THAT'S the way a watch is constructed. A workman may be a skilled mechanic but know little about a watch.

Only an expert should be allowed to work on a watch—that's why you'll find only experts at work at our benches.

All of our watch repairers could pass the examination for a watch inspector for a railroad.

If you want expert watch repairing in every sense of the word, bring your watch to us.

### The Library Petitions.

Over two hundred residents have signed the petition requesting the board of education to lease to the city for a long period of years 66x66 feet of ground on the northeast corner of the high school grounds on which to erect the proposed Carnegie library. Signatures to this petition have not been urged, the object being to get a free-will expression of the people without undue influence, and those who do not favor the proposition can subscribe to a petition objecting to such action on the part of the board. Only one signature has been attached to this latter petition, but we learn that a remonstrance to the proposition is being circulated and signatures thereto are being asked on the grounds that Carnegie's money is "tainted"—that it has been accumulated by unfair methods—and therefore should not be accepted. This is merely a matter of sentiment. Carnegie has the money; more than he can use for personal expenditures; and he has selected this as one of the methods of getting it in circulation. Dozens of other cities and towns have been glad to receive these donations, why not North Platte? If North Platte does not accept, some other town will and Carnegie will not feel aggrieved. Can we afford to pass up this opportunity to secure a fine library building.

### Hawley-O'Brien Wedding.

A wedding which united two popular young people of this city occurred last evening when Miss Irene O'Brien, niece of Mr. and Mrs. Jas. Hart, became the bride of Mr. William Hawley. The ceremony was performed by Rev. S. F. Carroll, of St. Patrick's church, at his residence at five o'clock and was witnessed by only relatives of the young couple.

The bride was attired in a beautiful gown of white embroidery elaborately but tastefully trimmed in lace. She wore a large white hat and carried a shower bouquet of bride's roses. She was attended by Miss Josephine O'Hare who wore a dress of white silk mull trimmed in Baby Irish lace, with a black picture hat. She carried yellow chrysanthemums. The groom was attended by John Ell.

Following the wedding a reception was held at the Hart residence and between the hours of five and eight thirty, one hundred or more guests called and extended to the happy couple their congratulations and best wishes for a long and prosperous journey on their voyage of married life.

Throughout the house the decorations were in gold and green, elaborate and very beautiful. Golden rod and golden glow were used in profusion while numberless golden and green hearts suspended gave the rooms a charming effect. In the parlor a bower was prettily formed by pillars of gold and green with lattice work of the colored streamers entwined with sprays of asparagus and ferns. Under a brilliancy of colored lights and with a background of mirrors, the bridal couple stood and received the congratulations of the guests. In the dining room the golden glow was used in profusion, with streamers of hearts hung from the chandelier to the four corners of the table; the center piece being a bank of garden flowers. A very enjoyable two course lunch was served by the Misses Mary Guillaume, Genevieve Ottenstein, Anna O'Hare, Hazel Smith and Helen Wal'emath.

The gifts received included articles of furniture, linen, cut glass, china and silver, foremost of these being a silver service presented by railroad employees. The collection was a grand display of brilliancy and brightness.

The young couple, evading the shower of rice from the merry making crowd who were at the depot, left on No. 17 for a month's western trip, going direct to Tacoma, Washington, where they will visit relatives of the groom and later go to Portland and other coast points. Upon their return they will be at home at the residence on west Second street which the groom has recently purchased and furnished.

The bride has grown to young womanhood in this city and each day won additional friends by her friendly manner and pleasant, fun loving disposition. Mr. Hawley, is a steady, industrious young man, employed by the railroad company as night chief dispatcher, a position awarded him for faithful and efficient service as conductor, in which capacity he personally served. He is a favorite among his railroad associates and respected and esteemed by his friends.

Uniting with a host of friends and acquaintances, The Tribune extends hearty congratulations.

Out of town guests were Miss Julia Dunn, of Chicago, Mrs. Nick O'Brien, of Council Bluffs, Mrs. O. B. Whipple, of Sacramento, Cal., and Mr. and Mrs. George White and family, of Sutherland.

Miss Elsie Johnson will return this evening from a six weeks visit with relatives in Illinois.

### Withdraw Sewer Bids.

Tuesday evening was the date for receiving bids for the construction of sewer laterals in Districts F, P, G-4 and G-3 and a main sewer on A. St. The estimated cost of this work was about \$5,000, and the payment of the sum comes through taxation of the property for a period of four years, a certain percentage being assessed each year.

For the construction of this work two bids had been filed, one by Conrad Walker of this city, the other by a Mr. Burke of Kearney. After the bids had been filed, the bidders learned that the banks here—as well as at Kearney—would not discount or handle the certificates issued by the city, and as the bidders did not want to wait so long for their money, they both withdrew their bids.

The city will re-advertise for bids, hoping to be more successful next time.

### Two Deaths.

Two deaths occurred in the same house within a few minutes Monday evening. Helen, the three-year old daughter of Mr. and Mrs. Guy Shane, had just passed away and Mrs. D. D. Donaldson, from the next house, was engaged in arranging the body when death overtook her. Straightening up from her task the woman made some remark and suddenly fell, death being due to heart failure.—Sutherland Free Lance.

### Vote on State Senator.

The vote on state senator in thirteen of the sixteen counties in this district gives Hoagland 1280, Stewart 1072, McCabe 114, Holmes 85. This makes Mr Hoagland the republican nominee and Dr. McCabe the democratic standard bearer. They are both residents of North Platte and both good men.

Don't forget the special work ahead. Dr. White expects to begin with us about Sept. 20th. It will be a privilege to have such a noted man here.
