# The Good Work Still Goes On....

The Green Tag Sale at The Leader will close Saturday night, December 10th. This sale has been a wonderful success for The Leader, in fact the most successful one the establishment ever held. Not only has the sale been a success for The Leader, but it has proven a great boon for thousands of purchasers who have secured reliable merchandise at extremely low prices.

This sale is continued longer than announced on account of the fact that many persons living at a distance have written that they desire to take advantage of this sale to purchase their winter supply of goods, but could not come to North Platte just at this time.

The Christmas shopping time is now here. Take advantage of The Leader's big reductions in prices to secure useful Christmas gifts.

### North Platte Cleans York.

Today's Bee gives the following account of the foot ball game yesterday at York between the North Platte and York teams:

North Platte evened up the defeat administered by York two years ago by defeating York in a hotly contested game by the score of 9 to 0. York was unfortunate in having injured players, Beaver and Blood, two stars, laid up with injuries. Weidman was knocked senseless and carried from the field suffering most painful injuries. Having used all substitutes, York was forced to put in Lee Scott, a high school student, who had not played for two years. North Platte played with a rush from the start, and after the kick-off in five minutes by the old criss-cross end-run play and line-bucking Halligan made a touch down. After this York braced, forcing North Platte to punt, but North Platte's back held York when York made gains by use of the forward pass. During the first and second quarters, although the ball was in York's territory, neither side could make goal.

When time was called after the first play in the second half Weidman was knocked out and then Lee Scott volunteered for York. The ball was brought within thirty-five yards of the goal, when Scott, for York missed a drop kick for goal. North Platte by end runs and a forward pass secured position, attempting and failed to kick goal from field. York carried the ball down the field and lost on downs within two feet of goal.

North Platte punted. York was forced to punt. North Platte from the thirty-yard line made a place kick for goal within three minutes of time.

A recording-breaking crowd attended the game.

For Sale—Some fine Plymouth Rock roosters. John Tillion.

You economical women who buy Corsets for a dollar or two

Don't you know that's false economy? Let us tell you about a REAL bargain.

When front laced corsets were first placed on the market at \$25 they were purchased only by the millionaire class. Later when the \$15 corset made its appearance women sought them because, even though considered a luxury, they were recognized as the one corset that combined style and healthful comfort. Then when the \$12, \$8 and \$5 Gossard was offered many women eagerly accepted the opportunity to secure the corset that until then had seemed beyond their reach.

THE  
**Gossard**  
CORSETS  
They lace in front.

NOW, when you can get true Gossard principals of corsetry, with the distinctive features of the Gossard front lacing, the habit back and the hygienic comfort combined, and the same beautiful lines for which formerly \$25 was cheerfully paid—for only \$3.50—doesn't it seem absurd to even think of another make?

Suppose you HAVE felt that \$2 was your limit to pay for a corset. Be honest. Has it been satisfactory? Has it kept the lines that looked good to you when you bought it? Has it worn well? Has it been comfortable? Was it fitted by an expert corset fitter whose experience proved of valued aid in knowing the particular model for your style of figure? Have you sometimes wondered why some women had such perfect poise, could stoop and exercise without having a steel break and dig into them, why their clothes fitted so well, especially why their backs looked so good? Didn't it ever dawn on you that it is the Gossard that does all this and more?

A Gossard at \$3.50 is true economy, but it's not cheap in the true sense of the word, for there is nothing tawdry about it. The materials are the best there are on the market for the money.

The model illustrated conforms to the present styles and the workmanship shows the Gossard precision of details and accuracy of boning. Boned with Electric boning, which is as strong as steel, yet more pliable than whalebone.

Here is an opportunity waiting for you. Be fitted by one of our experienced corsetiers who is acquainted with every detail of corset fitting from a fashionable and hygienic standpoint. The same courteous attention given to the \$3.50 fitting as to a \$25 one. Other models from \$5 to \$25. Come and see for yourself.
