Fall Trade Active.

Merchants report fall trade as opening up in a very satisfactory manner and anticipate a big business this fall and winter. There seems to be no reason which such should not be true. Here in the city the railroad employes are making big checks, all other classes of labor is steadily employed, and the country residents who trade in North Platte are in a prosperous condition.

Patents for Land.

During the month of October fifty-one residents of Lincoln county received patents from the U. S. government for land upon which they had made final proof. These tracts of land varied from 160 to 640 acres. It will thus be seen that considerable bodies of land is being added each month to the taxable property of the county. The land taken as homesteads is not taxed until the patent is issued by the government.

Work Resumed.

Work on the Elks home, which had been postponed on account of non-arrival of mill work, was resumed this week. It is hoped to have the building completed by January 1st, and it is expected that the furniture will arrive about that time. Republican Meeting.

The republicans held a rally at the opera house Wednesday evening which was attended by an audience that filled the floor capacity of the hall. The speakers were Mr. George, candidate for state treasurer, Mr. Aldrich, candidate for governor, and Mr. Martin, candidate for attorney-general. Mr. Aldrich was the principal speaker, and as he is a ready and forceful speaker he held the close attention of his hearers. He touched on the several state issues before the people, dwelling at some length on railroad legislation, which had not injured the railroads but has proven of much benefit to the people. He emphatically denied that he had made certain remarks against railroad employes which the opposition said he had made.

Celebrate Wooden Wedding.

In honor of their fifth wedding, Mr. and Mrs. W. E. Shuman entertained a number of young married people at their home in the Trustees' Addition Tuesday evening.

The rooms were profusely decorated with carnations and brilliantly lighted making the house a scene of brightness and in keeping with the happy day of which it was the anniversary.

The entertaining features of the evening were two "wooden" contests. For writing the most fitting and appropriate telegram using the letters from the word "pyrography" as the initial letters, Mrs. W. E. Starr was awarded the prize, an article of burnt wood.

On a large pine board each guest was allotted a given space and time for burning a picture and in this M. E. Crosby displayed superior talent and as a reward was presented with a piece of pyrography.

Following these contests a very enjoyable three course lunch was served at small tables by Misses Alva Day, Virginia Bullard and Myrtle Beeler.

The guests were Messrs. and Mesdames W. E. Starr, M. E. Crosby, Ed Dickey, E. R. Goodman, C. F. Temple, Edgar Schiller, Clarke Buchanan, Earl Stamp, Howard Graham, K. D. Small and Mrs. G. A. Zentmeyer.

Last month 800 men applied for railroad positions at Cheyenne, nearly all of whom were given work to fill vacancies which existed in the shops and on the road caused by other employes quitting work. In these days when it is so easy to secure positions, employes do not long cling to their jobs.
