Howes-Arnold Wedding.

At the home of Mr. and Mrs. Samuel Howes on East Fifth street yesterday afternoon, occurred the marriage of their second daughter Mary Adelaide to Mr. Robt. A. Arnold, of Kearney, Neb.

The ceremony was performed in the presence of about fifty or more guests by Rev. C. F. Chapman, of the Episcopal church, who in a very simple but impressive manner made these two worthy young people man and wife, using the full ring service of the Episcopal church.

The bride was very prettily gowned in a dress of blue silk and carried a bouquet of white crysanthemums. She was attended by her sister, Miss Alice Howes who wore a dainty white dress of lawn trimmed with valenciennes lace and carried white carnations. Miss Irma Barraclough and May Howes acted as flower girls and were both dressed in white. The groom was attended by John Mang and the wedding march was played by George Wycherly, an uncle of the bride.

For the occasion the rooms were very prettily decorated with wedding balls and cut flowers, ferns and carnations being used in profusion.

Following the ceremony a very enjoyable three course luncheon was served at the dining table by Mrs. Guy Swope and Mrs. George Hart. In the evening a reception was held and during the hours from 8 to 10, friends of the young couple numbering one hundred called and extended to them their congratulations.

The young couple left last night for Kearney where they will remain for a short time before leaving for Denver and other western points which will include coast cities.

The bride has made her home in this city only a short time, coming here from England about a year ago but during that time she has won a host of friends and acquaintances by her friendly manner and pleasant disposition, who unite in extending their best wishes to the young couple.

Mr. Arnold is a young man of sterling qualities and has a large circle of friends. For sometime past he has been engaged in live stock commission business with headquarters at Kearney but if conditions are favorable he will locate at Portland.

You economical women who buy Corsets for a dollar or two

Don't you know that's false economy? Let us tell you about a REAL bargain.

When front laced corsets were first placed on the market at \$25 they were purchased only by the millionaire class. Later when the \$15 corset made its appearance women sought them because, even though considered a luxury, they were recognized as the one corset that combined style and healthful comfort. Then when the \$12, \$8 and \$5 Gossard was offered many women eagerly accepted the opportunity to secure the corset that until then had seemed beyond their reach.

THE Gossard CORSETS
They're in Front!

NOW, when you can get true Gossard principals of corsetry, with the distinctive features of the Gossard front lacing, the habit back and the hygienic comfort combined, and the same beautiful lines for which formerly \$25 was cheerfully paid—for only \$3.50—doesn't it seem absurd to even think of another make?

Suppose you HAVE felt that \$2 was your limit to pay for a corset. Be honest. Has it been satisfactory? Has it kept the lines that looked good to you when you bought it? Has it worn well? Has it been comfortable? Was it fitted by an expert corset fitter whose experience proved of valued aid in knowing the particular model for your style of figure? Haven't you sometimes wondered why some women had such perfect poise, could stoop and exercise without having a steel break and dig into them, why their clothes fitted so well, especially why their backs looked so good? Didn't it ever dawn on you that it is the Gossard that does all this and more?

A Gossard at \$3.50 is true economy, but it's not cheap in the true sense of the word, for there is nothing tawdry about it. The materials are the best there are on the market for the money.

The model illustrated conforms to the present styles and the workmanship shows the Gossard precision of details and accuracy of boning. Boned with Electric boning, which is as strong as steel, yet more pliable than whalebone.

Here is an opportunity waiting for you. Be fitted by one of our experienced corsetiers who is acquainted with every detail of corset fitting from a fashionable and hygienic standpoint. The same courteous attention given to the \$3.50 fitting as to a \$25 one. Other models from \$5 to \$25. Come and see for yourself.

The "Miller-Made" Adjustable Collar Overcoat.

WE call it a trick coat, because it will turn many a young chap's sorrow into gladness. The collar can be worn in the high fold style, which will balk cold blasts on wintry days, and then again it can be turned down flat in the regular ulster fashion, which gives an "air" of jauntness and prosperity.

It's hard to figure out how a designer was skilful enough to plan an overcoat with a convertible collar, but it's easy to see why he did it—he knew the surest, slickest way to a man's heart was to show him the unusual—the "classy".

But the collar is just an incident like all of the crisp, practical features in "MILLER-MADE" OVERCOATS. There is a certain grace to the lapels that bespeaks careful hand work—there's a poise to the whole garment which will immediately attract the interest of those who appreciate good style.

The fabrics from which adjustable collar "Miller-Made" coat are constructed are finely woven and exclusively patterned—they are delightful to look at and will wear satisfactorily. Lest reading about these unusual coats has given you the impression that they are high-priced, we'll say they are low—very low indeed.

The adjustable collar coat is easy to wear. The collar is the whole thing. NO HOOKS AND EYES. Tuck in lapel and button it and you have changed from one style to another. A regular two-collar any weather coat. Yours is ready.
