German, Gladys Welch; English, Edith Patterson; Commercial, Lucretia Davis. Central Grades—Principal, Sylvia Watts; first room, Florence Antonides. East School—Principal, Fern Stamp; first room, Agnes Thornton; second room, Fern Stamp; third room, Eileen Flynn. Washington School—Laura Murray, principal; first room, Maude Molleneaux; second room, Irene Wallner; third room, Nellie Workman; fourth room, Faye Brittain; fifth room, Charlotte Lowe; sixth room, Grace Allbee; seventh room, Laura Murray.

Lincoln School—Emma Smith, principal; first room, Susie Campbell; second room, Ella Blake; third room, Nell Hartman; fourth room, Beatrice Murphy; fifth room, Isabelle Cragie; sixth room, Emma Smith. Baker school, Ethel McVeay. Bratt school, Laura Pollock.

A Dollar a Vote.

It cost Lincoln county, in round numbers, one thousand dollars to hold the primary election last Tuesday. The total number of votes cast for all candidates for governor was 968. It therefore follows that each vote cost the county a little over one dollar. Fully one-half the votes cast were in North Platte. Subtracting the cost of the election for the three wards of the city and it is found that every vote cast in the country precincts cost two dollars. It therefore looks as though the primary election in counties so sparsely settled as Lincoln is hardly worth the cost. Of course this condition is not the fault of the law, but because the voters do not take sufficient interest to leave their work to go to the polling places.
