Diamonds have a market value that is always on the rise—they never drop in price—so there is never any such thing as a bargain Diamond. Of course there is a difference in the way some Jewelers buy diamonds—we for instance buy direct of the importer and cutter, thus saving you a middleman's profit. Off color diamonds are not sold by us at any price. We have a new importation awaiting your selection.

Do your diamonds need resetting? We do this work in our own shop.

### Two Jap Laborers Killed.

While employed on the work train at Dexter Saturday evening, two Jap laborers were killed, one instantly and the other dying a short time afterward.

At the time of the accident they were in the act of transferring rails from a car, by means of a hot air hoist to another car on a nearby track. A rail had been lifted and while yet suspended, became unbalanced and striking against the side of a car, swung around and striking the workmen with the ends hurled one of them with terrible force against the car, causing instant death and the other man was knocked to the ground causing injuries which resulted in his death shortly afterward.

The bodies were brought to the Ginn undertaking parlors in this city and an inquest held the following morning. All evidence show that the accident was due to the workmen not taking due caution of their own safety and not having in proper control the manipulation of the air hoist, thus exonerating all others from any blame or responsibility.

The funeral was held from the Ginn undertaking parlors yesterday morning and was attended by a large number of countrymen of the deceased. Interment was made in the North Platte cemetery.

### Young Man Dies.

Elmer Weaver a young man of about twenty-one years of age died at the Gould home in the Third Ward early Sunday morning from typhoid fever which was greatly aggravated by heart trouble, death following an illness of only a week. For some time past Mr. Weaver had been working on the Doebeke farm north of town and complaining of not feeling well, he was brought to town and taken to his brother's at the Gould home and received medical attention, all of which proved of no avail and death occurred about three o'clock.

Deceased, who was a nephew of Engineer John Weaver, of this city, has spent practically his whole life in or near North Platte and was known to many as a bright and promising young man. Of exemplary habits and strong character, his death is deeply regretted by his many friends. Besides his parents who reside at Kingsley, Mich., a brother, Jesse Weaver and a sister Mrs. Will Doebeke, both of this city, are left to mourn the loss of a son and brother.

Funeral services were held from the Gould home yesterday afternoon and interment in the Ellis cemetery north of town.

### Successful Church Year.

Rev. C. B. Harman and family expect to leave tomorrow evening for Beatrice to attend the synodical and the women's missionary conventions at that place and will be absent until the following Tuesday. Mrs. Harman goes as a delegate from the local society. There will be regular services at the Lutheran church next Sunday morning, the pulpit to be supplied by a Methodist minister attending the conference in our city. No evening service.

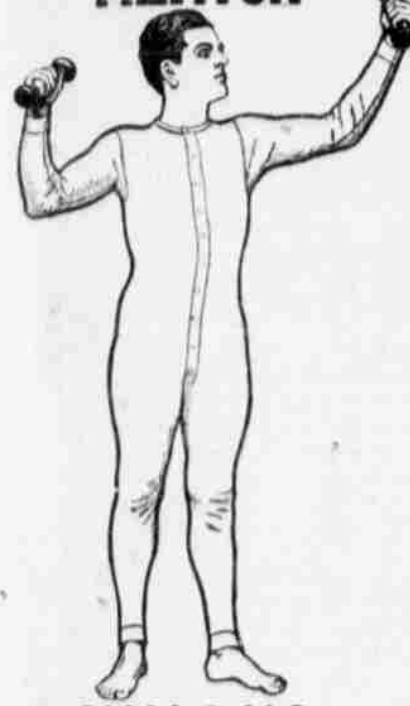

The Lutherans are grateful for another successful synodical year. The pastor can report to the synod that all bills are paid to date and money in the treasury. The amount of benevolences apportioned by synod has been cheerfully paid in full and a neat sum in excess. There have been thirty-six members added to the church as a result of personal work and catechization and as evidence of the efficiency of this method of stimulating individuals to public confession of christian faith. All the organizations have done commendable work and the missionary society expects to be represented by two delegates and probably one visitor at the synodical convention.

Weather forecast for North Platte and vicinity: Generally fair tonight and Wednesday. Maximum temperature yesterday 92, a year ago 77; minimum temperature this morning 62, a year ago.
